Worst Rioting In The History Of Western Canada Is Reported

Seattle, Wash., Sept. 9.—A dispatch to the Post-Intelligencer from Vancouver, B. C., says: "Following the riot Saturday night in Vancouver, in which Chinatown and the Japanese quarters were raided and damage done approximating \$100,000, a further demonstration occurred later in which Kiki Yiro Ishii, chief of the bureau for foreign commerce, and head of the Japanese consular service, and Consul Saburo Hisamidzu, of Seattle, were the central figures and in which riot a number of people were bruised and injured by broken bottles and flying brick bats in the hands of the frenzied mob.

Baron Ishii and Consul Hisamidzu finally made their escape and the affair was called to Tokio. Coincident with the riot was the arrival of the steamship having on board about 500 Japanese. With common impulse the mob surged to the water front and as soon as the Japanese came down the gang-plank, they were met by the rioters.

Seven or eight of the Japanese were unceremoniously picked up and thrown into Buzzard Inlet.

Still further rioting occurred when a crowd of about 4,000 laborers started on the war path, but were finally quelled by the police after about 20 arrests had been made.

Last night Chinatown was roped off and the quarters of the orientals guarded by the police.

Baron Ishii, in an interview, stated that he had cabled to Ambassador Kameko at London apprising him of the rioting events here.

Indemnity from the city to the amount of \$25,000 will be claimed. Mayor Bethune declares the indemnity will not be paid, and the affair will be taken up with the Dominion government.

Saturday night's rioting was the worst in the history of Western Canada. International complications are looked for.

Came to Study Conditions. By Associated Press.

New York, Sept. 9.—While Alkujiro Ishii, director of the commercial bureau of the Japanese foreign office, came to this country to investigate and report on the recent anti-Japanese demonstration in San Francisco, it is generally understood his mission was to make a thoroughly study of the whole Japanese question and to ascertain the cause and extent of whatever prejudice may exist against the Japanese.

Later he went to British Columbia, where the conditions arising from the recent inflow of Japanese and Hindus caused a serious disturbance of labor conditions.

Report on Damage Done. Montreal, Sept. 9.—Consul-General Noz, at Ottawa, has received telegraphic reports on the demonstration at Vancouver. Director Ishii reports that Saturday night 50 rowdies marched into the Japanese and Chinese quarters and stoned the buildings.

In the subsequent attack the mob increased to 500 and several store-fronts were broken and one Japanese wounded.

Director Ishii says the police did their best, but that there was "hardly any room for relief from that direction."

Consul Morioka telegraphed reporting a "fourth attack made by the rowdies about midnight on the Japanese quarters. Twice again the mob attacked the Japanese stores."

Tranquility was finally restored by dawn Sunday. The damage to the Japanese stores follows:

General stores, 13; hotels, 9; candy and confectionary shops, 7; bath houses, 2; barber shops, 5; shoemakers, 2.

WORKED LIKE A CHARM. Mr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisville, Va., says: "I ran a nail in my foot last week and at once applied Buckle's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at C. M. Shuford and W. S. Martin & Co's, druggists, 25c.

McAnally Took It All Back

Winston-Salem, Sept. 7.—The criminal libel suit instituted by State Senator J. C. Buxton against R. P. McAnally, of Stokes county, was yesterday amicably adjusted by the defendant signing a retraction acceptable to the plaintiff. McAnally, who is the author of the libelous article against Mr. Buxton, which appeared in the Danbury Reporter two weeks ago, was arrested a week or more ago. He gave bond for his appearance before Col. J. C. Bessent, justice of the peace, yesterday afternoon at two o'clock. When the case was called the defendant, through his counsel, C. O. McMichael, of Madison, presented a signed statement, retracting every charge made against the defendant and voluntarily offered to pay all costs of the prosecution. This was acceptable to Mr. Buxton and the warrant against McAnally was dismissed by the court. McAnally, who is a well-known Stokes county farmer, was accompanied here by his brother, Dr. McAnally, of High Point, and his lawyer. They returned to their respective homes yesterday afternoon. The statement signed by R. P. McAnally reads as follows:

STATE OF NORTH CAROLINA Forsyth County, To the Public.—I wrote an article signed "David" which was published in the Danbury Reporter on August 22, 1907, in which I reflected upon the course of J. C. Buxton, Senator from Forsyth county, in the Legislature of 1907. I now desire of my own accord to publicly apologize to Senator Buxton for the language used by me in that communication and to retract every word of said article which in any way reflected upon him. I had reason at the time I wrote the article to make the statement which I did, and I now admit that the charge was made without any foundation and that I had no reason to believe the charge to be true at the time I wrote the article.

R. P. McANALLY. September 6, 1907.

Five Hurt In Train Wreck

Helena, Ga., Sept. 7.—By the derailment of an east bound Seaboard Air Line passenger train at Wilcox Creek, one mile from here, last night, five persons were seriously injured, and many others slightly cut and bruised. The seriously injured are: Baggage Master Sliger; two colored mail clerks and a colored passenger, name unknown. The entire train with the exception of the engine and rear coach left the track and plunged into the creek. All the cars, except the first-class coach, which was left standing on the brink of the trestle, were demolished. The cause of the accident has not yet been ascertained.

