Argument In Haywood Trial

Boise, July 19.—For the first time since the Haywood trial started, James McParland, the detective, whose name has been so often mentioned in connection with the securing of evidence against the Western Federation of Miners was in the courtroom. He had come to listen to arguments in the case and attracted considerable attention. Judge Wood announced he would not judge to rule on the matter of excluding certain evidence from the consideration of the jury and arguments of counsel until 2 p. m. He instructed James H. Hawley, leading counsel for the state to be ready to proceed at that time. Hawley is not expected to conclude until tomorrow afternoon. The opening address for the defense will be made by Attorney E. F. Richardson, of Denver on Monday. To preserve the record, Richardson again moved that the jury be instructed to return a verdict of not guilty, on the ground that the defendant Haywood has not been connected by the evidence with the crime alleged. The motion was formally made and formally denied. The court adjourned until 2 p. m.

SOLDIERS WILL RETALIATE IF RIOTING BEGINS

Tokio, July 20.—Reports from Seoul state that four machine guns are now at the Taihan Gate. Should the Korean soldiers repeat yesterday's behavior, by firing on the Japanese police, the Japanese troops will not hesitate to retaliate. It is noteworthy that despite the press news of the abdication of the Korean Emperor, the official report confirming the same has not yet been received here.

Work of Enraged Mob.

Cracks of the Rifles Continue to be Heard.

It is believed that a collision has occurred between the Japanese police and the Korean soldiers. If the Japanese troops attack the Koreans the state of unrest will be aggravated.

A Murderous Plot.

An alleged plot was reported to the Marquis Ito. He was told that the imperial guard had been clandestinely ordered by the former Emperor to enter the palace at midnight and murder the whole cabinet which were responsible for his abdication. This is the official explanation of the fact that the Japanese are garrisoning in the palace.

The Korean Ministers of War and Justice visited the Marquis Ito last night and declaring that the intrigue above mentioned was about to be realized and prayed for instant help.

PROGRESS MADE IN TRIAL OF TICKET AGENT GREEN

Raleigh, N. C., July 19.—The trial of the Southern Railway Company and Agent Green, is progressing today without any special incident.

Mr. F. H. Busbee opened the argument for the defense at 9:30. He spoke 39 minutes.

He contended the act was unconstitutional and the whole matter was being considered in an orderly manner in another court and that in the present trial the state had failed to make a case, not having proved the sale of the ticket in an unlawful manner.

Mr. E. J. Justice followed for the state. He made a plea for sustaining the dignity of the state courts and holding on to the old principal of the "status rights" in control of affairs in the borders of a state.

He charged the Southern Railway with having itself sent Agent Green to jail, forcing him to go there or lose his job. He argued that the sale of tickets at an unlawful rate was established and the punishment was certain. He declared the state was ready to meet any future effort of the South to interfere with the Federal writ.

Ex-Judge Avery and General Counsel Thom are to speak for the defense and Ex-Governor Aycock and Solicitor Jones for the prosecution.

Carrie Attacks Tobacco Trust

Durham, N. C., July 20.—The famous Mrs. Carrie Nation arrived in Durham today and will speak on two occasions in this city.

Mrs. Nation realizes the privilege of her first visit to the home of the Great Tobacco Trust and this will be the principal topic on which she will speak. Mrs. Nation in an interview this morning said:

I understand that there is a college whose funds come entirely from this corporation, and I have heard that even the ministry of the Methodist church is so controlled by the workings of the trust that they dare not give their honest opinions against the tobacco evil."

CRUSHED BY 300-FOOT FALL.

Woman Drops From Fifteenth Floor, Landing Among Crowds. Chicago, Ill., July 19.—In sight of hundreds of people, Miss Anna Normyle, 20 years old, of this city, either jumped or fell from a fifteenth-story window of the Masonic Temple shortly after 5 o'clock Wednesday evening and was killed instantly.

Twisting and turning, Miss Normyle shot downward through space a distance of 300 feet in the court of the skyscraper, striking the landing at the top of the third floor stairway with such force that a marble slab three inches thick and eight feet square was shattered into a thousand pieces.

Even this did not stop the terrible fall and Miss Normyle fell through to the first floor, landing among hundreds of people, and her body so mutilated that it had but little semblance of a human form.

JAPANESE MAY BE ASSAULTED BY ENRAGED MOBS

Seoul, July 19.—Enraged crowds are assembled at various points throughout the city and inflammatory documents against the Japanese are being freely distributed, giving rise to a forlorn hope that some active opposition is about to begin.

Serious collisions, it is believed, will take place tonight between the police and rioters. Marquis Ito is not likely, it is thought, to resort to extreme measures of repression until all mild means of pacification have been exhausted.

Extraordinary police precautions are being taken throughout the city.

Crown Transferred.

(Friday Afternoon.)—Briefly the Emperor in the imperial rescript of abdication expresses his regret that during 44 years of his reign, national calamities have followed in rapid succession and the people's distress become so aggravated that he deemed it now time to transfer the crown to the heir apparent in conformity with the ancestral usages.

It is reported that the most dramatic scene occurred at the Palace, Thursday night when the ministers, headed by Premier Yi Wang Young, appeared before his majesty and made the cabinets final representation in urging the Emperor's abdication.

His majesty was in a high state of excitement. Unable successfully to combat the logic of the Premier the Emperor summoned a council of elder statesmen, but to his disappointment and surprise they agreed with the minister's advice.

The Emperor then signed the rescript of abdication.

New Move in Rwy. At Asheville

Asheville, N. C., July 19.—The fight in the railroad cases was again shifted to Asheville when Judge Pritchard, before daybreak, signed writs of habeas corpus upon Sheriff Hunter, directing that he produce before him later in the morning the persons of the District Passenger Agent Wood and Ticket Agent Wilson of the Southern, charged with disregarding the new passenger rate law.

The federal court room was crowded when court convened. Judge Merriman, representing the state, at the instance of Governor Glenn, could not be present until afternoon and the hearing on the writ was postponed until 2:30 p. m. Messrs. Wood and Wilson, under sentence of 30 days on the chain-gang, were required to give bonds.

An interesting development was the receiving of subpoenas on Police Justice Reynolds, who passed sentence upon Wood and Wilson, together with several other and they will be asked before the federal court to tell what they know about the charge that the indictments against the ticket agents here were planned and issued from the office of a local newspaper, and that the witnesses against the railroad men were sought rather than voluntarily.

Negro Attempted to Enter House at Winston-Salem

Winston-Salem, July 19.—Yesterday morning about four o'clock a burglar attempted to enter the residence of Mr. P. H. Hanes, but he was frightened away by members of the family. Patrolmen Fulk and Royal were within a few hundred feet of the house at the time and they heard the burglar escaping on the tin roof. Before they could get to the place however, the burglar had disappeared in the darkness.

The negro denies that he attempted to enter the house. The footprints leading from the house showed very plainly that the burglar's shoe heel was nearly off and an examination of Caldwell's shoe tallied with the footprint left by the burglar. The negro was placed in jail to await a preliminary hearing, which will probably be given him this afternoon.
