

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-
nuckton, W. Va., "I was going down by inches,
from female disease, with great pain. After tak-
ing Cardui, Oh! My! How I was benefited! I
am not well yet, but am so much better that I will
keep on taking Wine of Cardui till I am perfectly
cured."

Despite the envious attacks of jealous enemies
and rivals, Cardui still holds supreme position
today [as in the past 70 years] for the relief and
cure of female diseases. It stops pain, tones up
the organs, regulates
the functions, and aids
in the replacement of
a misplaced organ.

WINE
OF **CARDUI**

Second Week of The Big Triennial Convention Opened This Morning

Mens' Thank Offering To
day Amount to Near
Million Dollars — Will
Be Used in Some Per-
manent Work of Church

**Morning in House of Bis-
hops And House of De-
puties was Devoted to
Routine Work — Bishop
of London Leaves.**

Richmond, Va., Oct. 7.—The second
week of the triennial convention of
the Protestant Episcopal church com-
menced today, several subsidiary bod-
ies meeting at various places.

The early morning hour in both
the House of Bishops, and the House
of Deputies was devoted largely to
routine work.

The Woman's Auxiliary will have
an all day conference of the diocesan
offices. The feature of the work will
be the men's thank offering and Sun-
day school exhibit with mass meet-
ings to be connected with it.

It is anticipated that the men's
offering will amount to a million dol-
lars, which fund will be used in
some permanent work of the church
and not to pay current expenses.

In the matter of Sunday schools
some action will be taken as regards
the different series of lessons.

The present condition is admitted
by those most interested in a work
to be chaotic and there is a strong
sentiment in favor of a general grad-
ed system of instruction similar to
those in the public schools, but of a
modified form.

The Lord Bishop of London left
today for Harvard, where he has an
appointment to make an address.

He has extended invitations to Bis-
hop Randolph Gibson of Virginia
and others to attend Lambert
conference next year.

During the proceeding of the house
deputies, Chairman Huntington, of the
committee on amendments, of the
constitution in which he referred to "This
American Church."

This brought Mr. Old, of Norfolk, to
his feet, who protested, saying the
adoption would be in violation of the
constitution and involve a change of
name of church without consideration.

The matter went over until tomor-
row.

To Raise \$5,000,000.
A resolution was introduced by J.
Pierpont Morgan to reduce lay and
clerical representatives of the various
dioceses in the house of deputies but
was rejected.

A committee of five was appointed to
raise a fund of \$5,000,000 for the cler-
ical relief fund.

Ladies Pray That Ashe-
ville May Go Prohibition

Winston-Salem, N. C., Oct. 8.—Quite
a unique service was held at the
Caldwell Memorial this morning from
9 to 11 o'clock by the ladies of this
city, when they held prayer meeting,
the object of which was to pray for
the success of the prohibition election
in Asheville today.

The two hours was divided into
four periods of a half hour each with
a different lady presiding over each
period.

The contest in Asheville has excited
much interest here among both the
prohibitionists and antis and the out-
come is awaited with much interest,
although those well versed on the
situation concede the success of the
prohibitionists.

Well, you don't mean to tell me
she is going to marry that pie-faced
dick?—She may be pie-faced,
but she has the dough.

Second thoughts are often best,
when in a case of love at first sight.

T. E. N. COUPLE WED IN ASHEVILLE

Asheville, N. C., Oct. 8.—The par-
lors of the Swannanoa Hotel, this
city, were the scene of a pretty and
romantic wedding, at 10:30 o'clock
Sunday night, when Miss Mabelle
Clepper, of Limestone, Tenn., and
Mr. Edward J. Bryson, of Knoxville,
Tenn., were united in marriage. Dr.
Ham, who is conducting a spirited
prohibition campaign in this city, being
the officiating clergyman. Only a
few intimate friends were present.

