The two passenger trains run by the C. & N. W. Railroad, which were put on to accommodate the summer travelers, will be taken off Sunday. They will be greatly missed by the traveling public, as this leave us only two passenger trains a day, one northbound and the other south.

Charge With Bigamy. J. E. Narwood was tried on the charge of bigamy and sentenced to jail. A few weeks ago Narwood married Miss Abbie Griggs. It was learned a few days ago that he had a wife living at Mooresville, N. C.

ROMY STORY

The Death Of Romy Story

Chapel Hill, N. C., Sept. 16.—Football practice is under way with a vim. Coach Lamson has the forty candidates hard at work. Only four or five of the old men are back, but the new material looks good. Several of the old football players are here in the professional department but are ineligible on account of the four year rule. These men are assisting in coaching.

A great gloom has been cast over the entire college by the death of "Warhorse" Romy Story. He died with typhoid fever at his home at Blowing Rock. He was captain of both the baseball and football teams. He was an athlete of the first rank with hardly a peer in the south and few in the country. He was one of the stars in the game when Carolina beat Virginia 17 to 0 two years ago. He formed a considerable part of the Tar Heel wall that in the Carolina-Penn. game last year held the great Pennsylvania eleven down to the score of 11 to 0. The "New York Journal" dubbed him "the ubiquitous Story" and such he was. In baseball he was the same—without losses. He was a good fielder and a great "pinch hitter." He won five games last spring by opportune hitting. In the Carolina-Guilford game last spring he knocked the ball over the left field fence—a feat accomplished only about once in a decade.

He was as rugged and immovable as the mountains among which he was born and raised. He loomed large both on the diamond and the gridiron, but withal he was as meek and gentle as a child. In his great, stalwart breast beat a heart as kind as a woman's. Romy Story will be missed long and deeply here at Chapel Hill. Southern athletics has lost one of its bright particular stars and the University has lost a good student and its best all round athlete of recent years.

Kaiser Wilhelm Gave King Of Siam Fourteen Dogs

New York, Sept. 14.—The Kaiser Wilhelm, says a Berlin dispatch to the Sun, has an amusing and expensive experience in remembering the King of Siam's birthday. The king, while the Kaiser's guest, expressed admiration for the Kaiser's two intelligent little dachshunds, that follow their master everywhere. When the king went to Hamburg he expressed a wish to possess a similar pair to take with him to Siam.

The remark was communicated to the Kaiser, together with the fact that the king's birthday would occur in a few days and he gave orders to procure a number of the best specimens of the breed and sent seven pairs for the king to choose from. The ruler of Siam was so overcome with the kindness of the Kaiser that he accepted all 14 dogs, which he will take home with him. It was only when a palace official who had been entrusted with the delivery of the dogs returned that the Kaiser learned the cost of the gift. He took the situation good humoredly as a joke on himself.

PLAN CONVICT-BUILT ROAD.

New North Carolina Link Depends Upon Public Aid.

Asheville, N. C., Sept. 14.—Contingent upon the voting of public aid bonds by Buncombe, Henderson, Haywood, Polk and Transylvania counties, all arrangements have been perfected for building a competing line of railroad from Rutherfordton, in this state, where connection will be made with the Seaboard Air Line, to Knoxville, where the proposed road will connect with the Louisville & Nashville. The identity of the bondholders is not known here, but the work of construction will be done by the Appalachian Construction Company, recently chartered here, and the builders contemplate an expenditure of \$7,000,000. State convicts will be used in the work of construction, and the state, under an act of the legislature passed last session, will accept stock in the new company for this convict labor.

Columbia, S. C., Sept. 16.—Mrs. Ethel W. Blair, charged with the murder of her husband, C. W. Blair, a conductor on the Columbia, Newberry & Laurens Railroad, in January last, was yesterday convicted of manslaughter with a recommendation of mercy.

Mrs. Blair, who is about 30 years of age, and the mother of two children, is an unusually handsome woman and stood well in this community. He was prepared for college at Porter Military Academy in Charleston, and in 1881 entered the University of the South, graduating in 1884 with the degree of M. A. For one year he served as tutor in the Porter school, returning then to Sewanee to enter the theological department, receiving the degree of B. D. In 1893 he was elected chaplain of the University of the South and professor of the theological department in which double capacity he has since remained, making himself felt as a power in the institution and endearing himself to all those interested in Sewanee.

