

# THE EXPERIENCE OF MANY WOMEN

## Demonstrate Beyond All Cavil That Pe-ru-na Is a Safe and Useful Household Remedy.

Read What the Women Say.

### Chronic Hoarseness.

Mrs. Delia C. Cameron, Healdsburg, Cal., member Daughters of America, writes: "Having tried many remedies for chronic catarrh of the bronchial tubes, and not receiving any benefit, I began to think there was no help for me until I began to use Peruna. "In a short time the bronchial tubes began to clear, I did not have that 'frog in my throat' continually, my voice was not nearly so husky, and the wheezing noise disappeared. "I was soon able to believe that I was entirely free from catarrh, and as this was several months ago, I do not believe that it will return."

### A Wasting Disease.

Mrs. Roxa Tyler, 6210 Madison Avenue, Chicago, Ill., Vice President of the Illinois Woman's Alliance, writes: "During the past year I gradually lost flesh and strength until I was unable to perform my work properly. I tried different remedies, and finally Peruna was suggested to me. "It gave me new life and restored my strength. I cannot speak too highly of it."

### Catarrh of the Stomach.

Miss Emily Koch, 914 Michigan Ave., Sheboygan, Wis., writes: "I can heartily recommend Peruna for catarrh of the stomach. I had tried many things which did me no good and as a last resort I got a bottle of Peruna. "I only regret that I did not try it before I forced so much bad stuff into my stomach. It has entirely cured me and as a preventative I always keep a bottle in the house. "I gladly recommend it to all who are afflicted as I was."

### Bronchial Catarrh.

Mrs. Wm. Hohmann, 569 N. Paulina St., Chicago, Ill., writes: "I suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. When a child is ever supposed to be whooping cough or the croup, but as I got older it got worse. "After a while it got so bad I had to cough both winter and summer. Finally I burst a blood vessel in my throat from the strain of coughing, next a blood vessel in my stomach, so I kept taking worse and doctoring, and even then could get no relief. "I went to a dispensary for treatment, but it all done me no good. At night I could never lie on my back. I would sit up until two or three o'clock in the morning before I could close my eyes. Then of course, I thought, and everybody else that I had consumption. "Reading the papers about Peruna I decided to try it without the least hope that it would do me any good. But after taking three bottles I noticed a change. My appetite got better, so I kept on, never got discouraged. "Now I can lie on my back and sleep all night, and you may well think how thankful I am for Peruna."

### Saves Family From Death.

New York, Aug. 31.—Caught in the act of attempting to asphyxiate seven members of the George Verralls family, a burglar who planned to rob the Verralls flat, on East 83rd street, was shot down and killed while endeavoring to make his escape. The cry of a restless infant saved the Verralls family. The burglar made two attempts to asphyxiate the family. He was shot three times by Verralls and instantly killed. Early today the cry of Mrs. Verralls' infant awoke the mother who detected the odor of gas. She turned on the open jets and aroused her husband and told him of it. He fell asleep again and Mrs. Verralls retired for the night. She grew restless and did not close her eyes and two hours later she again smelled gas. She hurried to the kitchen and found it filled with gas pouring from the open jets on the wall. She called in her husband after finding that her five children were safe and Verralls went for his revolver. A search was made and the shadowy form of a man was seen trying to escape from an adjoining flat to the fire escape. Verralls fired four shots, three of which struck the burglar who fell dead as he was trying to get through a window. All of the Verralls family are ill from the effects of gas. The police have not identified the burglar.

### CIVIL WAR COURIER DEAD.

Rode at Sherman's Side During His Famous Ride. Chester, Pa., Sept. 2.—Monroe Graham, who was a dispatch bearer and courier in the civil war and rode with General Sheridan during his famous ride of 20 miles from Winchester, died at his home in Village Green. Mr. Graham frequently gave at grand army gatherings a version of the part he played when he acted in the capacity of dispatch bearer. The troops, he said, were stationed 20 miles from Winchester, at which place Sheridan was in conference with other army officers as to future plans. An attack occurred and Sheridan was needed at the front. Graham volunteered to ride to Sheridan and return with him while the battle was in progress. Graham started on his ride to notify Sheridan and before he reached him the cannonading could be heard. "Quick!" shouted Graham, as he handed the dispatch to General Sheridan, who was taken by surprise at the sudden appearance of the courier. Sheridan immediately mounted his famous black horse and accompanied by Graham proceeded on his ride. Graham was at the side of General Sheridan until the troops were reached.