It was a runaway match, the culmi-
nation of a love affair of long stand-
ing. Miss Clepper met her lover by
agreement at Morristown yesterday
and together they came to Asheville,
where they were met by their friends.
Register of Deeds Mackay, after
some search was located at the au-
ditorium participating in a prohibi-
tion rally, which Dr. Ham was lead-
ing. Mr. Mackay was rushed to his
office, where a license was soon
issued, and Dr. Ham was then re-
quested to officiate at the ceremony.

Mrs. J. B. Rector, acted as brides-
maid, while Charles Osborne, attend-
ed to groom. Others present were:
Joseph Chilton, of Knoxville; D. Davis
and A. R. Bowers, of Columbia, S. C.;
E. L. Morton, of New York, and J. B.
Rector, J. V. Ladd, and J. Meares, of
Asheville. Mr. and Mrs. Bryson spent
the night at the Swannanoa Hotel, and
left Monday for an extended
honeymoon trip, destination unknown.

The bride is the daughter of a
well known and prominent merchant
of Limestone, and one of the most
popular girls in Eastern Tennessee.
Mr. Bryson is a traveling salesman,
representing a well known Knox-
ville dry goods house, and has a host
of friends throughout the southern
states.

A & M College to Have Pure Water Supply

Raleigh, N. C., Oct. 8.—The execu-
tive committee of the board of trust-
ees of the A. & M. College have
made a contract with the Wake Water
Co., which furnishes the water
supply for Raleigh for an adequate
supply of pure water for the college.
This also assures pure water for all
of West Raleigh which has heretofore
been unable to get a connection
with the city water works. It will be
gratifying news for the patrons of
the college throughout the state that
the college has at last been able to
obtain a contract for the city water
which is among the most pure sup-
plies to be found anywhere in the
state. There have been several
cases of typhoid fever in the neigh-
borhood of the college this fall due,
it is said, to the impure water ob-
tained, necessarily from local sources.
All this danger is now eliminated.

The state prison authorities an-
nounce the escape of two prisoners
from the convict camp in Hyde
county. They are Sam Alstin, serv-
ing two years from Warren county for
burglary, and Jno. Hart, serving two
and a half years for McDowell coun-
ty, for larceny.

Dr. Moment Laid To Rest

Raleigh, N. C., Oct. 7.—The funeral
services of the late Rev. Alfred H.
Moment, D. D., was held Sunday after-
noon at 4 o'clock, from the First Pres-
byterian Church, which he served as
pastor with such marked ability and
success the past four years. An im-
mense crowd of people, members of
practically all the congregations of ev-
ery denomination, assembled to share
in the last tribute of respect to one
who had won their love and esteem
by his able ministrations and zeal in
every good work that was undertaken
in the community.

The service was conducted by Rev.
John W. Rosebro, of Fredericksburg,
Va., assisted by the members of the
Ministerial Union of Raleigh, including
all the pastors of the city.

The following were the honorary
pall bearers: Gov. R. B. Glenn, Frank
McNeill, State Treasurer B. E.
Lacy, C. H. Bell, R. H. Battle, N. B.
Broughton, J. T. Pullen, B. F. Mon-
tagne, Col. T. S. Kenan, Dr. Hubert
Heywood, R. S. McGeachy. Also the
elders of the First Presbyterian church,
Julius Lewis, W. S. Pimrose, S. W.
Whiting, T. P. Wharton, J. M. Monie,
H. W. Jackson, D. H. Hill, T. B. Wo-
mack, L. D. Hart and Geo. Allen.

The active pall bearers were the dea-
cons of the church: A. A. Thompson,
Geo. W. Thompson, E. B. Crews, B. W.
Kilcore, W. A. Waters, J. R. Young,
C. W. Barrett, O. P. Hay, W. T. Har-
ding, F. F. Harding and R. T. Gowen.

Following the funeral service at the
church the interment took place at
Oakwood cemetery. The grave was
heaped with flowers, the floral tributes
being very numerous and of unusual
richness and beauty, mute tributes and
testimonials of love and esteem of the
bereaved parishioners and friends.

