

# WE CANNOT SAY TOO MUCH FOR PE-RU-NA

These Women Say, in Substance, That Before They Took Pe-ru-na They Were Miserable. They Were Weak and Wretched.

After Taking Pe-ru-na They Were Restored to Health and Usefulness.

This Is the Whole Story In a Nutshell.

If Pe-ru-na Can Do Such Wonders For These Women It Can Do the Same For You.

The housewife is the one who is best able to judge of the relative merits of family medicines. It is she that knows the many uses of Pe-ru-na in the family. It is upon her testimonial that chiefly depends the popularity which Pe-ru-na enjoys.

MRS. E. T. GADDIS

Mrs. E. T. Gaddis, Marion, N. C., writes: "Before I commenced to take Pe-ru-na I could not do any hard work without suffering great pain. I took Pe-ru-na and Manalin, and can say with pleasure they have done more for me than any other medicine I have ever taken. Now I am as well as ever, I do all my own work and it never hurts me at all. I think Pe-ru-na is a great medicine for womankind."

#### From Grateful Women.

"I was troubled with suppressed and painful menstruation. I took Pe-ru-na according to your directions, and now I am well."—Mrs. James Elgimey, Grape, Mich.

"We have been using Pe-ru-na for some time. To speak from a standpoint of experience I can candidly say that Pe-ru-na is the remedy for female weakness. From a personal test and from the testimony of many others I shall not hesitate to recommend it, especially to all suffering women."—Mrs. M. F. Jones, Burning Springs, Ky.

#### PE-RU-NA FOR PELVIC DISEASES.

"I suffered from catarrh for many years, but since taking Pe-ru-na I feel strong and well. As I used Pe-ru-na and Manalin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me of all my ills."—Mrs. Mathilde Richter, Doniphan, Neb.

"I suffered with pelvic catarrh until I wrote to Dr. Hartman, and after taking treatment as he advised, I can say I am cured of this most trying affliction, for which I am truly thankful. I never felt better in my life than I do at present."—Mrs. Etta Booker, Dundurn, Sask., N. W. T., Can.

MRS. A. E. STOFFER

#### Pe-ru-na Gave Health.

Mrs. A. E. Stoffer, Capoma, Kansas, writes: "Pe-ru-na has given me health and strength; it is the best medicine that was ever made for women. My friends say they never saw such a change in a woman. I talk to every one about Pe-ru-na. I cannot say too much for it."

#### A Remedy For Women.

It is safe to say that we have thousands of letters written to Dr. Hartman from women who repeat the same sentiment to be found in Mrs. Stoffer's testimonial: "My friends say they never saw such a change in a woman." Over and over again this sentence is penned by grateful women who are more than willing that we should use their words to assist other suffering women in finding a cure. Pe-ru-na is a great medicine for women. It cleanses the inside of the body in much the same way that water cleanses the outside of the body.

MRS. CAROLINE SUNDHEIMER

#### Stronger Than for Years.

Mrs. Caroline Sundheimer, Clarke, La., writes: "I am feeling quite well now. I can work again and am stronger than I have been for years, and I do believe that Pe-ru-na saved my life. I am very thankful to you for your advice. I will advise all I can to take your medicine."

## THE ROWLANDS ARE FREE--TOUCHING SCENE IN COURT

Raleigh, N. C., Oct. 7.—Dr. and Mrs. D. S. Rowland, on trial the past week on the charge of poisoning Mrs. Rowland's former husband, Chas. R. Strange, were released from custody at 2:30 Sunday morning on the return of a verdict by the jury that they were "not guilty."

The jury had been out since midnight but it is understood that no ballot for a verdict was taken until this morning and then all were taken for acquittal on the first test vote.

There were less than 100 people in the courtroom when the prisoners were brought in and the court opened for the taking of the return.

However, when in response to the question, "How say you, guilty or not guilty?" was put and the foreman responded, "Not guilty" the pent-up emotions of Mrs. Rowland and her sister swept all bounds and both sobbed out aloud and cried for sheer joy.

