WINE OF CARDUI

Train of Seven Cars on Southern Turns Over Without Loss of Life

FRUIT GROWERS TO MEET

Twenty-one People Slightly Injured in Derailment Near Charlottesville. Crew Same as in Wreck Which Killed Spencer.

Private Car of a Big Western Railroad Man One of Those Which Plunged Down The Embankment.

Charlottesville, Va., Aug. 26.—Southern Railway train, No. 24, the New York and Augusta Express, was wrecked at four o'clock this morning in a cut near Red Hill, eight miles south of Charlottesville.

Seven cars, including the private car of Byrd Robinson, president of the Missouri, Jackson and Kansas City Railway, left the rails and plunged into an embankment. By a miracle, there was no loss of life.

Twenty-one people in all were injured, but none seriously by the derailment. The entire train except engine and tender turned over. The train, fortunately, was running at moderate speed.

Among the injured are: V. W. Duval, Hyattsville, Md., head clerk in mail car, cut about breast and left arm.

J. A. Boyer, Washington, mail clerk, side injured.

Calvin Cowan, colored, Salisbury, N. C., had cut over left eye.

Samuel Goodman, Salisbury, merchant, arm and wrist injured.

H. C. Gault, New York, traveling man, knee hurt.

The crew in charge of the train is the same that was in the Rangoon wreck in which President Samuel Spencer was killed on last Thanksgiving Day.

The wrecking train containing the injured, in charge of three physicians from Charlottesville, reached here at 7:30.

Cowan was removed to the University Hospital, the other injured continuing on their journey.

The accident was due to a defective rail, which is in the possession of the train crew.

The track is plowed up the train's length and traffic will be blocked for the greater part of the day. Had the accident occurred fifty yards beyond the cut, the entire train would have been thrown from a trestle.

Two Citrus Cause Law Suit. Greensboro, N. C., Aug. 26.—Saturday there was a big trial on a warrant secured by Miss Lydia Newman against R. L. Ozement, the difficulty originating in Ozement's effort to enforce the chicken law. He shut up two citrus groves belonging to the lady because they were scratching up his garden and refused to deliver them until the damage was paid. Only four lawyers were engaged in the case, Messrs. Bradshaw and Sherrod for the prosecution and Messrs. Scott and McLean for the defense. It was too much of a doubtful case for the presiding justice to decide off hand so he took an adjournment.

Keep the pores open and the skin clean when you have a cut, burn, bruise or scratch. DeWitt's Carbolic Witch Hazel Salve penetrates the pores and heals quickly. Sold by C. M. Shuford and W. S. Martin.

Bank Statements Called For. Washington, D. C., Aug. 26.—Comptroller of the Currency has issued a call for statements as to the condition of National banks at the close of business August 22.

DeWitt's Little Early Risers don't sicken or gripe. Small Pills, easy to take. Sold by C. M. Shuford and W. S. Martin.

It's easier to build a house for what you can afford to spend on it than for a rich man to have a good reputation.

Lawyers Have National Meet

Committee on Code of Professional Ethics Makes Important Recommendations. Judge Parker on Program.

Portland, Me., August 26.—The meeting of the American Bar Association here promises to be one of the most interesting in its history. Judge Alton B. Parker, the distinguished candidate for the Presidency on the Democratic ticket in the last campaign, will deliver the annual address of the President of the Association this evening.

A proposed code of professional ethics will be distributed among the members when they assemble here tomorrow. The proposed code, as prepared by a committee of prominent lawyers from various sections of the United States, will be submitted at this time merely for the information of the association members. No effort to have the report adopted will be made at this time, but it is likely that it will be submitted to next year's meeting for such action. The members of the committee which prepared the code are Henry St. George Tucker, of Virginia; James G. Jenkins, of Wisconsin; William Wirt Howe, of Louisiana; Francis Lynde Stetson, of New York; Ezra B. Thayer, of Massachusetts; Franklin Ferris, of Missouri; Thomas H. Hubbard, of New York; Frederick V. Brown, of Minnesota and Lucian H. Alexander, of Pennsylvania.

Accompanying the code as prepared by the committee, is the following report of work already done and contemplated:

"Your committee are of opinion that the adoption of canons of professional ethics by the American Bar Association is destined to have a powerful and far-reaching influence upon the development of our profession. It is deemed, to so great an extent that it will be difficult to overestimate the importance of the event. We believe that such canons, to become practically effective, should be adopted only after mature and careful deliberation, and much fuller consideration on the part of our membership than is possible at one of our annual meetings. It is the duty of the Association to see that the lawyer's prayer, written by Dr. Samuel Johnson, September 26, 1765,

"G. The ethical code for lawyers promulgated in 1833 by Christian V. of Denmark and Norway, and

"M. Hoffman's Resolutions in regard to Professional Department, published at Baltimore, Maryland, in 1836, and which are now printed in the Year Book for the Bar Association of Jacksonville, Florida.

