

The Noted Eddy Case Taken Up

Concord, N. H., June 10.—The right of the "Next Friends" to bring suit for an accounting of the property of Mrs. Mary Baker G. Eddy, founder and leader of the Christian Science religion, was the question Judge Chamberlain of the Merrimack Superior Court, was called upon to consider.

Streeter appeared in a double capacity of counsel for the trustees and counsel for Mrs. Eddy.

The motion was for a dismissal of the suit of the "Next Friends" and a discontinuance of the equity proceedings against Frye and nine other defendants.

Action was asked on the ground it was not brought in good faith, that Mrs. Eddy is competent to attend to her own affairs and that her property is well managed.

The "Next Friends" in their bill in equity, alleged Mrs. Eddy is at the mercy of the clique of the Christian Science Church and her property is being diverted by such clique to its own ends.

Mrs. Eddy's Competency. Judge Chamberlain ordered Mrs. Eddy's competency determined by a master in connection with the action brought by the relatives for an accounting of her property.

SURE OF VOTE IN OKLAHOMA

Declared Injunction Against Fall Election Won't Hold.

Guthrie, Okla., June 10.—Judge W. A. Ledbetter, attorney for the Constitutional Convention before the Oklahoma Supreme Court, declared that the decision of Judge John L. Hancock granting an injunction preventing the holding of a constitutional election will not be sustained by the Territorial Supreme Court.

The opposition will carry the case to the Federal Supreme Court, but Ledbetter maintains, in taking the appeal, it will not be able, under the law, to keep the injunction alive, and, in the meantime, an election will be called by Governor Frantz and held.

The issuing of a proclamation by President Murray, of the Constitutional convention, Judge Ledbetter declares, would be illegal. Murray, however, says he will issue his election proclamation to-morrow, so that 60 days will intervene before the election, on August 6. Murray holds that it is responsible to the Constitutional Convention in that it empowered him to issue the proclamation in sufficient time, in case Governor Frantz did not act.

AYERS DEFENDS WIFE.

West Point, N. Y., June 10.—Lieutenant Col. Charles G. Ayres came to the support of his wife, Mrs. Elizabeth F. Ayres, of Virginia, in her action for \$100,000 damages against the commanding officers of the Military Academy. He declared the charge that the influence of women at West Point is detrimental to the cadets of the academy is due to jealousy, and the criticism of Mrs. Ayres is a tissue of falsehoods by the officers of the army anxious to hurt her. He added to attempt to settle the matter by appeal to the military court would be suicidal, as his experience has convinced him military investigations are a farce and have been used for years as a means of destroying an officer's record.

BODY OF GIRL IN RIVER.

No Clue Save Word on Brooch as to Her Identity. New York, June 10.—Long Island may give up another murder case in the finding of the body of a well-dressed young woman in Great river, close to the estates of many wealthy persons yesterday. The word "Carolyn" on an ivory brooch is the only clue to a possible identification. The body had been in the water some time.

The medicine that sets the whole world thinking. The remedy on which all doctors agree. The prescription all your friends are taking is Hollister's Rocky Mountain Tea. E. B. Menzies.

BODY CLEANING EVERY SPRING MORE URGENT THAN HOUSE CLEANING.

Many Women Have Discovered That a Course of Treatment With Pe-ru-na Cleanses the System of the Accumulations of Winter.

MRS. ALICE BRADLEY.

Mrs. Alice Bradley, Thorold, Ont., Can., writes: "Two years ago I became weak and rundown and as time passed I gradually failed until a year ago, when I experienced a stroke of paralysis, which affected one side and I was helpless. "I called in professional medical treatment, but steadily grew worse. "I had decided I never would rise again from my bed, but, when Peruna was brought to me and after having taken four bottles of it, I was able to be out and a wonder to myself and friends. "I consider Peruna a great blessing to the afflicted. I may add that my daughter has also used Peruna and has been blessed with renewed health. I believe Peruna saved our lives."

Clean Up Once a Year. CLEANING up the body in the spring is a duty everyone owes to himself. Face powders may hide a rough skin, but Peruna helps to produce a skin that need not be hidden. The source of good blood is good digestion. Peruna aids digestion. Those people who have regular bodily functions have a clear and delicate skin. Peruna helps to restore these functions. Most skin deformities depend upon systemic derangements, which cannot be corrected by local treatments. Peruna is a systemic remedy, reorganizing and regulating the whole body.

Health and Complexion, Strength and Beauty Depend Upon Clean Blood and Good Digestion.