Dr. Rowland and his two uncles from Vance county, who have taken an active interest in the trial, also wept and the courtroom was swept out amongst the crowd of spectators. Instantly they were surrounded by friends showering congratulations and presently the Rowlands and their counsel were shaking hands with and personally thanking the members of the jury for the verdict.

A little later Dr. and Mrs. Rowland drove to a boarding house on Polk street, where they packed trunks preparatory to a trip, leaving Raleigh on the Southbound Seaboard train at 1 o'clock for Vance county, where they will spend some time at the country home of Dr. Rowland's uncle, David Gill.

This was really observed as their bridal trip. Mrs. Rowland carried a magnificent bouquet, such as a bride would have, and her sister, Mrs. Lee Van, also carried another of equal proportions and richness, impersonating the maid of honor. While waiting for the train they talked with a sprightly air to friends that stood about them.

Davidson, N. C., Oct. 5.—One of the prettiest games of baseball ever seen in Davidson was pulled off Friday afternoon when the teams selected from the student body played five innings without a score being made. The game was called at the end of the 15th inning on account of darkness with the score 0-0.

Prevents and cures constipation, stomach and kidney trouble. Makes digestion easy. That's what Hollister's Rocky Mountain Tea does. 35 cents. Tea or Tablets. E. B. Menzies.

## Hunger Drove Her to Despair

New York, Oct. 5.—Having tried vainly to obtain work so that she could support her baby, and having lived for five weeks on a few cents worth of milk a day, Mrs. Margarita Pasquan, an Italian woman, went to Bellevue Hospital and offered to sell three inches of her skin for grafting for \$50.

Superintendent Armstrong told her that there were no patients in the hospital at present in need of cuticle, so the woman went to a wigmaker and offered to sell her hair.

She was told it was too short for commercial use, and she went home in despair.

She is staying with a woman to whom she had applied for food.

Mrs. Pasquan's baby is being cared for in Boston, but the persons who have it in charge demand \$30 for her, and she was penniless. In Vienna, she had heard, she says, that paupers sold strips of their cuticle to the hospitals.

Mrs. Pasquan says that her husband was once secretary to the Italian embassy in Vienna. Two years ago he went insane and she came to this country with her child to make a living. She holds certificates, she says, from normal schools in Germany as a teacher of language and music.

## United States May Exclude Japanese Laborers

Washington, D. C., Oct. 5.—Acting under the direct instructions from the president, said on high authority, Secretary Taft informed the Japanese government that the firm purpose of the United States was to adopt a policy excluding Japanese laborers from this country.

He urged that the best way to avoid friction would be for Japan to agree to the exclusion treaty, but declared if this course was not possible, because of local considerations, a law would be passed by the United States Congress which effectively would prevent incoming coolies.

Sixty-three of the girls were killed and over sixty were injured. As this dispatch is sent the factory is on fire and a number of boats containing explosives also burning.

## A Beautiful Wedding Occurred at Rutherfordton

Rutherfordton, N. C., Oct. 5.—A beautiful marriage was that at St. Francis' Episcopal church Thursday afternoon at 4:30 o'clock, in which Rev. Samuel L. Cathey and Miss Georgia C. Bartlett plighted their troth and were united in the holy bonds of matrimony.

Long before the appointed hour the people began gathering and the beautiful little rock church was filled to overflowing to witness this interesting event. Promptly at 4:20 the bridal party arrived, just as the beautiful strains of Mendelssohn's wedding march filled the air, and breathed into it a spirit of sweet solemnity and beauty, befitting the seriousness of the occasion.

The contracting parties marched down the aisle to the altar in the following order:

Rev. Mr. Cathey with his brother, Mr. L. A. Cathey, who was best man, and Miss Bartlett, on the arm of her father, Mr. George L. Bartlett, who gave her away. The ideal ceremony which bound the lives of this popular young couple, was impressively performed by the rector, Rev. J. C. Selge, assisted by Rev. E. N. Joyner, of Tryon.

There were no decorations or attendants. The bride was beautifully attired in a brown broadcloth suit with hat and gloves to match, while the groom wore the regulation conventional black.

