

Accused Philadelphia Man Attempted Suicide

New York, April 20.—Benedict Gimbel, a Philadelphia merchant, whose arrest on grave charges here was followed by an attempt to commit suicide in Hoboken passed a fairly comfortable night in St. Mary's Hospital. The Hoboken doctors have hopes that he will recover. Gimbel was arrested while going to a New York resort with a crippled boy.

Gimbel's wife and brothers remained close to the hospital during the night.

In a statement issued by the family it is announced that Gimbel has been in poor health and at times his mind has been blank.

Gimbel's arraignment in the police court will necessarily be postponed pending the result of his injuries.

Mrs. Gimbel Talks.

Mrs. Benedict Gimbel, who was with her husband today, said:

"My husband has been a crazy man for a year and was insane when he attempted to kill himself."

"I did not want Mr. Gimbel to come to New York," continued Mrs. Gimbel, "because I realized he had been acting queerly for a long time."

"We know he is absolutely innocent of the charges against him, and we intend to fight them to the end. It is evident that blackmailers were informed of his mental condition and have preyed upon him for money."

WILL FURNISH MINUTES

Minutes of Conference to be Presented to Interstate Commerce Commission.

Washington, April 20.—The production of the minutes of the 1905 conference between the Suez and Pacific ocean steamship lines, which resulted in the alleged agreement on the rates on cotton fabrics to the Orient, resulted in reopening the case in which these rates are complained of before the interstate commerce commission.

To show this, they agreed to furnish the minutes of the conference. These minutes were produced by William Boyd, of New York.

Attorney Sthall, representing the complainants offered to submit the case without argument, but representatives of the railroads desired to be heard and the commission set May 14, next, to hear the argument.

GIRL MOUNTAIN GUIDE

Member of Noted Pennsylvania Family Adopts Unique Vocation

Lake of the Woods, N. Y., April 22.—"I do not see why it should follow because one happens to be a girl college graduate that she should cling forever to the cities and hold only to the vocations and avocations which are considered as peculiarly belonging to her sex. Therefore, I cannot see why so much ado is made about me—a very ordinary girl—simply because I love nature so passionately that I wish to be always in touch with her and because I am going to act, for the coming season at least, as a guide through the magnificent wilds of Northern New York."

The foregoing is a statement made today by Miss Ella Marion Young, formerly of Philadelphia, and a direct descendant of Ethan Allen, of Revolutionary fame.

For the last three years she has been a nomadic resident of half a dozen villages in the Adirondacks and along the shores of the St. Lawrence.

Miss Young is at present occupying a little rustic cottage belonging to her brother-in-law, Dr. John A. Miller, of Atlanta, and situated upon Green Island, in the Lake of the Woods.

An announcement appearing recently in a local paper stated that Miss Young would act in the capacity of guide during the coming season, and the girls of a score of villages whispered and wondered. But now they know Miss Young "means business."

Dr. William H. Young, Miss Young's father, was a prominent surgeon of Philadelphia, and at once a professor of medicine at the University of Pennsylvania. He died a widower in 1901, leaving a comfortable fortune to his daughter.

SHELTON AGAIN RESPITED.

Respite Refused and Granted Both in One Day—Playing With a Life.

Columbia, S. C., April 19.—After having refused yesterday morning to intercede with the sentence of the court Governor Ansel late yesterday afternoon granted a respite of two weeks to John Shelton, who was sentenced to be hanged today at Spartanburg.

The negro's life has been played with for a year in a strange and mysterious fashion.

In response to a letter from Attorney C. P. Sims of Spartanburg, received yesterday morning, Governor Ansel called up Mr. Sims on the telephone before noon and informed him that he had refused to grant the request in his letter for a respite or commutation and then he wrote Mr. Sims to the same effect. In the afternoon after a consultation with Chief Justice Pope, who had granted a stay of execution until today, after Governor Ansel had previously refused to interfere, two months ago, the Governor consented to grant a respite until Friday, May 3.