Mrs. Daniel Passmore, Welland, Ontario, Can., writes: "For three years I was severely afflicted with stomach trouble, and for days at a time I could not eat anything. I grew thin in flesh, had headaches and was the picture of despair. "I was attended by three doctors, but got no good results. "Finally I began the use of Peruna. I soon noticed an improvement and after using three bottles, I was able to relish a meal, in fact, could eat anything. "To-day I feel well and strong. I consider that Peruna has saved my life and I shall always praise it."

MRS. DANIEL PASSMORE.

Mrs. N. P. Lawler, 423 1/2 N. Broadway, Pittsburg, Kas., writes: "Last spring I caught a severe cold which developed into a serious case of catarrh. I felt weak and sick and could neither eat nor sleep well. "A member of our club, who had been cured of catarrh through the use of Peruna, advised me to try it and I did so at once. "I expected help, but nothing like the wonderful change for the better I observed almost as soon as I started taking it. "In three days I felt much better, and within a week I was well. "I continued taking the entire bottle and within two weeks I was in fine health. "Peruna is a wonderful medicine." Mr. Lee King, R. F. D. No. 4, Farmersville, Tex., writes: "My health has been better generally this spring and summer than it has been for four years and I have worked nearly every day. "I suffered with dysentery and bowel trouble. "Your remedy also cured my wife of constipation. "I wish you continued success with your great medicine, Peruna."

Casualty Report from Battle With Army of Rats Heavy

Union, S. C., June 10.—Ninety-six pounds of fresh, tender rat meat and one Chinaman in view prevailed at Sedalia, in this county, a few days ago.

It all came about as a result of a big rat killing in the large barn on the plantation of Mr. Jas. E. Minter. For sometime it had been reported to Mr. Minter by his overseer that rats were making heavy inroads into his supply of corn.

One afternoon he with three others stepped into the barn where there was a mighty scurry of what seemed to be an innumerable host of little rodents, and with the use of sticks within a few moments they had slain fifty rats.

A rainy day coming soon afterwards, it was hurriedly decided to have a big rat killing, which seems to be an exciting event, to say the least, in some communities.

Five or six young men went to the barn one morning about eight o'clock. There was a rushing sound of myriads of little feet—rats running here and there, up and down, leaping through the air, to meet swift death at the hands of their white foes. One young man soon after entering the door without moving from his tracks with the aid of a heavy stick sent forty-nine rats in a few moments into the rat's happy hunting ground.

Dr. Rowland in Wake Jail

Raleigh, N. C., June 8.—Dr. David S. Rowland, acquitted yesterday at Henderson of the charge of poisoning his little son David Austin Rowland and at once re-arrested on a warrant from Raleigh, charging the poisoning of Engineer C. R. Strange, whose widow he married three weeks after the death of her former husband, was brought here this morning and committed to Wake county jail to await trial.

When arrested here May 20, for the murder of his son he was handcuffed on the trip from Raleigh to Henderson. On return trip today, however, he was perfectly free, except for the presence of Constable Oscar S. Faulkner of Vance county, who in citizens clothing was always close by.

Dr. Rowland carried his suit case and small hand satchel, looked remarkably bright and cheerful considering the three weeks of imprisonment and ordeal through which he passed.

He was greeted by a number of friends at the station. He had nothing to say about the case here. He did declare, however, he has not the least fear as to the result of the final hearing in the Sheriff's office, where he held a conference with lawyers, while the papers for his commitment to the Wake jail were being prepared.

He also was allowed to go to his office with an officer and lawyers to prepare certificates of loss, with the view to recovering the life insurance on his little son, of whose murder he was acquitted yesterday. The amount is \$900 in Life Insurance Company of Virginia and the Metropolitan Life. The time limit was almost up in which proofs of the death for collection of insurance can be presented.

Mrs. Rowland, who has been in Henderson to be near her husband, did not return with him but is expected here certainly Monday as her case, as accessory before the fact in the murder of her former husband, is set for a hearing Monday.

The report that she has disappeared is not credited.

This morning the town of New Minden, Ill., 25 miles southeast of St. Louis, was visited by a tornado which resulted in the killing of four persons and the injuring of a score of others. At Grandville, Ky., a cloud-burst is said to have caused the loss of from 10 to 15 lives, and washed away eight residences.

Doquin, Ill., was also visited last by the same storm that caused the destruction at York, and as a result a number of houses were blown down, but no lives are reported lost.

Terre Haute, Ind., June 8.—Meagre details from West York, Illinois, tell of a destructive tornado, which visited the village of York, located on the Wabash river, southwest of this city last night in which the known dead are placed at two and the number injured at 30.

Every Man His Own Doctor. The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scatch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatments, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.