### Trinity College Opens Wednesday Morning

Durham, N. C., Aug. 31.—The Young Men's Christian Association has made arrangements to establish an information bureau for the benefit of new students. A room on the first floor of the Duke building has been secured and members of the association will be in attendance to give any information. This bureau will be open Tuesday, September 10. A number of second year law students have been at the park during the summer reviewing for the examination before the Supreme Court. President Kilgo has an engagement to deliver an address next Saturday before the Teacher's Institute being held in Lexington, N. C. Dr. W. K. Boyd, of the department of history, who has been in the mountains of this state for some time, has returned to the park. Mr. D. W. Newsom, registrar of the college, who has been spending some time in the western part of the state, on a vacation, has returned to the park. Mr. E. W. Knight, assistant registrar, is now taking a vacation, and is spending a few days with relatives in Rich Square, N. C. Professor E. C. Brooks, of the department of education, leaves tomorrow for Kearsersville to spend a few days with his family. He will go from there to Asheville to attend the meeting of county superintendents, which meets September 4, at Mountain. College exercises will begin Wednesday morning, September 11. The first faculty meeting this year will be held Saturday morning, September 7.

### FARMER SUES BARBER FOR LOSS OF BEARD.

By Associated Press. New York, Aug. 31.—George Palmer, a wealthy farmer at Parkville, N. Y., has brought suit for \$2,000 damages in the supreme court against John J. Reisler, proprietor of a barber shop at 333 High street and Broadway. Palmer's grievance is that his beard, of which he is quite proud, was cut off by one Reisler's employees. Palmer fell asleep in the barber's chair, he says, after having told the man simply to trim his whiskers, but the barber stupidly sheared off all the whiskers and shaved his face. The application of a wet towel on Palmer's face awoke him, and when he realized that his beard was gone, he sought a lawyer instantly and had suit brought at once.

### EAGLES CAPTURE JAMESTOWN

Meeting Begins Tomorrow With Greeting From Governor Anson and Mayor Riddick. Norfolk, Va., Sept. 2.—Thousands of members of the Fraternal Order of Eagles are here from every section of the country for their national convention. All day the visitors have been arriving by boat and train and it is estimated that within the business of the convention begins tomorrow there will be no fewer than 30,000 members of the order here. Grand Worthy President Edward Krause, of Wilmington, Del., will call the gathering to order in Armory Hall tomorrow morning, and the visitors will be greeted by Governor Swanson, Mayor Riddick and others. The convention will continue through the week with business sessions being interspersed with social entertainment in Norfolk and at the Jamestown Exposition. The management has designated Thursday as Eagles' day, on which occasion there will be a great parade at the fair grounds.

### Improvements on Southern.

Winston-Salem, N. C., Aug. 31.—The Southern Railway is now engaged in laying 80-pound rails on the lines between Winston and Greensboro and Winston and Mooresville. In addition to the laying of these heavier rails the Southern is also preparing to make extensive improvements on other roads leading out from this city. Several iron treaties have been taken up on the Wilkesboro road lately and will be used in place of the old wooden trestles on that line. The depot at Advance, in Davie county, was burned some time ago, and since that time a store building nearby has been used as a station. Now the Southern has awarded the contract for a \$2,800 depot for Advance and work on same is to begin soon.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. W. S. Martin & Co.

Chicago, Aug. 31.—Thirty automobiles were destroyed by fire in the Croft Brothers garage. Fire followed an explosion of gasoline in a tank on one of the machines. The loss is about \$10,000.

### ENGINEER COOPER TALKS OF FATAL BRIDGE COLLAPSE

New York, Aug. 31.—Theodore Cooper of this city, who has been the consulting engineer in charge of the work on the huge Cantilever bridge across the St. Lawrence river, which collapsed Thursday evening, feels keenly the accident that cost the lives of 29 working men. In a statement made to a reporter he reproached himself for not having visited the works in two years, though ill health has kept him here and he tried to obtain his release from the responsibility of the position for that reason.

Mr. Cooper also made the statement that on Thursday morning after his inspector had come to see him and told him that things did not look well for the bridge, he had sent a telegram to the man in charge of the work to get off the bridge and stay off it until it be could examined. Mr. Cooper has not been notified whether the warning was too late.

"Of course we believed that the work as planned was absolutely safe," Mr. Cooper said, "though in dealing with even an old type of work on a hitherto unparalleled scale, new and unexpected problems now and then arise. One cannot prophesy with infallibility about something that is entirely new. I cannot tell what is coming out of this; maybe we shall learn about things we never knew before."

