

# EX-Governor of Wyoming Endorses Pe-ru-na.

### As a Catarrh Remedy.

### As An Excellent Tonic.

"I have such confidence in prominent personal friends who have used and endorsed Peruna that I feel justified in assuming that it is a valuable remedy for catarrh and an excellent general tonic."

John W. Hoyt.

Victoria Flats, Washington, D. C.

#### The Magnificent State Capitol Building of Wyoming.

#### Responsible People.

PEOPLE occupying positions of high responsibility and trust are always very busy people.

They have little or no time to devote to side issues.

It is therefore very rare that such people are willing to write testimonials for anything.

Then again there is a natural diffidence in giving public endorsement to any commercial enterprise on the part of people who are much before the public.

#### Rare Endorsements.

It is thus that it is very rare that public officials, like governors, congressmen, consultants, senators, etc., give public endorsement to a proprietary medicine.

It is therefore a great triumph that Peruna has the unqualified endorsement of so many men in official position.

Scores of public officials of national reputation have enthusiastically declared in favor of Peruna in public print over and over again.

#### A Startling Fact.

There is no way to account for such a startling fact as this except that Peruna has extraordinary unusual merit.

After all, people high and low, are constituted very much alike.

#### Natural Enthusiasm.

When a person has been really helped in getting rid of some chronic malady, after other things have failed, it is quite natural for enthusiasm to lead people to make a statement of the fact.

For great services, gratitude is natural.

"This is the only way that it can possibly be explained why it is that so many persons prominent in public, diplomatic and social life give testimony for Peruna."

#### Actual Benefit.

Peruna promptly relieves. This is the explanation. Catarrh is a disease difficult to relieve. A great many of the doctors fail to relieve it.

#### Gratitude Results.

A few bottles of Peruna cure a chronic malady of many years standing and it is almost impossible to repress the natural feelings of gratitude which spring up.

#### Catarrh of Head and Throat.

Mr. Joseph Boles, 324 N. 14th street, St. Louis, Mo., writes:

"I had catarrh of the head and throat, but through the use of five bottles of Peruna and two bottles of Manalin I was cured."

"I think that Peruna is the best tonic that I have ever used and I would advise all catarrhal sufferers to use Peruna."

#### Catarrhal Fever.

Mrs. W. K. Good, Broadway, Va., writes:

"When I was fifteen years old I had catarrhal fever and for nine years I have had catarrh of the head."

"Through neglect it went to my throat and nose. After consulting you I used Peruna for four months as directed, and I am entirely well and have my natural health."

"I cannot praise Peruna too highly. It will do all that it is recommended to do."

#### Pe-ru-na Relieves Catarrh.

Mr. L. Clifford Figg, Jr., 2929 E. Marshall St., Richmond, Va., writes:

"As soon as I get a cold I send for a bottle of Peruna, and it soon drives it out of my system."

#### Despaired of Being Cured.

"For several years I was not entirely well, and despaired of ever being cured, as I had used numerous remedies that my friends advised. I doctored for two years without any improvement."

#### A Last Resort.

"As a last resort I tried Peruna, and am pleased to say that in a short time I was completely cured."

"I have not been troubled for over a year. I am pleased to endorse Peruna as it saved me a world of suffering."

#### The Doctor Away from Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proved fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases.

## Conspire to Liberate Guilford Murderer

Greensboro, N. C., July 6.—Frazier Jones, a negro in jail here under sentence of death for the cold blooded murder of his wife at Gibsonville last Thanksgiving day, is the cause of having two negro women in jail under charge of a conspiracy to liberate him. His sister, Maggie Mumfrey, and Ida McNeill are the women implicated. Ida was arrested yesterday for a fight with a negro man, and upon searching her the police found twelve steel saws in the lining of her dress. She had been a frequent visitor at the jail, and on very friendly terms with Jones, often being heard to say that "Frazier would never hang." Being pressed today for an explanation of the presence of the implement of burglary, she confessed that they were furnished by the Mumfrey woman, Jones's sister, and were to have been given to Jones tonight. They are both in jail, the Mumfrey woman denying the truth of Ida's confession. Jail officers say that for several days they have had cause to believe that some project was on foot to liberate the murderer.