"First.—That the committee be constituted of one member from each of the States which have adopted the code, should have the active assistance of every member of the Association with thoughts upon the subject, and that the recommendations which your committee may see fit to make should be considered, not only in connection with what has already been done in those States having codes of ethics, but also in the light of what has been said by individuals, who have directed their attention particularly to the subject.

"We accordingly annex an Appendix containing:

"A. That portion of the 1906 report of your committee, dealing with the 'advisability and practicability' of the adoption of canons of professional ethics by this Association.

"B. A compilation of the codes adopted in Alabama, Colorado, Georgia, Kentucky, Maryland, Missouri, North Carolina, West Virginia, Wisconsin and Virginia.

"C. The eight canons incorporated in the 1899 charter of the Louisiana Bar Association.

"D. The oath administered to lawyers on admission to the Bar in the State of Washington, containing a brief outline of professional duty.

"E. The oath prescribed for admitted and enlarged by the addition of Judge Thomas Goode Jones, author of the Alabama code, which with but few alterations has been adopted by the Bar Associations of eleven States, also that Mr. Justice Brewer and the retiring and incoming presidents of the Association be declared members of the committee, and also Hon. George R. Peck, who, as President of this Association in 1905, appointed the initial committee on this subject. Mr. Justice Brewer was named by President Parker a member of the committee, but at the time felt constrained to decline. We have since had the benefit of his advice, and we believe he would now deem it a duty to serve.

"Second.—That the committee be directed to transmit before December 1, 1907, a copy of Sharswood reprint, and of this report, to each member of the Association, and to request a careful examination of the documents set forth in the Appendix to this report, and in the submission of opinions and suggestions in the matter of the proposed canons of ethics; that the committee also be directed to send the reprint and report to the Secretary of each State Bar Association in the United States, with similar requests as may be appropriate; and that your committee confer with the committees on professional ethics both in the States with codes, and in those without codes, but in which action is contemplated.

"Fourth.—That the committee be directed to have the proposed canons of

"We never repent of eating too little," was one of the ten rules of life of Thomas Jefferson, president of the United States, and the rule applies to every one without exception during this hot weather, because it is hard for food, even in small quantities, to be digested when the blood is at high temperature. At this season we should eat sparingly and properly. We should also help the stomach as much as possible by the use of a little Kodol for indigestion and dyspepsia which will rest the stomach, by digesting the food itself. Sold by C. M. Shuford and W. S. Martin.

Everybody loves our baby, rosy, sweet and warm. With kissy places on her neck and dimples on her arms. Once, she was so thin and cross, used to cry with pain—Mother gave her Cascasweet, now she's well again. Sold by C. M. Shuford and W. S. Martin.

Winston-Salem, N. C., Aug. 26.—A citizen of Walnut Cove who was here on Saturday, says that Judge W. P. Bynum, of Charlotte, visited Walnut Cove last week and was most favorably impressed with the progress of the town. It is reported that he offered to take a large amount of stock in the proposed new cotton mill there.

Judge Bynum Has Faith in Walnut Cove

Winston-Salem, N. C., Aug. 26.—A citizen of Walnut Cove who was here on Saturday, says that Judge W. P. Bynum, of Charlotte, visited Walnut Cove last week and was most favorably impressed with the progress of the town. It is reported that he offered to take a large amount of stock in the proposed new cotton mill there.

Everybody loves our baby, rosy, sweet and warm. With kissy places on her neck and dimples on her arms. Once, she was so thin and cross, used to cry with pain—Mother gave her Cascasweet, now she's well again. Sold by C. M. Shuford and W. S. Martin.

professional ethics drafted by May 1, 1908, and on or before that date to transmit a copy to each member of the Association, and to the respective State Bar Association committees, requesting suggestions and criticism, the final report of the committee to be ready for submission at the 1908 meeting.

The convention will continue until Wednesday. Two hundred delegates had arrived before the convention was called to order today.

Had to Open a Safety Valve

New York, Aug. 26.—Secretary Root, who is at Muldoon's "Cure" farm near White Plains, is progressing finely, according to Muldoon, who says he will have the Secretary back at work, "the strongest man in President Roosevelt's Cabinet," in two weeks more.

