

### Rainey-Smith.

The following invitation has been received:

Mrs. Bettie Taylor Rainey invites you to be present at the marriage of her daughter Josephine to Mr. William Osmond Smith Wednesday afternoon, July the tenth Nineteen hundred and seven at two o'clock Gilead Presbyterian Church Caswell County, North Carolina. Miss Rainey was a teacher in the graded school here last year. She is one of the State's brightest young women. We join many warm friends here in extending congratulations to this popular couple.

### Watauga.

Rebecca Sanders, an aged woman, died at her home near Gap Creek last week. She has hoarded money all her life and at the time of her death has several hundred dollars in curious old coins and bills.

The list takers of property for taxation are giving as near as possible an equal valuation throughout the county. It is thought the taxes will be increased about \$5,000.

Mr. H. W. Marsden, of Philadelphia, and some New York capitalists are prospecting at Elk Knob for copper. Some think they are also interested in having the railroad extended from Shong, Tenn., to their mine.

Solisticor Spainhour and family of Morganton, are in the county for a short visit. Mr. Spainhour made an excellent address at the Appalachian Training School on Wednesday.

### Heaven On Earth.

It may be that some people are not thinking much about the heaven beyond this earth and are putting forth efforts to raise a heaven on earth. It is true that a heaven on earth would be better than no heaven at all but in striving after that condition of which philosophers have dreamed most of the reformers lose sight of the existence of evil in the world and the close connection that evil was with poor human nature. Before there can be a heaven anywhere there must be eliminated from that place everything that maketh a lie and is unclean. That is just what this old earth has and it will need the new regeneration before the heaven can be realized on earth.

Dr. and Mrs. Childs are at Mrs. Cilly's for the summer.

An exchange remarks that a man can start out any day, and inside of an hour and thirty minutes he can engage a woman to work for him for life at nothing a week, while it will take two weeks of solid search to get one to work at fair wages and board.

### Suicide

The papers give an account of a young man just in the beginning of a useful career in ending it all by shooting a bullet through his brains. It is pitiful, it is sad in the extreme. Suicide is becoming all too common and it is time that the public conscience be aroused on this subject. No man can give life and no man has a right to take that life. Suicide is contrary to the end for which life was given. "It prevents the fulfillment of the mission for of life. The work is great, the time is short and man has no right to shorten it. Plato said, 'that in this life we are placed in a garrison from which we must not retire, or withdraw our selves. Burn it upon the minds of all that the suicide is a murderer. It is time that the press the pulpit speak out on this subject.

### What The Trouble Is.

The trouble with the small girl is that she is bigger.

The trouble with the big girl is that every pair of scales she steps on gives her weight.

The trouble with a great many editors is that they don't think one-half as much as they write.

The trouble with the small boy is that his big sister never was as small boy herself and she doesn't know how the small-boy feels.

The trouble with the average husband is that he knows his wife knows he isn't so big a man as he wants the world to think he is.

The trouble with almost all the ministers is that they don't hear other ministers preach often enough to know what a really first class bang up sermon is.

The trouble with the young man in love is that he is insane enough to think that all the other young men are making just as big fools of themselves about his best girl as he is.

The trouble with the young woman love is that she doesn't know whether she really loves the young man for himself alone or for the caramels he brings and the prospect of a solitaire diamond to dazzle the other girls.

The trouble with the average wife is that her husband is much more prodigal with his protestations of affection than he is with money, and that he doesn't waste much of either unless he wants a button sewed on.

E. L. Flowers is in town this week.

Mr. and Mrs. J. M. Little are occupying Prof. C. H. Little's residence on College St. Mr. Little is a popular traveling man of this section. We welcome these good people to our city.

It is said that dancing makes girls feet large. It is also said that ice cream makes freckles. Doctors are of the opinion that hanging on the front gate produces rheumatism. A few more opinions like these and the girls won't have any fun left them.