Cognac for Babies.
According to recent French writ-
ers infants in arms fed with alcoholic
liquors in Normandy, with the most
disastrous effects.

Dr. Brunon, whose efforts against
the spread of alcoholism in that part
of France have made him well known
writes:

"In Normandy it is not unusual to
see women with coffee and cognac in
nursing bottles. These women are em-
ployed outside their homes, therefore
some means must be devised to keep
their babies quiet in the cradles dur-
ing their absence. The ingenuity takes
this form: A bottle containing the
mixture is placed under the pillow to
keep warm, and attached thereto is a
long rubber tube which the child, once
the nipple is placed between its lips
reluctantly gives up. Automatically it
gets drunk, and, thanks to its heavy
slumbers, the neighbors are not dis-
turbed."

Report On The Cotton Ginned

Washington, D. C., Oct. 4.—The
Census Bureau today issues its com-
plete report showing the quantity of
cotton ginned from the growth of
1907 up to Sept. 25, was 1,569,977
bales, against 2,057,283 bales last
year and 2,355,716 in 1905.

The report counts round bales as
half bales. The total number of
active ginneries reported was 18,152.
The total ginneries reported to Sept.
25 last year was 20,416 and in 1905
was 21,389.

The number of round bales for 1907
was 41,256, as compared with 66,502
for 1906, and 74,816 for 1905. Sea
Island bales numbered 4,240 for 1907,
as compared with 2,389 for 1906 and
11,936 for 1905.

Hated Dish-Washing And Went Into Tramp-Business

New York, Oct. 4.—To escape the
drudgery of washing dishes and scrub-
bing floors, two servant girls, Stella
Bonash, 17 years old, and Rose Miller,
18 years old, lived for two months like
tramps in the vicinity of Flushing, L. I.,
stealing milk, bread and meat from
doorsteps, clothes from wash lines and
cooking utensils wherever they chanced
upon them.

These foraging expeditions were
conducted at night and by day the girls
lounged in thickets, slept and watched
the boats go up Long Island sound.

Detectives ran across the girls' camp
near the shore of Flushing bay and
took them by surprise as they were
squatting over a gypsy fire before a
rude tent.

One of the pair was caught at once,
though she bit and scratched vigorously,
but the other got away for a short
time. Their tent was found to be
made of bits of carpet and blankets
bound together with twine and slung
over a ridge pole, supported by forked
sticks.

There were many empty milk bottles
about and the girls were about to
eat a fat steak and some potatoes they
had fished. When the prisoners were
arraigned before Police Magistrate
Smith, on Long Island, Rose Miller,
who is a tall, rather handsome girl,
explained quite plausibly that utter
weariness of housework had driven
them to tramp life.

Important Opinion On Immigration Question

Washington, D. C., Oct. 7.—Attorney
General Bonaparte has rendered an
opinion in the case involving the right
of the state to solicit immigration from
a foreign country. He holds that in
the case submitted to him, brought by
the State of Louisiana, that a state
violates the immigration laws in pay-
ing money to the immigrant, and that,
in this respect, the states does not
differ, in law, from the individual. Sev-
eral Southern states are interested.

The attorney general holds that "On
account of the assurances of employ-
ment that were given to the immigrant
in question as an inducement to im-
migration, he should be excluded from
admission."

Guards Kill 22 Convicts

Tobolsk, Siberia, Oct. 7.—A gang of
convicts being escorted from Eastern
Siberia attacked their guards and
wounded six of them.

The guards fired on the convicts,
killing 22.
Eleven prisoners escaped with rifles,
which they had wrested from members
of the escort in the fight which follow-
ed the outbreak.

DOING BUSINESS AGAIN.
"When my friends thought I was
about to take leave of this world, on
account of indigestion, nervousness
and general debility," writes A. A.
Chiswick, Tobolsk, N. Y., "and when
it looked as if there was no hope left,
I was persuaded to try Electric Bil-
ters, and I rejoice to say that they
are curing me. I am now doing busi-
ness again as of old, and am still gain-
ing daily." Best tonic medicine on
earth. Guaranteed by C. M. Shuford
and W. S. Martin.