Rev. Mr. Cathey is a native of Mecklenburg, but has resided in this county for the past nine years. During the first two years he was pastor of the Presbyterian church at Forest City, after which he was called to Rutherfordton, and has served the church here the remainder of the time with ability and distinction. He is a son of Mrs. Henry A. Cathey, of Mecklenburg, and a brother of Messrs. N. A. L. A. and J. A. Cathey, of the same county. Mrs. Cathey is a native of this county, but resided in Lincoln until three years ago, when she returned to Rutherfordton and has since made her home.

She is a young woman of many charming traits of character and is loved and admired by all who know her.

When a fellow is afraid to fight he has got to do some tall bluffing to keep the other fellow from finding it out.

Better a word in season than an hour's lecture out of season.

## Trinity College Notes

Trinity College, Durham, N. C., Oct. 7.—The College Glee Club and Orchestra Association held its first meeting of the year a few nights ago for the purpose of discussing plans and making arrangements for the coming season.

The Mr. A. W. Horton, of the senior class, has been elected manager for the year.

The Young Men's Christian Association here is making arrangements to send several delegates to the North Carolina Bible Study Institute which meets in Raleigh sometime during the latter part of this month.

A great deal of interest is being manifested in the work of the Y. M. C. A. at this time, and it is believed that this is going to be a great year for it here.

At a recent meeting of the Athletic Council, Mr. J. M. Daniel, of the senior class, was elected manager of the baseball team for the coming year. It is to be remembered that the board of trustees at their last annual session, created an athletic council for the purpose of governing all interests of an athletic nature in the college. At its first meeting, held immediately after college opened in September, Mr. W. B. Lilly, of Albemarle, was elected manager of the basketball team, but the manager of the baseball team was not announced until a few days ago. Mr. Daniel has already begun his work and the indications are that this is going to be another banner year in athletics here. A schedule of games will be arranged just as soon as possible, and arrangements for the spring trip will be perfected.

Dean W. P. Few has returned from South Carolina, where he has been during the past few weeks on account of the critical illness of his mother, President Kilgo left Saturday for Petersburg, Va., where he preached yesterday.

## Dog Wanted Roast 'Possum.

From the New York World.  
Rex B., a great Dane owned by F. A. Mills, of 222 Upper Mountain avenue, Montclair, is a dead dog because he was tempted by the succulent odor of roast 'possum, and Mills is suing the public service corporation of New Jersey for the value of his dog, considering it negligent in leaving electric frying pans lying around loose in the public highways.

This particular 'possum was asleep in a tree in the avenue, when down came an electric light wire in the wind and short circuited its current through the body of poor 'possum. 'Possum lay in the low crotch of a tree and Rex B., enticed by the odor jumped up to it. He was just about to enjoy his feast when he came in contact with the electric cooking iron and straightway he became roast meat.

Mills found his dog there some hours later and caused the current to be shut off before he attempted to rescue Rex B. Rex B. was once worth \$2,500, being a dog of high degree, and that is the sum Mills wants the public service corporation to pay for the burlesque.

## Over 130,000 Pound Dried Apples Have Been Marketed

Mount Airy, N. C., Oct. 7.—No less than 130,000 pounds of dried apples have already been marketed at this time. It is thought that 20,000 pounds more will be sold here this season, bringing the total up to 150,000. This source of income is a great deal of help to those who dry apples. The price paid for the fruit is low, 6 to 12 cents average, but it helps to pay lots of little bills.

Superintendent I. W. Barber has posted notices all over the city notifying the citizens that "lights would be off" several days and nights. This is necessary in order to put in some additional machinery down at the power house. When this rush is over the little incandescents will be brighter than of recent weeks and months, for more power will be added, thus improving the lights.

The granolithic sidewalk builders are at work near the old hosiery mills. In a few weeks granolithic sidewalks will extend from Main street to the Southern depot. This will be worth something to up-town people who have to foot it to the station sometimes in muddy weather.

W. L. Sheppard left yesterday for Greenville, S. C.

## Too Strenuous For Corps.

New York, Oct. 7.—Three New York policemen are on sick leave because of Police Commissioner Theodore A. Bingham's rigorous discipline. His new order that patrolmen sentenced to extra hours of duty for failure to walk their beats, shall go through a special course at the school of instruction, instead of undergoing extra work, had a rather startling result. The luckless three collapsed one after another on the floor of the old 69th Regiment Armory while they and four other delinquents were being put through a series of exercises which are described as leaving the army setting-up drill completely in the shade. Not much information can be gleaned as to what the exercises were, but it is said that they included the lock step and a protracted double quick.