### NOTICE.

### Sale of Valuable Land and Water Power.

Under and by virtue of an order of the Superior Court of Catawba County made in the special proceeding for partition entitled "G. H. Geitner et al. vs. B. N. Duke et al." reference to which is hereby made, the undersigned Commissioner of the Court will on Saturday the 3rd day of August, 1907, between the hours of 1 and 2 o'clock p. m., offer at public outcry in front of the First National Bank, Hickory, North Carolina, to the highest bidder that certain boundary of land lying in the Counties of Catawba, Burke and Caldwell in the State of North Carolina about three miles North-west of the City of Hickory known as the Horseford Shoals Water Power property on the Catawba river extending from near Cliffs on the Carolina & North-western railroad, and covering the river bed on both sides of the stream with the outlying land included down the stream to the mouth of Horseford creek in Catawba county, and bounded as follows, viz:

Beginning on a white ash stump on the bank of the Catawba river at the mouth of the branch between the lands of Pink Winkler and that part of this land which formerly belonged to Robert Winkler, and running with said branch South 16 degrees West, 29 1-2 poles to the Carolina & North-western railroad; thence same course in all 76 poles to a willow (down) at the branch; thence South 7 degrees East, 8 3-4 poles to a white-oak at a spring; thence South 53 degrees West, 5 poles to a mulberry tree (down); thence South 16 degrees West, 238 poles to a black-oak in Morgans line; thence with the Morgan (now Pink Winkler's line) South 3 3-4 degrees East, 65 poles to a small black-oak; said Pink Winkler's corner near the Burke county line; thence with said Pink Winkler's line North 5 degrees East, 150 poles to a Spanish oak; thence North 60 degrees East crossing a branch 66 poles to a stone on the hill; thence South 65 degrees East, 58 poles to a stake in Fry's line; thence with said Fry's line North 18 degrees East, 67 poles to a post-oak (an old corner); thence North 14 degrees E., 49 1-2 poles to a stake and pointers, on point of a ridge; thence South 87 1-2 degrees East 150 poles to a stone at the West edge of the Horseford road; thence North 9 degrees West with said road 50 poles to a stake at the South-east corner of lot number six (6), as shown by deed of Abram and Susan Winkler to Robert Winkler dated Oct. 31, 1888; thence North 4 degrees West, 54 poles to a holly bush and dog-wood near a big gate on the Horseford road; thence with said road North 13 1-2 degrees East, 20 poles to a white-oak on the West side of said road; thence North 31 degrees West with said road 33 poles to a small black-oak at the Swenson line and corner; thence North 89 degrees East, 54 1-3 poles to a stake in the L. Containing 750 acres more or less.

The above described land and water power will be sold as one entire boundary, and the term of sale require of the successful bidder to pay to the Commissioner Ten (10) per cent upon the day of sale and give endorsed note, certified check, or other acceptable security conditioned to pay the remainder of the purchase money upon confirmation of sale by the Court.

This property was consolidated by J. M. Odell and others for water-power purposes and a splendid opportunity is now afforded anyone interested in development of this character. The outlying land is partially timbered, and is suitable for mill-sites, employees houses, small farms, building lots, etc. The C. & N. W. Railroad crosses the Southern portion of the land.

Persons interested may call at the office of E. B. Cline, Esq., attorney-at-law, Hickory, N. C. and examine maps and title deeds of the property.

This July 1st 1907.  
H. C. Dixon,  
Commissioner.

There will probably be a new mixed train put on the G. & N. W. Ry, in a short time to operate between Lenoir and Gastonia, leaving Lenoir early in the morning so as to make sure connection at Hickory.

### A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and herbs in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic, and an anesthetic. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure, however, chronic, acute, hang-on, chronic coughs, bronchitis, and general debility, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. F. C. Lillingwood, M. D., of Bennett Med. College, Chicago, says, of glycerine: "In dyspepsia it serves an excellent purpose. Holding a large quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon indigestible, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood, curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

### NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs. In the good-old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

### Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.