### THE LIVING PRESENT.

S. E. Riser.

One life is all we have to live; Why burden any day with woe? It takes a moment to forgive The injury of long ago; Why shape a day remembering Slights that have not been intended? Why dread the smart or fear the sting Of blows that never have descended?

Why let a joy unheeded pass If we may claim it as our own? When gladness may be in your tone? The joys we claim with those we give Should day by day be fairly blended; One life is all we have to live, And soon its little span is ended.

A Paris jeweler has bought a large number of stones which have been found in mines on the Czar's private property. Every year stones from these mines are offered for sale by tender, in the same way, as the forest lands and mines belonging to the Czar are occasionally sold by the imperial cabinet.

### MORNING MINSTRELY.

Just at the early dawning, When night begins to fade, There comes a tuncful murmur From out the shady glade.

A song so sweet and tender, It wakes my soul from sleep, A message full of gladness It brings my heart to keep.

And as the morning's glory Fills all the eastern sky, The woods and fields re-echo With songs that multiply.

Until the whole earth wakens, Beneath a chorus strong, From God's sweet birds of summer, In minstrelsy of song.

## N & W to Spend \$100,000 on Winston-Salem Yards

Winston-Salem, N. C., July 6.—Work was commenced yesterday on the enlargement of the Norfolk and Western Railway yards at this place. It is said that the work will cost about \$100,000 and the improvements will not be completed before the first of the year. An entire hill is to be carted away and to do this work the latest improvements in machinery will be used. There is some conjecture on the part of many here as to the object the N. & W. has in making the extensive improvements. There are no less than four new roads, or proposed roads, heading toward Winston-Salem, and there is much guessing as to which one of these if any the N. & W. is preparing to use for extending its lines southward.

## SPECTATORS FIGHT FOR ADMISSION

Chicago, Ill., July 6.—John D. Rockefeller, president of the Standard Oil Company, appeared in the federal court at 10 a. m., in response to the subpoena issued by Judge Landis, who desired information from the officials of the Standard Oil Company before fixing the penalty against that company of Indiana.

Judge Landis wanted to learn the relationship between the Standard Oil Company of Indiana and the Standard Oil Company of New Jersey, and as to the resources of the former company.

#### Crowd Gathered Early.

The hour before the hour for opening court a crowd gathered in the hallway outside the court room, packing the narrow hallway to a point of suffocation.

The police and deputies, time and again were compelled to use strenuous measures to hold the crowd in check. The insistence of would-be spectators was so great that the police were nearly swept from their feet by the constant surging and pressure.

#### Jam Was Terrific.

The jam around the door, when it was opened, was terrific.

The majority of the spectators were in and seated when Rockefeller made his appearance.

There was no demonstration when Rockefeller appeared. He looked curiously about as he entered, then took his seat and conversed with one of his attorneys.

#### Pandemonium Broke Loose.

Immediately after the entrance of Rockefeller to the court room pandemonium broke loose in the hallway. The crowd rushed at the policemen and the policemen, gasping and perspiring, shoved back in desperate fashion.

From struggling with the police two members of the crowd soon turned upon each other and a few spontaneous punching matches enlivened the already strenuous proceedings in the hall.

So serious did the situation become that Marshal Hay was compelled to telephone police headquarters for additional help.

#### Biggest Crowd Ever.

Parallel of such a situation was never before witnessed in or about the federal court room in Chicago.

Inside the court room proper the jam was nearly as bad as in the hall outside. Spectators jammed doorways, sat upon chairs in couples, and even squatted on the floor.

#### Rockefeller On Stand.

After Judge Landis overruled the motion for the arrest of judgment and a couple of witnesses had been examined, John D. Rockefeller was called and sworn.

Replying to Judge Landis, Rockefeller said he was president of the Stan-

has proven so efficacious in most cases of womanly disease. Try it.

Mrs. Wm. Turner, of Bartonville, Ill., writes: "I suffered for years with female diseases, and doctored without relief. My back and head would hurt me, and I suffered agony with bearing-down pains. At last I took Wine of Cardui and now I am in good health." Sold everywhere, in \$1.00 bottles.