Cassie Chadwick Striken Blind In Penitentiary

Columbus, Ohio, Sept. 16.—Mrs. Cassie Chadwick, the noted witch of finance, who, posing as Andrew Carnegie's natural daughter, swindled Ohio and eastern banks and capitalists out of millions in loans on bogus securities, was stricken with nervous collapse at the penitentiary which has left her blind.

Her condition is serious and it is the opinion of the prison physicians that she will never live to serve out her sentence.

Had 18 Tilts With Robbers

New York, Sept. 16.—Wolf Fish, who keeps a saloon on a street in the East Side, when informed by detectives that his place had been broken into by safeblowers, expressed no surprise whatever. In fact, he told the police later that he would have been surprised had no attempt not been made to rob his saloon this year. In the last eleven years he has had no less than 18 encounters with burglars. He had been chloroformed, drugged, choked, shot at, stabbed and beaten, and now he is congratulating himself that the attempt was made to look it.

The burglars got only \$20 this time for they were scared away by a policeman just as they were preparing to get to work upon the safe. They were provided with the most elaborate set of cracksmen's appliances that the police ever saw. Indeed, they were so heavy that the robbers had to abandon them. The police say the tools are worth fully \$500. The safe contained a considerable amount of jewelry and cash. All that they did get was from the till. The police have arrested four suspects.

Constantine on Trial For Murder of Mrs. Gentry

Chicago, Sept. 16.—Frank J. Constantine was arraigned in the criminal court on the charge of murdering Mrs. Louise Gentry.

It is claimed by the state that Constantine cut the throat of the woman for some reason which has never yet been discovered. He was the subject of a strenuous chase which embraced the greater part of the civilized globe and was finally arrested in New York just as he was about to take a steamer for Europe.

His arrest was not made until a year after Mrs. Gentry was killed.

The length to which the state has gone in working up the case against Constantine was shown by the presence in court of Mr. David J. Doherty, the only person who saw Mrs. Gentry between the time of receiving her injury and her death.

Doherty is in the government service and is stationed in the Philippines. He was brought from there to give his testimony in the trial.

He occupied the apartment below that which Mrs. Gentry lived, and it was his door that she staggered, with her throat cut.

She died while he was attempting to save her life.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach the case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." W. S. Martin & Co.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every ten minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from the excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney troubles. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail for 10c. Home of Swamp-Root, Inc., also pamphlet telling you how to find out if you have kidney or bladder trouble. Crowds Take Look At Steamer Lusitania

New York, Sept. 16.—The big Cunard, the Lusitania, continues to be an object of great interest. Though the public is not admitted on board her, an enormous and constantly changing crowd keeps the open space about Pier 54, where she lies, thronged from early morning until dusk. Only a few people who were fortunate enough to have passes were permitted to go upon the giant steamship. A hundred policemen were required at the pier, but they had little to do for the sightseers were most orderly. Fruit and lemonade hawkers made the occasion a profitable, but the most rushing business was the sale of souvenir flags of the ship. Every object on her was subjected to such scrutiny as the police lions would permit and comment and guesses as to dimensions were varied and often amusing.

Vernon H. Brown, general manager and agent of the Cunard Steamship Company in this country, issued a statement in reply to cable dispatches from Hamburg quoting shipping men there that the result of the Lusitania's passage was disappointing. Mr. Brown said that the Cunard line considered that the Lusitania had developed all the speed she was called upon to do.

He added: "The hasty adverse criticisms of our German friends might cause a suspicion that the wish was father to the truth."

Two Persons Killed; Two Fatally Wounded

Pittsburg, Kan., Sept. 16.—At Crowsburg, a mining camp in the northern part of this county, last night, two persons were killed and two fatally wounded, as the result of a grudge held by Italian miners of the district against the mine boss.

New York, Sept. 16.—When the stableman in charge of the Beltsa string at Belmont Park went to the stable in which Simple Honours, an imported four-year-old colt was kept, they found him missing. It is feared that the colt has been stolen.

The police of Long Island City were notified but have not obtained a clue to the whereabouts of the horse.

Child Bitten by Dog.

Raleigh, N. C., Sept. 16.—Little Gordon Howell, the six-year-old son of A. A. Howell, was terribly bitten last night on Hillsboro street by a bull dog.
