TRUE BILL AGAINST AGENT OF SOU. R R AT MARION TODAY

By Association Press.

Asheville, N. C., July 26. --- A telegram was Received by the railroad officials here from Marion which says the grand jury has reported one true bill against the ticket

agent there.

This is Taken to indicate that at least one arrest will be made during the afternoon.

Asheville, N. C., July 26 .- Assistant United States Attorney General San ford spent the early part of today in conference with the railroad officials and with Judge Pritchard.

It is likely he will leave this afternoon and will either go direct to Washington or transmit his report by wire He will report his visit to the state capital, in an effort to restore peace which was fruitless.

Developments are hourly expected at Marion, where Judge Lyon, of the superior court, has been holding the grand jury in session for several days for the purpose, it is assumed of hav ing ticket agents indicted in the even Mr. Sanford failed in his peace nego tiations.

Several superior court judges have ignored the subject of the conflict be tween the federal and state courts and Judge Fred Moore advised against further indictments of ticket agents but Judge Lyon at Marion, expressed himself in the strongest possible terms He declared that the ticket agents were violating the criminal statute and should be indicted "like a pig or horse thief.'

The assumption is that such explicit instructons will bring results which in turn will bring on more habeas corpus proceedings

Mr. Victor Patneaude, 328 Madison street, Topeka, Kas., a well-known carpenter and member of Knights and Ladies of Security, writes:

"Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work.

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again."

A workingman's home is usually one with a large family. Children of all ages and both sexes are being reared. They are subject to slight ailments, winter and summer. A doctor is sent for every time a petty sickness occurs. The expense will keep the family poor.

In such a household Peruna becomes a real blessing. It promptly meets he most common ailments due to the cold of winter or the heat of summer. A stitch in time saves nine. A dose or two of Peruna prevents serious and extended illness many a time.

The workingmen everywhere have come to realize that Peruna is the workingman's friend and saves him not only sickness, but a great many dollars every year.