## Prohibition's Big Parade

Over 7000 Men Women And Children March Under White Banner—Judge Pritchard Adjourns Court to Speak.

Asheville, N. C., Oct. 7.—A monster prohibition parade, probably the largest ever held in Asheville, marched through the streets of this city Saturday. It was estimated that there were about 7,000 men, women and children in line, with bands and banners, and much enthusiasm was displayed as the long line passed through the various streets, between the sidewalks. An unique feature was a large number of women wheeling baby carriages, in which were many lusty infants.

As the long line reached the auditorium, at 1 o'clock, the expected speakers had not arrived, and calls were at once made for Judge Pritchard, who has been most enthusiastic in his efforts for prohibition in Asheville. Messengers were at once dispatched to the United States court, where the hearing in the Southern Railway rate case was in progress. When the request was made to Judge Pritchard that he come to the auditorium to address the vast throng awaiting him there, the somewhat usual spectacle was witnessed of counsel for both sides urging the judge to adjourn court which was done, and judge and counsel all proceeded to the auditorium, where Judge Pritchard received a ovation.

He made a strong and stirring speech urging all to action on behalf of prohibition. At the conclusion of his speech Judge Pritchard held up the W. C. T. U. banner and called for cheers for the women, which were heartily given.

United States Judge Guder, of the Isthmus of Panama circuit court, followed with a brief but spirited speech urging all to carry prohibition for Asheville on tomorrow.

There will be a parade of prohibition voters tonight, which is expected to show the strength of the anti-saloon movement.

## Saloons Close for Election.

An immense anti-prohibition rally was held in the county court house Saturday evening, the building being packed to its utmost capacity, before 8 o'clock when the meeting was called to order, many hundreds had been turned away, unable to gain admittance. The audience, which was a very representative one, showed much enthusiasm, and the speakers were lustily cheered. Many ladies were among those present.

Ex-State Representative J. Frazier Glenn, chairman of the anti-prohibition executive committee, presided, and among the speakers were ex-Mayor Alfred S. Barnard, John A. Roebing, ex-Chief of Police Silas G. Bernard, Dr. Paquin and Judge Thos. A. Jones.

The general opinion expressed by the speakers was that prohibition would not be a good thing for Asheville and the people were urged not to be carried away by frenzy or hysteria, but to listen to reason and not do anything which would cripple the industrial and financial interests of the city.

By voluntary agreement among the liquor men, all the saloons in the city were closed last evening at 7 o'clock, to remain closed until Wednesday next, the day after the election.

## Death of Mrs. Hamilton.

Union, S. C., Oct. 7.—Mrs. Joseph H. Hamilton died very suddenly Friday morning at about 10:45 o'clock. For several weeks she has not been well and for the past week had been confined to her room. Her husband, Dr. J. H. Hamilton, was with her alone, at the time, and before he could summon a neighbor and two colored women, who happened to be about, she had passed away.

Mrs. Hamilton is survived by her husband and one brother, Mr. John Hill, of Spartanburg, her parents both being dead.

## Dog Accidentally Hangs Himself.

New York Sun.  
Mack, a 10-year-old dog owned by Postmaster William Ambrose, of Union Hill was found dead yesterday on a fence near the postoffice building. His collar caught on a picket as he was trying to jump over the fence and he strangled himself in his struggles to get loose.

Mack made his headquarters in the postoffice and was a pet of many women and children who called at the general delivery window.

Cotton for Bremen.  
Wilmington, N. C., Oct. 7.—The fifth cargo of cotton of this season for foreign ports was cleared Saturday by the firm Alexander Sprunt & Son for Bremen on the British steamer Capesby, 1,344 tons, Captain Lewis. The Capesby carries a cargo of 6,450 bales of cotton, valued at \$419,000.

Even the laundryman may have too many irons in the fire.