"As to the Secretary's condition," Muldoon said, "there appears to be very little wrong with him. He was just plugging the work too hard and any man that forgets that all work and no play makes Jack a dull boy, is likely to wake up some day and find himself full of mental and physical kinks.

"That's all it is with Mr. Root. I have been able to see since he has been up here how he is worked. I am taking personal care of him, and it takes most of my time to see that he isn't bothered every minute of the day and night by politicians and officials.

"He seems to like the exercise he gets; he is eating well and sleeping better and in two weeks he will be a well man. His personal physician has only been up here twice to see him and I don't think he will call again. Mr. Root had simply got to the point where a safety valve had to be opened. That's what his rest cure up here amounts to."

"The lawyer's prayer, written by Dr. Samuel Johnson, September 26, 1765,

"G. The ethical code for lawyers promulgated in 1833 by Christian V. of Denmark and Norway, and

"M. Hoffman's Resolutions in regard to Professional Department, published at Baltimore, Maryland, in 1836, and which are now printed in the Year Book for the Bar Association of Jacksonville, Florida.

"First.—That the committee be constituted of one member from each of the States which have adopted the code, should have the active assistance of every member of the Association with thoughts upon the subject, and that the recommendations which your committee may see fit to make should be considered, not only in connection with what has already been done in those States having codes of ethics, but also in the light of what has been said by individuals, who have directed their attention particularly to the subject.

Turkish Troops Invade Persia

Massacring Men And Carrying Off Women, Authorities May to Appeal to Russia Unless Government Acts.

Teheran, Aug. 26.—General Samson Dowell and other Persian officers, according to reports have been killed by invading Turks, after having been taken prisoners. Many inoffensive Persian villagers, including women and children, have been slaughtered, women have been carried off, a church has been defiled and much grain and other property taken or destroyed.

Turkish regular troops with artillery were within four miles of Urumiah on August 15. There were no signs of the withdrawal of the Turks from Persian territory.

Another report says the Turks have occupied Merivan in Persian Kurdistan, east of Suleimania.

In a telegram asking for help, the clergy and inhabitants of Merivan add that if the Persian government is powerless, the people must beg Russia to come to their aid against Turkey.

Building 47 Stories High

New York, Aug. 26.—Piercing the skyline of New York far above all the other skyscrapers of the downtown district, the lofty Singer building, fast nearing completion, will, within the coming week, exceed in height the Washington monument whose solid shaft of granite rises 555 feet above the ground. When the structural steel workers riveted home the last steel beam Saturday before ending their day's work, the steel frame of 36 floors of the building had been completed.

Eleven more stories remain to be built and when the towering pile of steel and masonry is finished it will be 47 stories high and 612 feet from the sidewalk on Broadway to the pinnacle.

This giant sky scraper will be the highest occupied building in the world and will overtop all other existing structures except Eiffel tower in Paris. When completed a time ball will drop every hour from a pole on top of the building and at night the falling hour globe will be illuminated by three lights which will play upon it constantly.

The foundation of this colossal building is set in solid bed-rock 96 feet below the level of the sidewalk. A heavy steel body laid over the caissons forms the under body of the structure, fourteen floors of which comprise the main section of the building from which rises the tower up to 47 stories.

With its scores of office rooms. The engineers say the total weight of steel and masonry in the tower is 18,365 tons while nearly 10,000 tons of steel have been used in the frame-work. Eighteen elevators will carry the 2,500 tenants to their offices.

Fifteen thousand incandescent lights, sufficient, the engineers say, to light a town of 25,000 inhabitants, will illuminate the rooms and hallways for late office workers. Fifteen miles of pipe will be required for steam and water purposes.

An immense copper lantern will form the pinnacle of the building from which at night a powerful searchlight will flash forth, furnishing a beacon to mariners and will be visible more than 60 miles at sea.

HUNTING FOR TROUBLE. "I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Allegheny, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed C. M. Shuford and W. S. Martin & Co., drug store. 25c.

A woman can have faith in her husband unless he deserves it.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or epilepsy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both Home of Swamp-Root, sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

NEGRO SHOT IN CRAP GAME

Negro Who is Shot, Refuses to Divulge Name of Assailant

Salisbury, N. C., Aug. 26.—A bunch of negroes, a crap game, pistols, and the same old story—negro full of lead! Yesterday morning an unknown negro shot Jack Williams, also colored, in the face. Williams says he knows who shot him, but refuses to divulge the name of his assailant. A crap game was the cause of the trouble. Williams is not seriously hurt. This city is the mecca on Saturday night and Sunday for the army of negroes who work at Whitney and the force who have been working on the Southern's double tracking congested here and they give the officers no little trouble.