Cause of High Chocolate.
New York, Oct. 7.—Another
product that has felt the effect of rising
prices is chocolate, in which decided
advances in the price to retailers
have been made in the past few days.

The scarcity of the cocoa bean from
which cocoa and chocolate are man-
ufactured, and increased consumption
of chocolate products is given as the
cause of the advance in price by
importers and manufacturers.

THE PRICE OF HEALTH
"The price of health in a malarious
district is just 25 cents; the cost of
a box of Dr. King's New Life Pills,"
writes Ella Slayton, of Noland, Ark.
New Life Pills cleanse gently and im-
part new life and vigor to the system.
25c. Satisfaction guaranteed at C. M.
Shuford and W. S. Martin & Co., drug-
gists.

The Wilkes-Barre Club heads the
list of money-makers in the New York
State league this season. The "Barons"
will have \$10,000 for winter
money after all expenses are paid.

DeWitt's Carbolyzed Witch Hazel
Salve is good for little burns and big
burns, small scratches and bruises and
big ones. It is healing and soothing.
Good for piles. Sold by C. M. Shuford
and W. S. Martin.

A man may be all right in his way
if he only keeps out of the way of
other people.

If the truth were known, the devil
holds a mortgage on many a rich
man's property.

Fearful Wreck On Southern

Engine, Baggage And
Mail Cars Demolished
—Engineer And Fire-
man Jump for Their
Lives.

Union, S. C., Oct. 7.—What seems
to have been a deliberate plan to
wreck passenger train No. 13, north-
bound, which leaves this city at 2:05
p. m., occurred about six miles north
of this city at 2:30 Saturday afternoon,
as the result of which, the engine was
smashed to smithereens, baggage and
mail cars knocked from their trucks
and wedged in a deep cut and the
track torn up for some yards, Engineer
A. L. McCoy and Fireman Will Gra-
ham, colored, terribly scalded and
otherwise injured, but fortunately no
passengers were hurt.

The evident attempt to wreck the
train was made by placing one end
of the very heavy new rails, weighing
840 pounds and being thirty feet long,
diagonally across one rail. On striking
this, which was seen too late to stop
the train, Engineer McCoy applied the
emergency brakes immediately, and he
with the fireman, it is said, then
jumped. The impact was so great that
the rail was driven several feet into
the embankment and then was bent
back into the form of an S. The rails
then spread, and the engine plowed
over the crossings for fifty or more feet
before it overturned and was badly
demolished. The mail and baggage
cars were knocked off their trucks and
wedged crosswise between the oppo-
site embankments. The passenger
coaches remained on the track and
the passengers scarcely felt the shock
except those in the cafe car, where
some of the passengers were knocked
from their seats, one man especially
being considerably shaken up, this be-
ing accounted for because the emer-
gency brakes worked better in the
Pullman than they did elsewhere. As
soon as the train came to a standstill,
there was considerable excitement
among the passengers, who promptly
turned out to relieve any one that was
injured. Engineer McCoy was found
50 feet from the engine, and on ac-
count of the escaping steam was badly
scalded as the accident occurred in
a cut.

From the position in which he was
found, it was thought, that had the
engine gone only a few feet farther,
scene of the wreck, as soon as Conduc-
tor John Lawson could reach there.
At 3 o'clock, the engine here, with
three railroad officials and two Pro-
gress representatives went to the
scene. About 5 o'clock the passenger
coaches, with the wounded, were
brought back to Union, while the pas-
sengers for Spartanburg and other
points were carried to Spartanburg
by the Lockhart train, which was used
as a special. At 6 o'clock the indica-
tions evidently were that the rail had
been placed on the track by some
one, but Engineer McCoy after the
wreck, said he felt sure the track had
spread just before the engine struck
it.

The way to live to be very old is
to be a rich relative of people who
need your money.