HIS DREAM OF ROBBERS TRUE.

Merchant Wakes up to Discover That the Fantasy of His Sleep is a Grim Reality.

Chester, Pa., Sept. 7.—Having dreamed that his place was being burglarized and that the intruder was trying to kill his wife, his child and himself, S. D. Wolf, who conducts a large general store on Baltimore avenue, in Clifton Heights, woke up to find out that his dream had come true as far as the burglary was concerned.

The daring burglary was committed between 3 and 4 o'clock a. m., about the time Mr. Wolf woke up from his fitful dream, the thieves effecting an entrance into the store by jimmying open the front door.

The burglars secured six silver watches, one gold watch, a quantity of women's trinkets, such as rings, breastpins and bracelets; several fine suits taken from the men's clothing department, a number of hats, about 20 pairs of shoes, a large quantity of collars, cuffs, neckties and underwear and \$10 in small change from the money drawer.

Miss Helen Gould Interested In Religious Work

New York, Sept. 7.—Miss Helen Gould accompanied by several friends, two of whom were clergymen, last night, visited in an automobile one of two gospel tent meetings near Five Points, the heart of the East Side.

At one of the meetings Miss Gould and her party listened to an illustrated lecture on "Bunyan's Pilgrim's Progress." The tent meetings are supported by voluntary contributions.

Miss Gould is said to have given those in charge of the meetings a check for \$10,000 to help them in the work.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Earle Defends His Infamy

New York, Sept. 6.—Ferdinand Penney Earle, the Orange county artist and Socialist, who has set his fellow townsmen at Monroe, and other persons a-gog by shipping his young wife and their little son, Harold, off at Europe, so that he may obtain the freedom he needs to marry another woman, has written to the World a lengthy defense of his action.

He says: "There is nothing brutal or immoral in our whole affair, except the attitude of the papers, which are the helplessly and hopelessly senseless and harmful servants of exploited millions."

Tarles says he received a letter from Mrs. Earle, mailed when the steamer Ryndam, upon which she and her child are traveling, was off Sandy Hook. She wrote, Earle said, that she was content and would be happy when all publicity attending the affair was over.

Earle's Wife-to-Be Tries To Explain Her Position

New York, Sept. 7.—Miss Julia Kuttner, the young woman whom Ferdinand Pinney Earle, the artist-socialist, desires to marry after a divorce shall have been granted his wife, who is now on her way back to France with their little son, is quoted in a published interview today as saying:

"I am not an interloper. I have not come between this man and his wife. Mrs. Earle is not a martyr. This day I would gladly give him up, for duty's sake, although he is the only man I have ever loved, if the wife would consent. But she will not. It was she who urged me to try to fill the need in his life which she admits she has been unable to meet."

Miss Kuttner said further that she came over from Europe and went to the Earle's home solely to effect a reconciliation between Mr. and Mrs. Earle. Earle, Miss Kuttner added, had told her they were not happily married.

Miss Kuttner is now in retirement in the Orange, N. J., mountains with a brother.

Meanwhile Earle who manifests a strong desire to set himself right in the eyes of the public and to be allowed to return unmolested to resume his work at his home in Monroe, N. Y., has visited one of the newspapers and explained his position. He says that the prime cause of his trouble is the French system of arranging engagements under which the engaged couple are mutually ignorant of each other's real habits.

Black Murder In Chicago

Chicago, Ill., Sept. 7.—Mrs. Fred M. Fish, the wife of a wealthy retired broker, was found murdered in her home at Evanston today.

Her husband, with his throat cut, was found unconscious on the floor of the bedroom in which her body was lying.

The opinion of the police is that Fish murdered his wife and then attempted suicide.

Mr. and Mrs. Fish were heard by neighbors in a violent altercation late last night, and it is believed Fish arose early, and after discharging a shot gun into his wife's head, hacked her in a horrible fashion with a butcher's cleaver.

The servant girl in the house declared she heard the report of a shotgun and the cleaver, with which Mrs. Fish was mangled, was found lying beside the bed.

IN DIRE DISTRESS

Alexander Fraser Faces Want, Though He Was Once Rich.

New York, Sept. 6.—Dr. Alexander Fraser who had a lucrative practice in Providence, R. I., only two years ago, has been found seriously ill and in want in a shanty on the Brooklyn water front.

The physician, who is 30 years of age, was graduated with honors from the University of Pennsylvania, and soon built up a fine practice in Providence and Riverside, R. I. Two years ago his wife became ill and had to be taken to a private sanitarium. After that the health of the physician also began to fail and he was gradually forced to give up his practice.

Recently he came to Brooklyn and secured employment with a fuel company as clerk, but his poor health was a handicap that could not be overcome.

DEATH - F MRS. CHANN.

Was a Member of One of the State's Most Prominent Families.

Salisbury, N. C., Sept. 7.—Mrs. Caroline Chann died early this morning at the home of her daughter, Miss Sallie, of this city.

Mrs. Chann was 90 years of age and was a member of one of the most distinguished and oldest families of the state. She was recognized as one of the leading women of Rowan county.