Mr. Cooper is one of the most distinguished engineers in this country, as well as one of the most experienced. He is 63 years old. He was associated with James B. Eads in constructing the St. Louis bridge over the Mississippi river from 1872 to 1875. He was superintendent of the Delaware Bridge Works and has been long considered a bridge expert in the U. S., Canada and Mexico. Besides a number of engineering papers he is the author of "Cooper's Specifications for the superstructure of railroad and highway bridges." He has twice received the Uorman medal given by the American society of civil engineers.

### Fishing at Lake Toxaway.

Lake Toxaway, N. C., Aug. 31.—Over 45,000 rainbow trout were deposited in Lake Toxaway Friday afternoon by the bureau of fisheries of the United States government. The fish were brought from Johnson, Tenn., and their average length was about three and one-half inches. Lake Toxaway has been alive with fish this season and the lovers of the rod and reel have had the sport of their lives pulling the beautiful mountain trout from the water of Lake Toxaway. Several large catches have been made recently, and, taking it altogether, the fishing this season has been better than ever known before.

A large crowd composed mostly of the young people, made a tramp to the summit of Mount Toxaway recently, where a delicious dinner was served, the entire party returning about dark, tired and hungry, but entirely satisfied with the day's sport.

### Buckeye State's Old Home Week

Columbus, O., Sept. 2.—This city is gayly decorated for the State Fair and Old Home celebration which began today to last until the end of the week. Every day will have some special features. Today was designated as welcome day and was given over to the reception of the many visitors who poured into the city on every train. Friday will be the big day of the celebration. It has been set aside in honor of the veterans and pioneers, and there will be addresses by Governor Harris, Senator Foraker, Vice President Fairbanks and other men of wide prominence. Abundant evidence already exists that the crowd of strangers in the capital city this week will probably be the largest in its history.

### HOW TO AVOID APPENDICITIS

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. W. S. Martin & Co.

### No Ads. on Freight Cars.

New York, Aug. 31.—In accordance with the recent action of the American Railway Association and the Master Car Builders' Association, the Pennsylvania Railroad has notified its agents that beginning Sept. 1, the placing of advertisements on freight cars of railroad ownership will be prohibited.

Advertisements will also be removed from all cars received from connecting lines and the latter will be billed a stated charge for their removal. This ban on advertised, tacked, or pasted on the cars, is expected to result in more sightly equipment.

### HOW TO REMAIN YOUNG.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can do all my work with ease and assist in my husband's store." Guaranteed by C. M. Shuford and W. S. Martin & Co's drug stores. Price 50c. Old bachelors are as hard to understand as widows are easy.

### Young Man Arrested, Charged With Murder

Winston-Salem, N. C., Aug. 31.—Edward Gibson, a young white man of Walnut Cove, was arrested yesterday and taken to Martinsville, Va., and placed in jail. He is charged with being the man who shot and fatally wounded a negro by the name of Ab Hairston on the N. & W. train near Martinsville on Saturday night. It seems that the negro came in the white folks car and was drunk. Some one asked him what he wanted in there, and falling to give a satisfactory reply, some one shot him. Everyone in the train denied the charge, but detectives who were placed on the trail worked up a case against Gibson and arrested him. The negro was shot in the head and there is no hope whatever for his recovery, the doctors declaring that it is a puzzle to them that he has lived this long.

### SHE GOES MOTORING AT AGE OF 107.

Derby, Conn., Aug. 31.—Mrs. Elizabeth Hunt, of Brooklyn, N. Y., celebrated her one hundred and seventh birthday today at the home of her granddaughter, Mrs. P. M. Wellman, in this city. Mrs. Hunt belongs to a prominent and wealthy Brooklyn family in Brooklyn and her age, unlike that of most centenarians, is beyond question. During her visit here this summer Mrs. Hunt has taken frequent trips to the Housatonic river. She is also extremely fond of automobile riding.

### BIG VETERANS REUNION.

Raleigh, N. C., Aug. 31.—Many people went from Raleigh and other points in this section to the big Confederate veteran re-union at Holly Springs by the W. R. Rand Camp Confederate veterans. It was the annual re-union. Gen. Julian S. Carr was the principal speaker. And he treated the immense throng of people to one of his very best addresses, paying splendid tributes to not only many of the leaders of the "Lost Cause," but to the men in line as well. There was a big barbecue in connection with the re-union.

### OF INTEREST TO MANY.

Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. W. S. Martin & Co.

Youngpop—"Do you think the baby looks like me?" Oldbach—"Yes, in deed, the resemblance is—er—simply widely known in the soft coat trade. awful!"

## RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.

## S.S.S. PURELY VEGETABLE

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## Plumbing, Roofing Guttering

ONE by expert workmen. All kinds of Tin Work on short notice. A full line of Bath Tubs, Bowls and Sinks, with hot and cold water fixtures. We will do your work right.