Both legs would have been cut off.
Will Graham, the fireman, was found
on top of one of the wrecked cars
where he had gone in a dazed condition
to escape the escaping steam. The mail
clerk, baggage master and express
messenger were not seriously hurt
but were considerably shaken up.

Dr. J. H. Hamilton, the Southern
Railway surgeon, located here, who was
accompanying the remains of his wife,
who died suddenly Friday, to Spartan-
burg, was the only surgeon on board.
He put aside his own feelings and re-
mained in the hopes of relieving the
injured. The body of Mrs. Hamilton,
which was packed in the baggage car,
by some remarkable and kindly com-
passion, was not disturbed at all, the
coffin having been placed in the end
of the car. The news of the wreck
was telephoned to Union from Lockhart
Junction, which is a mile from the

No home is so pleasant, regardless
of the comforts that money will buy,
as when the entire family is in per-
fect health. A bottle of Orlene Lan-
cette Fruit costs 50 cents. It will cure
every member of the family of consti-
pation, sick headache or stomach trou-
ble. W. S. Martin & Co.

**Over-Work Weakens
Your Kidneys.**
Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through
your kidneys once every three minutes.

The kidneys are your
blood purifiers, they fil-
ter out the waste or
impurities in the blood.
If they are sick or out
of order, they fail to do
their work.

Pains, aches and rheu-
matism come from ex-
cess of uric acid in the
blood, due to neglected
kidney trouble.

Heart trouble causes quick or uneasy
heart beats, and makes one feel as though
they had heart trouble, because the heart is
over-working in pumping thick, kidney-
poisoned blood through veins and arteries.

It used to be considered that only urinary
troubles were to be traced to the kidneys,
but now modern science proves that nearly
all constitutional diseases have their begin-
ning in kidney trouble.

If you are sick you can make no mistake
by first doctoring your kidneys. The mild
and extraordinary effect of Dr. Kilmer's
Swamp-Root, the great kidney re-er-er-er
is soon realized. It stands the highest for its
wonderful cures of the most distressing cases
and is sold on its merits
by all druggists in fifty-
cent and one-dollar siz-
es. You may have a
sample bottle by mail Home of Swamp-Root,
(free, also pamphlet telling you how to find
out if you have kidney or bladder trouble.
Mention this paper when writing Dr. Kilmer
& Co., Binghamton, N. Y.)

Foley's Kidney Cure will cure any
case of kidney trouble that is not be-
yond medical aid.

CASTORIA

The Kind You Have Always Bought, and which has been
in use for over 30 years, has borne the signature of
and has been made under his personal supervision since its infancy.
All Counterfeits, Imitations and "Just-as-good" are but
Experiments that trifle with and endanger the health of
Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Pare-
goric, Drops and Soothing Syrups. It is Pleasant. It
contains neither Opium, Morphine nor other Narcotic
substance. Its age is its guarantee. It destroys Worms
and allays Feverishness. It cures Diarrhoea and Wind
Colic. It relieves Coughing Troubles, cures Constipation
and Flatulency. It assimilates the Food, regulates the
Stomach and Bowels, giving healthy and natural sleep.
The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CASTORIA COMPANY, 27 MURRAY STREET, NEW YORK CITY.

Street Railway Employees Association In Session

New Orleans, La., Oct. 7.—The 10th
convention of the Amalgamated
Association of Street and Electric Railway
Employees of America opened in this
city today, President W. D. Mahon of
Detroit, calling the body to order in
Odd Fellows' Hall. The roll called
showed an attendance of about 200
delegates from as far north as Winni-
peg, from the Pacific Coast and New
England States and from as far south
as Galveston.

At the afternoon session President
Mahon submitted his report covering
the two years from September 1,
1905, to August 31, 1907. The figures
contained in the report showed the
affairs of the organization to be in
good condition. During the period of
two years 77 new charters were
granted and a net gain of over 6,000
was made in the membership.

Forty-nine divisions of the associa-
tion decreased their hours of labor
during the past two years. There are
now forty divisions working nine
hours a day and sixty-six divisions
that have secured a ten-hour workday.
During the two years ended 172 divi-
sions secured an increase in wages,
amounting in the aggregate to an in-
crease of over \$5,000,000 a year to
the membership of the association.

