

## Gypsy Victim Gets Back Home

Chicago, Aug. 24.—With the exclamation "Don't you know me, grandma," Walter Cutler, 10 years old, missing for four years, appeared yesterday at the home of his grandmother, Mrs. Betcher, in South Chicago.

The boy arrived in a dirty, ragged condition and told a story of being kidnapped by Gypsies from his old home in South Bend, Ind., four years ago. Since that time he has been traveling with gypsies from one place to another. Last Monday the gypsies camped at Roby, Ind., and the lad, remembering that he had a grandmother at South Chicago, made his escape.

Since Monday he has been roaming around South Chicago until yesterday, when he located her. The boy's father, who still resides in South Bend, has been notified and will come after him. The gypsy camp left Roby yesterday.

## \$25,000 Given To Wake Forest College

Raleigh, N. C., Aug. 24.—The trustees of Wake Forest College have delegated the matter of the selection of plans for the \$20,000 dormitory building to be erected to a special building committee consisting of the executive committee and President Potat, Professors Brewer and Gorrell, R. E. Royal and C. J. Hunter with power to act. Plans are submitted from which the selection will be made by Architects Barrett & Thompson, Raleigh; Zimmerman, of Winston-Salem, and Rose Weston, of Greensboro. The dormitory is to be erected on the strength of a gift from Mrs. Parrott, of Winston, consisting of a very valuable piece of property in Winston, the market value now being easily \$25,000. Mrs. Parrott to have an annuity of \$1,200 during her life time from the income from the property.

Dr. L. G. Broughton a Glenn Man.

From a Raleigh Interview.

"As a North Carolinian I have felt proud of her achievements. I think she has the greatest governor today in all the South. At least he is proving himself to be at present. I am a Bob Glenn man from head to heel. I have known him for a number of years, and watched his career with great interest. He is a high-born Christian gentleman. Surely, North Carolina has reason to be proud of him. I was in New York recently when he brought the railroads on their knees before him. I dined with two Wall Street millionaires the day the railroads got down, and these men said, 'Glenn of North Carolina is the nerviest man in public office outside of the White House. That is what they think of him. Wall Street.'"

"But I have also been grieved by North Carolina's conduct. She had a chance to occupy the place that Georgia now occupies among her sister States of the South. North Carolina could today have prohibition if it were not for a few milk and cider prohibitionists that are put up for leaders. The last Legislature was ready to submit the question of State prohibition to popular vote, but the anti-saloon forces were seized with cowardice and failed to act."

## A RIDGEWAY-SPRAY ROAD.

Rumor Says A Branch Line May Link The Two Places.

Winston-Salem, Aug. 26.—Mr. J. T. Ackerman, of Hume, Mo., who left this place thirty-five years ago, returned yesterday on his first visit to his native town. Mr. Ackerman was accompanied by his son. In speaking of the many changes made, Mr. Ackerman says that when he left here Winston was only a small village. There is but one house in Winston that he remembers, and that is the old jail, which is now used as a negro restaurant. Mr. Ackerman has several relatives in this section.

Mr. H. L. Greens, of Wilkesboro, who has been in the asylum at Morristown for a year or more, has been taken to him home, his case having been pronounced incurable. Mr. Greens was for years one of the leading attorneys of this section. He has represented his county in the Legislature.

There is a rumor, which has the appearance of being something more than mere gossip, that the Norfolk & Western officials are figuring on building a branch line from Ridgeway, Va., to Spray and Leaksville, a distance of eleven miles. Spray and Leaksville has in the past few years sprung into a town of eight or ten thousand people and is perhaps the largest cotton goods manufacturing in the South today.

