

Tired Nervous Women Make Unhappy Homes

MRS. NELLIE MAKHAM

MRS. GEO. A. JAMES

A nervous irritable woman, often on the verge of hysterics, is a source of misery to everyone who comes under her influence, and unhappy and miserable herself.

Such women not only drive husbands from home but are wholly unfit to govern children.

The ills of women act like a fire brand upon the nerves, consequently seven-tenths of the nervous prostration, nervous despondency, the "blues", sleeplessness, and nervous irritability of women arise from some organic derangement.

Do you experience fits of depression with restlessness alternating with extreme irritability? Do you suffer from pains in the abdominal region, headache, bearing-down pains, nervous dyspepsia, sleeplessness, and almost continually cross and snappy? If so, your nerves are in a shattered condition and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous troubles of women than Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Thousands and thousands of women can testify to this fact.

Mrs. Nellie Makham, of 151 Morgan St., Buffalo, N. Y., writes:—

Dear Mrs. Pinkham:—

"I was a wreck from nervous prostration.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Women's ills.

I suffered so I did not care what became of me, and my family despaired of my recovery. Physicians failed to help me. I was urged to try Lydia E. Pinkham's Vegetable Compound and I want to tell you that it has entirely cured me. I think it is the finest medicine on earth, and I am recommending it to all my friends and acquaintances.

Mrs. Geo. A. James, a life long resident of Fredonia, N. Y., writes:

Dear Mrs. Pinkham:—

"I was in a terribly run down condition and had nervous prostration caused by female trouble, in fact I had not been well since my children were born. This condition worked on my nerves and I was irritable and miserable. I had tried many remedies without getting much help but Lydia E. Pinkham's Vegetable Compound brought me back to health and strength. It has also carried me safely through the 'Change of Life'. I cannot too strongly recommend your medicine."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to communicate promptly with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering as they imagine, one from disease, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better in the process of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly safe, being free of effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out", "run-down", debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls", house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, dizziness, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and alleviates anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorates the stomach, liver and bowels. One to three a dose. Easy to take as candy.

EXPLAINING THE VALUE OF AN FIRE INSURANCE POLICY.

Why, explanation on a point like this seems almost superfluous.

What you want is THE POLICY.

Be sure of your insurance. Don't trust to luck.

No prudent business man does in insurance matters.

Clinard and Lyerly.

SHORT TALKS BY L. T. COOPER.

DEBILITY.

Many people who talk to me say: "I feel half sick all the time. I don't just know what's the matter with me."

This is general debility. It's very common. People who get in this shape have my sympathy. They aren't sick enough for bed so they drag around and their families get exasperated with them.

There are two causes for this condition; bad habits and a weak stomach. By bad habits I mean eating irregularly and too fast and not chewing the food thoroughly. The stomach gives out and loss of appetite, biliousness, constipation, and general debility result. First get the stomach in shape and then be more careful in the future, and the worn out, despondent, half sick feeling will be a thing of the past.

Two bottles of Cooper's New Discovery will put the stomach in shape. Common sense will do the rest. There are fifty thousand people in this country who know this to be true because they've tried it. Here's a letter from one of them: "I was all run down from overwork, lost ambition and energy and could not sleep. It was difficult for me to attend to my work owing to that tired-out feeling. I secured two bottles of the New Discovery medicine and determined to try it. The result delighted me for renewed strength and vigor and energy came with the first few doses. It's effect was different from anything I had ever taken. I finished the two bottles now and feel well and strong again." L. T. Cooper, 839 Dix Ave., Detroit, Mich.

We hear favorable reports of these famous medicines every day. Ask us about them.

Mr. Clay Moody spent Sunday in the valley.

The S. S. at Dutch Creek is progressing nicely.

Mrs. Abel Herman, has been right sick for the past week but is slowly improving.

Miss Beaulah Dobbin has returned home from Wilkesboro where she had been attending school.

Mr. Martin Heaman called on his very best girl Sunday P. M.

Mrs. J. Townsend and son made a trip to Banner Elk to-day.

Mrs. T. H. Taylor is visiting her sister Mrs. J. Moore in Lenoir.

Mrs. Lee-Tester is visiting her parents Mr. and Mrs. J. Thomas of St. Jude this week.

Mrs. Emma Robbins and little daughter Mary spent Tuesday with Mrs. Alice Baird.

Quarrelled With the Choir.

Two or three weeks ago there was a great row in the First Presbyterian church at Huntington Long Island, on account of the volunteer choir, which had been conducting the praise part of the services there ever so many years without money and without price. The organist has been playing the organ in this church for thirty-six years for the pitiful sum of \$200 a year, and the choir, which is composed of three sopranos, three altos, three tenors, and one basso, has been singing, some of them for twenty years. There has been a good deal of talk about the music and a great many mean things have been said about the singing. The community appears to be a very gossip sort of neighborhood, and in the sewing society and other related organizations the choir was thoroughly disgusted. Naturally all that was said about the singers reached their ears, and on Sunday three weeks ago they resigned, because the Session of the church had indicated that two anthems by the choir at one service were rather more than the congregation could stand, whereupon the choir resigned in a body, to be followed the Sunday after by the organist. When a particularly devout member of the church was asked the day after the services had been conducted without music "What is the church going to do for a choir now he replied I don't know and to speak the truth I don't give a d—n.

Borrowed Fun.

Johnny: "Pa, may I ask you a question?" Pa: "Certainly, my son." Johnny: "Where is the wind when it doesn't blow?"

"Which would you rather be, Willie, a monkey or a giraffe." "Giraffe, everytime. It would be fine in the summer time for looking over the base ball fence."

"Bobby," said a father to his small son who had been fishing all afternoon, "did you catch any fish?" "No Sir," replied truthfully Bobby, "but I drowned a lot of worms."

Judge to colored prisoner: "Are you the defendant?" "No Sir, Boss, I've got a lawyer to do de fenden. I've de gentleman what stole de goods."

How come de ole Deacon sings "Heaven is my home, ever time he sees de collection hat gwine around?" Dat's ter put 'em on notice dat he's out er de jurisdiction er dat hat."

"Dat's is fine a goose as I eber saw, Brudder Williams," the parson said to his host. "Where did you get such a fine one?" "Well now, Mistah Rawley" said the owner of the goods with a sudden access of dignity, "When you preach a special good sermon I never axes you where you got it. Seems to me dat's a trival matter anyway."

Speech.

And the world is full of children, O so many and so fair!

Like the sunbeams as they sparkle on the sea;

But here's room for all the Children in the Father's tender care.

And there is room in his heart for me.

—Children's Visitor.

It is said there are sixty-five children in our Sunday-school for every one hundred church members. There ought to be as many or more in the Sunday-school as there are members of the church.

Mamie had a bright silver dollar given her. She asked her papa to change it into dimes.

"What is that for dear?" he asked.

"So I can get the Lord's part out of it." And when she got it into smaller coins she paid out one of the ten.

"There! I will keep that until Sunday."

When Sunday came, she went to the box of offerings in the church vestibule, and dropped in two dimes.

"Why," said her father, as he heard the last one jingle in, "I thought you gave ONE-TENTH to the Lord."

"I said one-tenth belongs to him, and I can't give him what is his own, so if I give him anything I have to give him what is mine.—Selected.

Ice, Ice, Ice.

Every family in Hickory should use ice because it is being sold cheaper in Hickory than in any other city in North Carolina.

The Hickory Ice and Coal Co., will supply ice free of charge for one week to any family in Hickory that purchases a refrigerator, not now having one.

JAMESTOWN EXPOSITION

Norfolk, Va., April 26th-Nov 30th, 1907.
