

# HAPPY WOMEN PRAISE PE-RU-NA

It Is Works, Not Words, That Has Made Pe-ru-na Famous Throughout the Land.

The miss and the matron alike praise Peruna. Girls and women have all discovered the value of Peruna. The Miss and Mrs. have been ill, each in her own peculiar way, and have found relief by taking Peruna.

Fair girls and beautiful women, frail daughters and ailing mothers everywhere have taken Peruna and know its value in the relief of ailments peculiar to their sex. From the grandmother to the girl babe the gentler sex are under numerous obligations to Peruna.

All this being true and the woman does not hesitate to tell it, her words win the confidence of other women, and thus the fame of Peruna spreads from household to household, until millions of homes acknowledge Peruna as their favorite and reliable family medicine.

Peruna is good for many minor ills. It can be relied upon to mitigate the many disagreeable effects of colds and irregularities so common among women. All the ailments of a catarrhal nature belong within the scope of Peruna's remedial action.

Peruna cured me in a very short time.

MRS. SOPHIA CALDWELL

Mrs. Sophia Caldwell, 1122 McGavock street, Nashville, Tenn., writes:

"After doctoring for a year and finding no relief from leucorrhoea resulting from prolapsus uteri, and which was sapping my life forces away, I finally tried Peruna and when I found that it was helping me every day it seemed almost too good to be true.

"But, it not only helped me, it cured me and in a very short time. I am now enjoying the best of health. I am strong and free from pain, and I certainly feel that all praise and honor are due to Peruna."

Peruna has made me well and happy girl.

MISS ANNIE HENDREN

Miss Annie Hendren, Rocklyn, Wash., writes: "I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Manalin. I can now do all of my work in the house, milk the cows, take care of the milk, and so forth.

"I think Peruna is the most wonderful medicine. I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good. Peruna has made me a well and happy girl. I can never say too much for Peruna."

"I suffered with female troubles for thirteen years, and tried the best doctors in Louisville, Ky., without relief. I spent thousands of dollars at the Springs. The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to. I saw an advertisement of your Peruna and bought one bottle, and before I had taken it all I could get out of bed and walk about. After taking three bottles I was as well and hearty as ever. I gained in flesh from one hundred and eighteen to one hundred and eighty-

six pounds. If it had not been for your great and wonderful medicine I would now be in my grave. I would advise all women sufferers to try it. I would not be without it for the world."—Anna Munden, Hollygrove, Ark.

"I was troubled with very serious pelvic weakness, which exhausted me so that I feared I would lose my mind. I suffered agonily with my back, the pain extending down my left leg. The pain was so severe that I would have welcomed death as a relief. Peruna cured me of this trouble,—no wonder I recom-

mend it so highly. It will soon be two years since I found relief from the pain and not a sign of it has returned. I am glad that there is a way in which I can speak of this, as many a sufferer may read my testimonial, and not only read, but believe."—Mrs. Wm. Henderson, Craik, N. W. T., Can.

"I feel it my duty to write and tell you of the good Peruna has done me. I was subject to female weakness. For six years I suffered more or less. We consulted various doctors, who gave me relief, but no cure. I have suffered a great deal, and my husband had very large bills to pay.

"In my despair I decided to try Peruna, and the first bottle taken according to your directions gave me relief. I have had no backset since then. Since we have used Peruna, a doctor has seldom been in our house."—Mrs. Martha Fredrich, Central Park, L. I., N. Y.

Greensboro, N. C., April 29.—All arrangements for the entertainment of the visitors to the meeting of the great Council of Red Men, to be held here May 1 are complete. The meeting will be held in the assembly hall of the Benbow Hotel and an interesting program has been arranged. The address of welcome will be delivered by Mayor T. J. Murphy. Wednesday a big barbecue will be given at Lindsey Park by Eno Tribe No. 61 of Revolution. In the state there are about seventy-five tribes and the total membership in North Carolina is more than 4,000. It is expected that at least 150 delegates will attend the meeting. At a meeting Saturday night reports from the different committees were heard, and from the elaborate preparations being made, the event bids fair to be a notable one. The Committee on Arrangements of which Mr. E. G. West is chairman are confident of giving the noble order of Red Men the time of their lives.

Policeman Jones last night arrested a negro named Will Powell. The officers caught him in the act of shaking the door of a store on South Elm as if he was testing its strength. In a pocket of the suspect was found a pistol. He was searched, and a forged check for \$18.75, made payable to John Jones and signed Farris Kluts Drug Co. was found. Powell claimed he purchased the check from another negro for two dollars. Powell is from Lenoir.

U. S. Deputy Marshal Millikan arrested Saturday in Orange county a blockader, whom the officers have been looking for for some time. The man's name is Frank Wilson and he is indicted for alleged illicit distilling in both Person and Orange counties. He is said to have operated stills in both counties recently, changing his residence from Person to Orange. Wilson was locked up in Hillsboro jail yesterday, but expects to give bond.

## Cases of Southern Mills Vs. Rwy's Were Argued

Washington, D. C., April 30.—Three cases, involving freight rates on cotton piece goods and cotton waste from points in the South to New York and other Eastern points, were argued before the Interstate Commerce Commission.

The cases are those of the Warren Manufacturing Company and others of Warrentonville, S. C., against the Southern Railway, the Clyde Steamship S. C., against the Riverside Mills, of Augusta, Ga., and the Southern, Mr. R. J. Southall, of Augusta, represented all of the complainants.

The contention in each case was about the same. It was that the rates were unreasonable in comparison with those on other classes of goods.

Briefs were filed and the case will be taken under consideration.

## A METHODIST RECEPTION.

[Night of April twenty-fifth, 1907.] The Methodists had a reception and every thing was arranged just right.

To see the merry boys and girls, Was a most glorious sight. There were old folks and young folks A most good-natured lot. And some thing else wasn't missing; It was the Coffee Pot.

But there was one "thing" missing That couldn't be found anywhere. This was the shapely, hairless head, Of the Hon. J. F. Ware.

You know, without him, Things seem mighty slow, And many might have seemed the hours, Before it was time to go.

We found him out, however, But he said that he couldn't come; That he'd rather stay and talk With his wife and boy at home.

But this didn't break up the good time For the pastor and his wife were there. And there was Mr. Anderson, too, With his pretty, smooth, coat of hair.

Later, Mr. Ware came in Loking very sad; Said that he was thinking of what he'd missed And the good times that we had had.

We didn't stay much longer, For it was getting late; But we did retire to the dining-room, And there, received a plate.

This plate consisted of Shredded wheat biscuit, sweet peas and dressing; Then coffee, cakes and strawberries, and there wasn't anything missing.

The waitresses were daintily dressed, and looked so sweet and bright. That long will be remembered. The reception of Thursday night.

## Weight of Men on Mars.

The average weight of man is 140 pounds, but the force of gravity on Mars is so much less than on earth that the 140 pound man would weigh only 53 pounds if transported thither. With such light weight and still retaining the same strength, an individual would be able to run with the speed of an express train, go skipping over ten foot walls, and do various other extraordinary things. On the moon a man would be even lighter.

But on the sun our 140 pound man would have his troubles. Instead of being an airy individual he would weigh a ton and three-quarters. He probably would have the greatest difficulty in raising his hand, for that member would weigh 300 pounds.

According to scientific computation a man who on the earth weighs 140 pounds would go to the other celestial bodies with the following weights: Moon, 23; Mars, 53; Venus, 114; Mercury, 119; Neptune, 123; Uranus, 130; earth, 140; Saturn, 165; Jupiter, 371; sun, 3,371.
