

THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

Per-na Should Be Kept In Every Household
Where There Are Little Children.

Per-na should be kept in the house all the time. Don't wait until the child is sick, then send to a drug store. But, have Per-na on hand—accept no substitute.

Children are especially liable to acute catarrh. Indeed, most of the affections of childhood are catarrh.

All forms of sore throat, quinsy, croup, hoarseness, laryngitis, etc., are but different phases of catarrh.

Per-na Contains No Narcotics.
One reason why Per-na has found permanent use in so many homes is that it contains no narcotic of any kind. Per-na, if taken according to printed directions, is perfectly harmless. It can be used any length of time without acquiring a drug habit. It does not produce temporary results, but it is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

Mrs. F. Brookman, 818 Meade street, Appleton, Wis., writes:
"I have never had a return of the catarrh, which had made me so miserable and unhappy before I began taking Per-na."
"I would not be without it in the house, now."
"I have a baby boy, two years old, to whom I give Per-na for a cold, and my husband also takes Per-na."
"I thank you and wish you well."—Mrs. F. Brookman.

No Doctor Required.
Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes:
"I cannot say enough for Per-na. It has done great work in my family, especially for my oldest boy. We had doctor'd with three or four different doctors and they did not seem to do him any good."
"We gave up hopes of cure, and so did they, but we pulled him through on Per-na."
"We had several doctors and they said they could do no more for him, so we tried Per-na as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

There are a multitude of homes where Per-na has been used off and on for twenty years.

Such a thing could not be possible if Per-na contained any narcotics.

The Benefit Which the Children of the United States Have Received From Per-na Can Never Be Put Into Words.
The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded.
But at least this much can be said that the coming generation owes a great debt to Per-na, for it is in the tender years of youth that slight ailments are liable to develop into lasting disease, thus blasting the whole career of the individual.
The mothers who are bringing up their children to-day to believe in Per-na are speaking from their experience.
These children brought up to believe in Per-na from the start, will, when they become heads of families themselves, use Per-na with unquestioning faith.

Mrs. J. C. Sterling, 183 Brown Avenue, Norfolk, Va., writes:
"My little boy, Meredith, suffered with indigestion so badly he could not eat anything without it making him very sick, so I thought (as many others have) that I would try Per-na, and it worked like a charm."
"Now he eats anything he wishes, and I would not be without it for anything."
"My other little boy, Alfred, two and a half years old, has taken it and received as much benefit from Per-na as his brother."

A Child's Life Saved.
Mr. G. H. Farmer, New Martinsville, W. Va., writes:
"Our little son, Harry, is well and healthy now and we think if we do as you directed us, he will keep his health and grow strong."
"We know that our little son's life was saved by your wonderful medicine, Per-na, and we shall always praise Per-na and use it in our family when needed."
"Should we have any more catarrhal trouble in our family, we shall always write to you for treatment."
Mr. W. F. Doring, Mt. Vernon, Mo., writes:
"I have used Per-na to my entire satisfaction and am exceedingly well pleased with the results, having suffered greatly with catarrh of the stomach."

Per-na Protects the Entire Household.
As soon as the value of Per-na is appreciated by every household, both as a preventive and remedy, many lives may be saved and thousands of chronic lingering cases of catarrh may be prevented.

When Sickness Comes to the Little Ones

It Is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick.
Her sympathy is deeper than that of any other member of the family.
The mother looks forward with dread to the torrid heat of summer, thinking of her children and the many liabilities to disease that are before them.
Spring and summer are sure to bring ailments, especially among the little folks.
It does not take a mother very long to discover that Per-na is the best friend she has in time of illness among the children.

A Multitude of Mothers
Have discovered that Per-na is their stand-by, and that in many of the ailments of spring and summer to which the children are subjected, Per-na is the remedy that will generally quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause.

Per-na quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body.

It simply removes the cause of the disagreeable symptoms and restores the health.

Per-na is a household remedy for all catarrhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Per-na has.

Mr. C. Hallock, Antwerp, Ohio, writes:
"My daughter Allie, after taking three bottles of your Per-na is entirely cured of catarrh of the head of two years standing. We have used Per-na as a general tonic as well as for catarrh and are well pleased with it and recommend it to anybody who has catarrh."

The Mothers Hold Per-na in High Esteem.

Not only because it has cured them of their various ailments, but because it promptly relieves the children from the throes and grasp of catarrhal diseases.

We have in our files many testimonials from mothers whose children have been cured by Per-na. However, the large majority of mothers who use Per-na, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Per-na that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

HELEN GOULD BESIEGED.
New York, June 24.—According to a statement made public recently, the requests for gifts sent to Miss Helen Gould aggregate nearly \$2,000,000 a week. They range all the way from asking for \$15 for a set of false teeth to \$1,000,000 to start a colony in Canada.
Miss Gould gave an itemized list of a week's requests recently to Franz Falkenberg, the orchestra leader. A movement is on foot among the musicians of this city to make Mr. Falkenberg's orchestra music a permanent feature in New York. For this subscription from the wealthy patrons will be necessary. Miss Gould was one of those consulted. She encouraged Mr. Falkenberg but, incidentally cited the fact that this was not the only thing she was asked to encourage. Then she gave him the list.
In the week referred to, Miss Gould received 231 requests for money outright. Out of these 199 left the amount to her good will and discretion. Miss Gould was asked in that week for \$2,000,000 to help form an Anti-Saloon League in Idaho. She received 43 requests for aid to churches, 27 for educational institutions and 25 for libraries.
More than thirty were for help for charitable institutions. Four persons, presumably young women, wanted Miss Gould to help them buy trousseaus. Eleven persons wanted pianos and 12 wanted Miss Gould to buy inventors' Bibles, bicycles, a farm and three cows, invalid's chair, enough air pillows to supply a regiment of soldiers, one set of teeth, five sewing machines and fifteen railway tickets.

