Case of Raleigh Doctor, Charged Jointly With his Wife in Poisoning Engineer was Called at 10 O'clock To-day.

Case was Postponed Until This Afternoon. Defendant of the Doctor and His Wife. Soon Know his Fate.

Raleigh, N. C., June 17.—The case of Dr. David S. Rowland, charged with poisoning Engineer Charles R. Strange, of the Seaboard Air Line, jointly with the wife of Strange, whom Rowland has since married, was called at 10 o'clock this morning by Justice Seapark and the announcement that the hearing would be deferred until the afternoon and that the hearing would be as coroner with jury for the purpose of hearing the case in detail. The postponement was in order that a court stenographer might be secured and that other arrangements might be made for hurrying the hearing. In the bar with Dr. Rowland was Mrs. Rowland out on \$2,000 cash bond, pending the disposition of cases against the two. She was handsomely dressed in black silk mourning costume. Dr. Rowland wore a black suit. The details of his toilet were scrupulously neat. He looked remarkably well in view of four weeks' imprisonment here and in Henderson, where he was acquitted of the charge of poisoning his 11-year-old son. Sitting close about Dr. and Mrs. Rowland in the court room this morning were his two brothers, J. L. and Hubert Rowland, and two brothers-in-law, D. K. Rogers and R. K. Hill; also two uncles, D. H. and J. A. Gill, all of Vance county; and Mrs. Levan Omaha, sister of Mrs. Rowland. The coroner's hearing will be taken up at 12:30 this afternoon.

The Rowland Hearing.

Raleigh, N. C., June 17.—The hearing of the Rowland case was called for the coroner's investigation at 12:45 p. m., and almost an hour was consumed in a spirited contest on the part of the counsel for Rowland, that he be brought into court from the jail. The coroner refused, and counsel for Rowland entered a protest against the ruling of the coroner in debarring Rowland, and in having Solicitor Armistead Jones present to examine the witnesses for the state. J. N. Holding, of the counsel for Rowland, made the protest against the coroner's ruling in the name of justice and fairness, declaring that "we are not in Russia, but that this was a high-

State Getting in Line for Big Fight Against Road

Greensboro, N. C., June 14.—The state corporation commission has written Mr. Justice, who is attorney for the chamber of commerce of Greensboro, for the prosecution of its case against the railroads for freight discriminations and excessive charges, acknowledging receipt of the complaint, filed with them several days ago.

A large manufacturer and shipper here said he certainly hoped the matter would be pushed to as speedy a conclusion as possible. It is presumed that the matter will be held in abeyance, at least until after the hearing of the injunction cases before Judge Pritchard at Asheville, June 26th, and the state commission will at once present the case before the interstate commerce commission.

In the meantime, the State Retail Merchants' Association will have held its session here June 18-20 and formulated plans of procedure, whereby the whole state can join in helping along the suits already brought or being prepared by cities like Greensboro, Winston, Durham, Charlotte and High Point. Attorney General Johnson of the Merchants' Association, says the coming annual session here will be the biggest and best ever held and the universal interest all over the state in the coming session is largely due to determination on the part of these freight payers to have a concerted movement all along the line for redress of present conditions.

BAD BLOOD THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. An aversion of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.