In most cases consumption results from a long neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. W. S. Martin & Co.

When you face misfortune it is time to turn your back on discouragement.

Revenge may be sweet, but seeking it is apt to sour one's disposition.

## Aged Mountaineer Takes Spin In Automobile

Asheville, N. C., Oct. 5.—For the first time in his long life of 90 years, "Big Tom" Wilson, known as the grand old man of the mountains, and the most famous hunter in North Carolina, last Wednesday saw an automobile, and with his aged, and equally astonished wife, enjoyed a ride in a big 60-horse-power touring car.

The machine was taken into the mountains by George Cane and a hunting party which left this city some little time ago, and despite warnings that the car would be unable to negotiate the steep and rough mountain roads, the party returned today without having had an accident and with two deer stowed in the tonneau.

"Big Tom" had never seen an automobile, in fact had never heard of one, his entire life having been spent in the snug little cabin which nestles in the wilderness of the noted Murchison boundary, in Yancy county, among the mighty mountains where bears, deer and other animals are more frequently met than human beings, and when the old couple saw the big touring car come chugging up to the cabin, they were overcome with astonishment and dismay. After "Big Tom" had examined the machine very critically, the couple were invited to climb in and take a ride, but positively refused, and it was only after much persuasion that the old couple were induced to seat themselves in the tonneau, and when the machine sped up the road, they clung to each other in terror, but later appeared to enjoy the novel sensation, though they expressed much relief when once more on solid ground.

## Senator Lodge Said Tariff Question Was Untimely

Boston, Mass., Oct. 5.—United States Senator Lodge, in an address as permanent chairman of the Republican State Convention, today dismissed the tariff question as untimely and the question of Canadian reciprocity as unworthy of consideration.

He asserted both these matters were national policies and had nothing to do with the election of a state governor.

## NOTICE TO OUR CUSTOMERS.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults.

## Sunday School Teacher—"Why should we love our neighbors as ourselves, Willie Subbubs?" Willie Subbubs—"So we won't get talked about."

Allice—Pimples and other blotches are supposed to be caused by an acid stomach. A simple remedy and one that gives you a fresh blooming complexion is Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets. E. B. Menzies.

## "TOBBLE DE-POSTROPHE HOTE."

I'm fond of the meals that are called "arley cart."

They suit me in price to a T. You order whatever's the wish of your heart.

Whatever the price may be. But backing the field at a dollar a shot.

Is surely a different note; And always in dining I'm anxious for (not) The "tobble de-postrophe hote."

I've entered a diner, with stomach so frail, I scarcely could keep on my legs. I've figured on toast made of bread that was stale.

And maybe some three-minute eggs. But, noting the card with no figs annexed, The lump disappeared from my throat.

I ordered it all—I was fearfully vexed At the "tobble de-postrophe hote."

You've noted yourself, as you've gadded about. And rubbedered at people the while, Folks order whatever they can't do without.

When old "arley cart" is in style, But, give them a hint it's the other way 'round, They'll stuff like the average goat. The best appetizer that ever was found. It the "tobble de-postrophe hote."

## Says Black Smoke Cures Disease.

Cincinnati Enquirer.  
Though he may startle the natives, President Samuel McElroy, of the common council of Alleghany, Pa., is determined to vote against the smoke ordinance when it comes up at the next meeting, and for a unique reason his fellow-members say.

The president says he will prove that it would be "little short of a crime to shut off the deadly black fumes, inasmuch as they prevent disease." He will prove by the facts, that malaria, especially, can be cured by inhaling this black smoke.

McElroy is yardmaster for the Pittsburgh & Western railroad, where much smoke is emitted from engines and various furnaces. This company is said to be very bitter toward the smoke ordinance. McElroy admits that his argument is new, but declares he will use it just the same.

Mr. Faucett Wins Western Bride.  
Mt. Airy, N. C., Oct. 5.—Geo. D. Faucett, Esq., of this city, was married a few days ago to Miss Essie Brower, of Indian Territory. Miss Brower is a daughter of ex-Congressman John M. Brower, formerly of this city. Mr. Faucett is cashier of the First National Bank of Mt. Airy.

## RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.

**S. S. S.**