**DEAFNESS CANNOT BE CURED.** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a numbing sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## Not Guilty Of Gambling

### Young Spartanburg Lawyer And Friend in Room With Poker Table And Chips Merely as Callers In The Place.

Spartanburg, S. C., Aug. 24.—As the result of a raid made on an alleged gambling room by the police Wednesday night, I. C. Blackwood, a well known young attorney of this city, and John Kirby, appeared in the police court this morning, charged with gambling. Messrs. Blackwood and Kirby were arrested along with two others, John Davidson and Lawrence Long, the cases against the last named, being continued until a later date.

There was no evidence given by the police to show that those in the room were gambling at the time the raiding squad entered. There were a number of chairs, a draw poker table, stud poker table, a deck of cards and seven poker chips scattered about on the floor. The police stated that they saw no gambling. Mr. Blackwood was lying on a bed when the officers arrived.

Mr. Blackwood was called on to make a statement and he gave a free, open and frank statement of how he came to be in the room when the raid was made and exonerated the young men of the charge of gambling. He said that he was invited up to the room by the proprietor to discuss the question of converting the rooms into a social club room. He said there was no gambling; that he never saw a bet made or heard the stacking of poker chips. He admitted that he had played poker and knew a stud poker table and a draw poker table. He said he felt that great injury had come to him because of the publicity that had been given it, but he wanted everyone to know that he was not in the room on the night in question for the purpose of playing cards. Both Messrs. Kirby and Blackwood were dismissed.

## FINLEY ON SOUTHERN'S DIVIDEND OF 11-2 P. C.

President of the Road Says it was Accomplished by Appropriating Part of Last Year's Surplus for the Purpose—Reason for Reduction.

New York, Aug. 24.—Commenting on the reduction of the dividend on the preferred stock of the Southern Railway from 2-1/2 to 1-1/2 per cent, President Finley made the following statement:

"At a meeting of the board of directors of the Southern Railway, the income account and results of the operations for the fiscal year ended June 30 last, were considered. A dividend of 1-1/2 per cent was declared on the preferred stock out of the accumulated surplus, making a total dividend distribution of four per cent for the year. For this purpose there was appropriated a portion of the surplus income carried forward from the year ended June 30, 1906, after the payment of dividends for that year."

"In taking this action the directors were influenced by the consideration that the income account for the year reflects such an abnormal and extraordinary condition as may not reasonably be expected to recur. At the same time the directors considered that under the existing conditions of high prices of supplies, material and labor, of increasing taxes and legislative reduction of revenues it was the part of conservative prudence to limit the distribution of the profits of the company at least until permanent effects of such conditions can be fairly measured."

## Catcher For New York Nationals Hurt

New York, Aug. 24.—Frank Bowerman, the catcher of the New York Nationals, who was hit in the head by a fast inshoot pitched by Jack Camnitz, of the Pittsburgh club, while at the bat in a game at the Polo Grounds yesterday, was reported to be in a favorable condition today.

Bowerman was taken to the Washington Heights Hospital. The extent of his hurt will not be known until the swelling back of the left temple, where the ball struck, has been reduced. It is believed, however, that the catcher will be unable to rejoin the Giants this season.

## Souvenir Shell Was Loaded

New York, Aug. 24.—A shrapnell shell which was once stored in the magazine of the battleship Maine when she was blown up in Havana harbor exploded yesterday in Jersey City and severely injured several children.

Eldem Kenney, 11 years old, was playing with the shell. Around him were half a dozen youngsters, listening to the story of how a sailor gave the missile to the elder Kenney as a souvenir.

The boy, to show how heavy and strong the shell was, dropped it on the ground. With a roar that shattered windows and broke panes of glass nearby, the metal cylinder exploded.

Young Kenney was fearfully mutilated in any way die. Two of his companions, Grace Ruddick and George O'Rourke were bruised and lacerated. The shell had been used as a toy by the Kenney children for years. It was understood that the charge had been withdrawn.

## Officer Jordan Will Get Well

Durham, N. C., Aug. 24.—The revenue officers that were participants in the bloody affray near Chapel Hill early yesterday related the true circumstances in the matter today and it falls favorably with the first reports.