It would seem that if anything tangible is to be done in this negro's behalf it should certainly be done within the next two weeks.

NEGRO CRIMINAL GETS TEN YEARS

Wadesboro, April 19.—The Ansonian has moved its office. The paper is now published on the corner of Wade and Morgan streets.

Blue, the noted blockader of Richmond county, was fined \$3,500 for blockading by Judge Council last week. We verily believe that a sentence of six months on the roads would have been better and ultimately accomplished more good in the end.

Cotton is bringing on this market 11.25.

It is now thought that a large majority of the old vets in this county will attend the reunion in Richmond, Va., the latter part of May and the first of June. Most of the boys in Anson fought in the battles around Richmond and this makes the desire stronger to go there. Anson camp may charter a car for its use. A call for a contribution to help pay the way of those who are unable to pay will be made on our people. I have no doubt but that a generous response would be made to such an appeal.

Mr. and Mrs. J. J. Hendley, of Charlotte, is visiting friends near Wadesboro.

FORTUNE TELLER CHASED.

Angry Citizens Thought He Had Evil Designs and Almost Lynch Him.

Spartanburg, S. C., April 20.—Fred Ford, a fortune teller and peddler of spectacles, who claims Shelby, N. C., as his home, is being given a preliminary hearing before Magistrate A. H. Kirby on the charge of assault and battery, laying hands on Miss Spawm, a cripple, who lives with her aged mother, a widow, at the Saxon Mill village. Ford after being arrested narrowly escaped violence at the hands of angry citizens of Saxon, who chased him a long distance, and the prompt arrival of President J. A. Law, of Saxon Mill, no doubt saved Ford's life.

Several days ago Ford went to the home of Mrs. Spawm and finding Miss Spawm alone offered to tell her fortune, at the same time laying his hand on her arms. She became frightened and made an outcry and neighbors rushed to her home to render aid. Ford became frightened and made a dash out of the house. He was followed by a large crowd and after a chase of a mile was captured. President Law followed the mob in his buggy and his timely arrival saved the day for Ford, for the crowd of citizens believed that Ford had attempted evil designs when he laid hands on the woman. This charge he denies, claiming he only wanted to tell her fortune.

Important Invention.

Union, S. C., April 19.—Mr. N. S. Tramel, who is in charge of the spinning department of the Excelsior Knitting Mills, has invented a "knock off motion" machine.

This invention will be able to stop any machinery or machine that may be running at any time when it is desirable to have the machine stopped immediately.

Mr. Tramel has been made several attractive offers by persons to go in with him and obtain a patent, but as yet he has not decided what course he will pursue.

It seems, of all persons, Mr. Tramel should be exceptionally good authority, and be able to put on the market the best "knock off" machine known, for it will be recalled that only a few months ago he acquired national notoriety through his ability to "knock off" and "keep off" two men, a man and his son, who held him up at the point of a gun, and by his alertness, coolness and nerve was able to disarm them both without injuring himself or disabling them.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. President Entertained Trinity Ball Team

Washington, D. C., April 22.—The President gave a special reception to members of the baseball team of Trinity College, Durham, N. C.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach a needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by C. M. Shuford and W. S. Martin.

A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del.

Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by Shuford Drug Co.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobacco, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

CATARRH BLOOD DISEASED AND SYSTEM DISORDERED

Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucous dropping back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarrh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and affected by this disease. It is a waste of time to try to cure Catarrh with sprays, washes, inhalations, etc. Such treatment does not reach the blood, and can, therefore, do nothing more than temporarily relieve the discomfort of the trouble. To cure Catarrh permanently the blood must be thoroughly purified and the system cleansed of all poisons, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure, fresh and healthy. Then the inflamed membranes begin to heal, the head is loosened and cleared, the hawking and spitting cease, every symptom disappears, the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. If you are suffering with Catarrh begin the use of S. S. S. and write us a statement of your case and our physicians will send you literature about Catarrh, and give you special medical advice without charge. S. S. S. is for sale at all first class drug stores.