SAVED HER SON'S LIFE. The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice, I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by C. M. Shuford and W. S. Martin & Co., druggists, 50c and \$1.00. Trial bottle free.

Two Large Companies In Receivers Hands

Chicago, Sept. 6.—A dispatch to the Tribune from Matoon, Ill., says: The Matoon City railway and the Central Illinois Traction company were put in the hands of a receiver yesterday. The application was made by the Colonial Trust and Savings bank of Chicago, and Judge Craig of the circuit court named W. T. Avey, cashier of the Matoon Savings bank, receiver.

While the receivership was granted on a judgment for \$5,150 confessed by the companies in Charleston, the county seat and held by the Colonial Trust company, the motion will act as a protection to the Central Illinois Traction company, the interurban line between here and Charleston, against damage suits which are expected to be filed against that company on account of the wreck last Friday, in which 17 passengers were killed and 45 injured.

In case of a property in the hands of a receiver suits cannot be brought without the permission of the court, and while this is generally granted, the receivership prevents trouble by making attachment suits and other vexatious actions impossible.

The interurban line runs from Matoon to Charleston, a distance of 16 miles. It connects with the Matoon City railway and owns it.

The companies are bonded to the amount of \$500,000 under two mortgages, one for \$350,000 and one for \$150,000.

Judge Montgomery Ill-Hearing Delayed

Washington, D. C., Sept. 6.—Owing to an attack of acute indigestion Judge Montgomery, master in chancery before whom the hearing in the North Carolina rate case, to determine the constitutionality of North Carolina rate legislation is being held, this morning's session of inquiry was postponed.

Judge Montgomery was taken with an attack of acute indigestion while in North Carolina last week, but he came here yesterday and, against the advice of his physician, conducted the hearing. He was feeling so unwell when the hour set for this morning arrived that he was compelled to postpone the inquiry.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach the case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

The "Silent Treatment" Causes Open Trouble

New York, Sept. 6.—"Silent treatment" of a plebe at West Point, it is stated in dispatches received here, has resulted in a clash between the plebe class and the commandant at the military academy, Col. Robert Lee Howe, which threatens to deplete the supply of United States army officers four years hence, for Col. Howe issued an order two days ago to the effect that unless the cadet was relieved entirely of the "treatment" he would dishonorably discharge the entire class.

A cadet, the son of a wealthy Chicago man, is the young man around whom the trouble centers. He is a plebe and, it is stated, received the "silent treatment" not only from his own class, but from the cadets in the other classes, because of a complaint he is alleged to have made when he was mildly hazed by a fellow classman. The treatment accorded the cadet reached the commandant by some means and caused him to threaten the dismissal unless it was stopped.

The cadets, it is understood, have determined to remain firm in their attitude so that interesting developments are likely.

Washington, D. C., Sept. 6.—If Colonel Howe commandant of the cadets of West Point, threatened to dismiss the whole class of cadets because some members had sent one of the number to "Coventry," he over-rated his authority, according to officials of the war department, for the power of dismissal in such cases is not confined to any official of lower rank than the president himself. The war department does not believe that Colonel Howe went to this length.

News of Death Was Received By Cable

Concord, N. C., Sept. 6.—Mr. John G. Scherf, of this city, received a cablegram of 20 words from his father in Germany, telling of the tragic death of his sister and brother-in-law, Dr. and Mrs. Brown and Miss Gertrude Brown, all of whom were killed in an automobile wreck in Switzerland. They were on their honeymoon through southern Germany and Switzerland. The young couple had been married only four weeks.

Dr. Brown was driving the car, over which he lost control while rounding a curve down a mountain and the car struck a wall about four feet high and went down a 100-foot embankment all being killed instantly. Dr. Brown was a surgeon in the German army.

Mental Anguish Suit.

Winston-Salem, N. C., Sept. 6.—The Western Union will have one suit at least to defend because of the recent strike. Mr. J. W. Shepherd, through his attorney, Mr. F. T. Baldwin, has instituted a mental anguish suit against the company for \$2,000.

The plaintiff alleges in his complaint that he recently filed telegrams to relatives at Statesville and Elmwood, notifying them of the death of his wife. According to the complaint the messages were mailed to the parties and that they did not receive the messages until after the burial of Mrs. Shepherd.

Guaranteed satisfactory. 25c at C. M. Shuford and W. S. Martin & Co., druggist.

Husband Dead: Wife Injured

Brazil, Ind., Sept. 6.—Dr. Edward Glasgo is dead from bullet holes through his head and his wife is slightly wounded, as a result of mysterious shooting last night.

Glasgo and his wife had separated, Glasgo applying for a divorce.

Mr. Glasgo, accompanied by Attorney Charles Whitlock, drove to the brick plant where Glasgo was to try to arrange a settlement of alimony.

Whitlock got out of the buggy and Glasgo got in and started to drive back to the city when the shooting occurred.

The woman was placed under arrest, charged with the murder of her husband. Attorney Whitlock is also held.

Mrs. Glasgo says her husband tried to shoot her and then shot himself. Glasgo's wounds are such that the physicians say he could not have inflicted them himself.