Revenue Officer J. B. Jordan, who was thought to be fatally wounded, has been brought to Durham this morning and carried to the Watts Hospital. His condition today is much better than expected and physicians regard his recovery a certainty.

When the firing ceased and the officers learned the situation they were amazed to find that the affray had resulted no worse. It is believed that all would have been killed had it not been for Officer Rigbee rushing from his party to the others and grabbing Hendricks, of Greensboro, who at that time was reaching for his pistol. At this point they recognized each other, realizing their fatal error.

## Government Orders Best Care For Wounded

Washington, D. C., Aug. 23.—The commissioner of internal revenue has received a telegram from Internal Revenue Collector Suber, at Greensboro, N. C., saying:

"Deputy Collector Hendryx, with a posse from Raleigh, and Deputy Collector Henry with a posse from Durham met at a moonshine still last night. Each took the other for moonshiners and fired on each other. Deputy Marshall Jordan was mortally wounded and Deputy Collector Henry and two possemen are seriously wounded."

Commissioner Capers telegraphed instructions that no expense be spared in caring for the wounded.

## TO DISSOLVE STANDARD OIL.

New York, Aug. 24.—Frank B. Kellogg, special counsel for the Interstate Commerce Commission, has arrived in town. He will begin taking testimony on Sept 3 in this city in the suit filed in the federal court in St. Louis to dissolve the Standard Oil Company.

He was in consultation with Attorney General Bonaparte and the government officials on Thursday. Prominent officials and representatives of the Standard Oil Company are included in the witnesses.

The hearing is expected to last several weeks. Mr. Kellogg as special counsel for the government, conducted the investigation into the Harriman roads last winter.

## PRESBYTERIAN CHURCH BURNED

Bennettsville, S. C., Aug. 4.—At 4 o'clock this morning the new Presbyterian Church here was discovered on fire. It had been just completed and was dedicated at a cost of \$22,000. There was \$8,000 insurance and \$9,200 was yet due on the building, pulpits, furniture and pews placed into it yesterday, the piano was also burned. The new \$2,000 pipe organ had not arrived.

The generally accepted theory of the origin of the first was from the electric wires. Some charge incendiaryism. The church has the sympathy of the entire community.

Dr. McLeod, the pastor, is in Boston.

## Days of Daniel Boon Recalled

### Real Indians Make Mock Attack on Old Fort at Jamestown Exposition. Descendants Of The Pioneers Defend.

Norfolk, Va., Aug. 23.—History was graphically reproduced at old Fort Boone, the Kentucky state building at the Jamestown Exposition in celebration of Winchester, Ky., day, when the attack made upon Fort Boone in the days of Daniel Boone by Indians, who captured and carried off three maidens, cut off from the fort during original attack was repeated.

The attack was made by real Indians from one of the exposition reservations and the defense was, as far as possible, by the ancestors of those who made the original defense.

Miss Ruth Searcy, who represented Betsy Callaway, and Miss Anne Lee Sutherland, who impersonated Frances Callaway, the girls whom the Indians captured in the eighteenth century, are great grand-daughters of Bartlett Searcy, who was the leading defender of the fort and one of the party which subsequently rescued his daughters from the red-skins.

## Revenue Officer Sheppard Shot By The Moonshiners

Greensboro, N. C., Aug. 23.—Near Wilkesboro yesterday Revenue Officer John Sheppard was shot and painfully wounded by blockaders who were hid in the woods nearby. Sheppard was sitting on a tree, waiting for his comrades of a raiding party to come up, when he was shot, as stated, from ambush.

Stung as he was by loads of shot from the guns of his enemies he had the nerve to grip his gun and run for a point of vantage, where he got several shots at the moonshiners as they made a dash for liberty, passing through a clearing in the woods. He was so badly shot up, however, that he could not aim true and says he did not bring down any of the men.

Mr. Sheppard's two-horse team was frightened by the shooting and ran away, demolishing the vehicle in which he had been riding.