There were eight cases of arbitra-
tion during the past year and seven
of them were won by the association.
During the term there were twenty-
settled satisfactory to the association.

In Canada the association secured the
enactment of a law making it compul-
sory for center aisles through open
and summer cars, thus protecting the
employees from accident due to the
running boards. In Ohio the associa-
tion has secured a law compelling the
companies to heat the vestibules of
cars in winter, and in Iowa a full
vestibule law was obtained. During
the past two years the association
paid out \$99,752.06 in sick and death
benefits.

Mr. W. C. Olds Injured In Automobile Wreck

Durham, N. C., Oct. 7.—Mr. W. C.
Olds, traveling representative for the
Lyon automobile house, sustained
slight injury in an accident that oc-
curred near Durham yesterday after-
noon.

An automobile, which contained a
party from Durham, with Mr. Bushan-
an Lyon, as chauffeur, was returning
to the city when Mr. Olds' hat blew off.
Lyon turned to see what was the mat-
ter and at this incident the machine
crashed into a pile of rocks near the
edge of the road.

The party were dumped from the ma-
chine into the road. All of them es-
caped injury except Mr. Olds. The ma-
chine was not injured to a great ex-
tent.

Mr. Olds was carried to the hospital,
where it was discovered that a bone in
his face was fractured. He suffered
much pain, but will be out in a few
days. It was fortunate for the occu-
pants that the accident was no worse.

Thaw's Second Trial to Begin December 2nd.

New York, Oct. 7.—Thaw's second
trial for the killing of Stanford White
will begin on December 2nd.
This agreement was reached between
District Attorney Jerome, Martin W.
Littleton, counsel for Thaw, and Jus-
tice Dowling, of the supreme court,
this morning.

Lots of men and things seem easy
till you try to do them.

Foley's Kidney Cure will cure any
case of kidney trouble that is not be-
yond medical aid.

FALLING TREE KILLS MAN.

Aged Lady Dies—Misses Normet En-
tertain at a "Rose Tea."

Lamberton, N. C., Oct. 7.—Mrs. Mc-
Cormick, and aged lady of Rowland
vicinity, died Friday after an illness
of several days. She was over 80
years of age, and had been in feeble
health for a long while.

Charles Woodell, a white man, aged
40 years, was killed at the sawmill of
Mr. Neill Duncan, in Raft Swamp
township, Wednesday, by a tree which
he had been cutting, falling on him
and killing him instantly. He leaves a
wife and several children.

Misses Emma and Laura Normet
entertained a number of friends at a
"Rose Tea" Thursday afternoon from
4:30 to 6 o'clock. The handsome resi-
dence was tastefully decorated in roses
for the occasion. In a rose contest,
which kept the guests busy guessing
for twenty minutes, Miss Mary Wat-
son, of Riverton, was the recipient of
the prize for excellence which was a
handsome hand-painted tray. The
prize was graciously accepted by Mrs.
A. T. Parmele, a sister of Misses Nor-
met, who assisted in receiving. Delic-
ious and dainty refreshments were
served in courses by Misses Jessie Ful-
ter and Mary Gilchrist McNeill. The
occasion was a most delightful one.
Those in attendance were: Misses Ad-
die Normet, Nellie Bigley, Agnes Mc-
Brayer, Ida McKenzie, Mary Watson,
Ina Nigley, Mary C. McNeill, Jessie
Fulter, Sallie McLean, Marie Arent,
Pellie Crowder, Eva Harris, Dora
Rancho.

Blodds—"Saphedde is rather ex-
clusive, isn't he?" Blodds—"I should
say he was; why, that fellow doesn't
even recognize his own opportunities
without a formal introduction."

The blooming rose is beautiful.
But the blushing bride more dutiful,
All the crimson tints you like to see
are her's
By taking Rocky Mountain Tea.