The medicine that sets the whole world thinking.
The remedy on which all doctors agree.
The prescription all your friends are talking is
Hollister's Rocky Mountain Tea.
E. B. Menzies.

A woman doesn't care if her shoes are a size too large—after the undertaker gets busy with her.
It is the scarcity of their remarks that makes some women remarkable.

Do Not Neglect the Children.
At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by Shuford Drug Co.

We would never suspect how good some people are if they didn't tell us.

THE CAT.
The cat believes that she can sing
Like bobolinks in June;
She sticks to this like anything,
She hankers for a tune;
The lyric joys that in her throng,
She takes them for the gift of song.

I wish that she would put aside
This vanity from her;
I wish she might be satisfied
To purr, and only purr,
Seeking no operative frame,
Quiet, domestic, void of blame.
—Arthur Colton, in the July Every-body's.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.
Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and what we are now using is in milk for babies."
Kodol Digests What You Eat.
Bottles only. Relieves indigestion, sour stomach, belching of gas, etc.
Prepared by E. C. GOWITT & CO., CHICAGO.

CAROLINA COTTON MILL MEN MET IN GREENSBORO, N. C.

Greensboro, N. C., June 21.—At the opening of the first annual session of the North Carolina Cotton Manufacturers' Association here yesterday afternoon 75 mill men were present, and 85 per cent of the cotton mills of the state were represented. Reports from the various committees showed a new era of milling industry in the state, three hundred thousand spindles having been added since Jan. 1st, bringing the number now up to over two million spindles.

Mr. Caesar Cone on Coal Supply.
Caesar Cone, for his committee, reported that good coal was difficult to obtain, the supply being less than the demand, and for this reason coal owners were indifferent to overtures for reduction of prices, even refusing to sign year supply contracts on any terms.

Railroads Refuse to Make Any Concessions.
W. A. Erwin, for the traffic committee, reported that all efforts to secure from railroads lower freight rates, and a cessation of unjust discrimination against Southern mill products had been unsuccessful, the roads refusing outright to grant any concessions, except a small reduction on coal freights.

Labor Conditions Improved.
The committee on immigration and labor reported conditions were some better than formerly as to labor, but that there was still great need for the better class of hands. From experiments tried in securing foreign mill help, the immigration question was considered as not the solution of the trouble it was once hoped would be the case.

Will Appeal to Interstate Com. Com
as to Violations of Rate Law.

A resolution was unanimously adopted empowering the traffic committee of the association, under the direction of legal counsel to be employed to take the question of freight discrimination, affecting North Carolina cotton mills, before the Interstate Commerce Commission, on a complaint to be formally prepared presenting figures of rates, showing no greater mistake can be made than to consider lightly the evidence of disease in your system. Don't take desperate chances on ordinary medicines. Use Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. E. B. Menzies.

HEAT KILLS AT BALL GAME.

Combined Fight With Other Organizations.
From discussions on this live question it seems highly probable that before taking definite action in this matter for the cotton industry alone the committee will join in with other organizations, like the merchants' association, and the chamber of commerce and boards of trade of various cities, and make a combined fight all down the line.

WINS GOLF CHAMPIONSHIP.
For First Time in History it Goes out of British Isles.

Colic and Diarrhoea.
Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Shuford Drug Co.

Seven Firemen Badly Hurt in Collapse of Porch
Atlanta, Ga., June 21.—One fireman was probably fatally injured, one badly hurt and five others slightly injured by the collapsing of the porch of a burning residence in West End this morning.

Violations by the roads of the rate law.

MANY TELEGRAPH OPERATORS ASK THAT LAW STAND

Raleigh, N. C., June 24.—The examination of witnesses before the corporation commission for the railroad companies in connection with the petition of the Atlantic Coast Line, Southern and Seaboard Air Line for the postponement of the operation of the eight-hour law for railroad telegraph operators continues. It looks now like the hearing will continue through Monday if not longer. Witnesses for the railroads are to show that the operators are not overworked or burdened with too many duties and that twelve hours would not be too long for them to be on duty.

Textile Goods in Hawaii.
The British consul at Honolulu, in his annual report on the trade of Hawaii for 1906, states that imports from the United Kingdom of the very best class of goods in cotton, linen, laces and embroideries, fancy ribbons and the like may continue to a limited extent but that under the present conditions the general trade in lower grades will be absorbed entirely by the United States. At the same time, he continues, British manufacturers should note that the American trade demands absolutely that hosiery and "ready-made" goods be boxed in the manner and numbered as to the sizes called for by the United States trade.

Rings Round Eyes

The ills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."