## BAD CINCINNATI FIRE

Cincinnati, O., Aug. 23.—A shift of the wind aided the firemen in their efforts to overcome the fire that started in the Eagle White Lead Company's plant last night, and five hours after the flames were discovered, the fire was under control, after wiping out property valued at \$750,000, driving hundreds of tenement dwellers from their homes and leaving waste several acres of ground.

Nearly everything in the block bounded by Broadway, East Court street, Hunt street and the Norfolk and Western's tracks, was destroyed. Numerous crowded tenements fringed the fire section and families were hurried to places of safety, many carrying their valuables with them.

Trolley and telephone lines had to be cut by the firemen, crippling both kinds of service and adding to the loss by the fire itself.

Only one man was injured.

## FAMOUS CIRCUS WOMAN DEAD

Mme. Lake Was Great on Bare-Backs and High Wires.

New York, Aug. 23.—Mrs. Agnes Lake, the first woman circus owner in this country, and at one time a famous bare-back rider and champion woman high wire walker, died yesterday at the home of relatives in Jersey City.

Mme. Lake's career has been one of remarkable romance and adversity. Both of her husbands, Wm. Lake, a circus clown and "Wild Bill" Hickok, an associate of "Buffalo Bill," were killed by desperadoes.

She was 81 years old and had been with various circuses for 44 years. For the last ten years she had been an invalid.

Agent Claude Shelton goes to Durham and Mr. Ellis takes his place here. The Southern has no more efficient men than the two above mentioned.

Apple shipments are increasing and prices slowly advancing. Fine Buckinghams sold on the streets here Tuesday as high as 60 cents per bushel. Some medium to common brought only 30 to 25 cents.

Thomas J. Payne, of the Monroe Buggy Co., has been in town this week visiting relatives and friends.

San Francisco, Aug. 22.—Mayor Taylor today began his promised cleaning of the municipal departments by sending a notification of their removal from office to four Police Commissioners. The commissioners, after a secret conference, announced that they would not recognize any power except the court. It is understood they will resist any attempt to take possession of the records of an appeal to the police.

## LIQUOR CASES, 250

### Durham's Officers Seemingly Not Good On Blind Tiger Hunt

Durham, N. C., Aug. 23.—Durham county is making rapid progress in the development of her educational facilities, and with the completion of two contemplated high schools, which have been under consideration for some time, will make a splendid showing. At the last session of the State Legislature an act was passed allowing each county in North Carolina four schools, the State paying for the erection. Since this act was passed the East Durham Graded school has been remodelled and more added until it has become a first-class school. The board of county commissioners also appropriated \$500 in order that it might be complete and at a called meeting of the board of education next week a committee will be appointed to look after the affairs of this institution. It can be definitely stated that a new high school will be erected at Cedar Fork in this county at an early date.

The number of whiskey cases to be tried at the approaching term of court next Monday is about 250. At the last term of Superior Court held in May there were 50 such cases on the docket.

Luther Clayton, J. S. Davis and C. P. Thomas, three white men employed by the Durham & South Carolina Railroad near Durham to manage a force of workmen, were given a hearing this morning before a magistrate on the charge of an assault on a negro, Irvin Smith. The negro claims that Clayton shot at him twice on the occasion of killing him and that the other knocked him down with shovels. The accused say they fired to protect themselves against the other negroes. They were bound over.

Mr. J. H. Sneed, a prominent business man and president of the local association of merchants, was married to Miss Hattie MacWaine, in Baltimore yesterday. The affair was quite a surprise.

Mr. Robert R. Holloway, for many years a well-known citizen of Durham, died yesterday.

## TEN YEARS IN BED

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." W. S. Martin & Co.

What a New Jersey Editor Says.

M. T. Lynch, Editor of the Phillipsburg, N. Y., Daily Post, writes: "I have used many kinds of medicines for cough and colds in many family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." W. S. Martin & Co.
