# OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the **BLOOD CANNOT BE CUT AWAY.** The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or adv.

Here are True Guides to Success

In justice to yourself and to your family write for these folders. They're free. Least of the wonderful opportunities these states now offer. Wealth and happiness await you in the Southwest. No section of the United States has ever offered greater possibilities, in no other section are there so many conditions favorable for success.

**Glide With the Current in Arkansas and Texas.**  
The Climate is mild and healthful. You can work out of doors the year round. There are good schools and churches. Live stock has good range nearly all year. No costly barns are needed for winter housing. There is a long growing season—this means bigger and more profitable crops. You can raise and market some crop nearly every month in the year. There is an abundant supply of good, pure water. The rainfall is plentiful and evenly distributed. The soil is rich—it's not worked out. You can buy a farm now for about one-third its actual value and pay for it in a few years, from the crops, and live comfortably while you are doing it. Doesn't the Southwest appeal to you? Just consider whether it's better to take advantage of the wonderful opportunities this territory now offers, or continue where you are, struggling along under adverse conditions, waiting your time and energy trying to make a high-priced farm which is "all worked out" pay. Act at once before land values take another jump. You can't make a mistake. Delay may mean disappointment. Seeing is believing. Make a trip of investigation NOW. It will pay you. ## STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

### Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

### Mrs. Pinkham's Starting Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

## Social

On Wednesday afternoon, Nov. 13, Mrs. J. W. Blackwelder was hostess to the Round Dozen Book Club. Eleven members responded to roll-call with quotations from different authors. The discussion of the books followed, and the varied opinions given go to prove that "Many men of many minds," holds good with women as well as with men. The hostess' especial book is "The Shuttle" by Frances Hodgson Burnett. The members find this book very delightful. The hostess gave some interesting criticisms of the author's other books, but the most interesting thing was some personal reminiscences of the Burnett family, given by Mrs. J. B. Gibbs, (the hostess' daughter,) who knew the author's sister-in-law very well, and from whom Mrs. Gibbs had heard many interesting facts about Frances Hodgson Burnett's childhood as well as her later life. After current events were given, delicious refreshments were served, and this ended a very pleasant afternoon.

Wednesday afternoon, Nov. 13th, Mrs. Chadwick entertained the Hickory Book Club, twelve members being present, only Mrs. Royster and Mrs. A. A. Shuford, Jr., absent. Chrysanthemums and ivy decorated the home. After the usual routine in which current events were unusually abundant, Mrs. Chadwick spoke briefly of the book of her selection, "The Talking Woman" presenting a picture of the authoress, Mrs. May Isabel Fisk. The Club then adjourned to the dining-room, lit by the softened glow of red candles the fourteen on the table suggestive of the fourteen members. The center piece was fruit intertwined with ivy and flowers, and fancy baskets filled with bonbons were at each place. Shortening day-light hours brought to a close all too soon a very pleasant evening.

Mrs. J. H. Patrick was the hostess of the Traveller's Club the afternoon of Thursday, the 14th, with eighteen members in attendance and as guest of the club, Mrs. W. B. Strachan of Salisbury who is visiting Mrs. K. C. Menzies, and Miss Grace Kirkpatrick. After quotations on "Women's Clubs Mrs. J. A. Martin presented an interesting and brief article on "Lamerick and its Industries." Miss Geitner transported herself in spirit to the Emerald Isle and wrote a letter to all the members about her trip "To Galway via the Shannon River." This stroke of originality brought the charm of the unexpected and of naturalness while it appealed to the imagination of the hearers, Mrs. K. C. Menzies account of the Countess of Blessington with extracts from her writings was judiciously and interestingly selected. The reading "Raleigh in Munster" by Downey was a screaming farce, and was given by Mrs. Chadwick so that its rollicking humor was fully appreciated. Mrs. Murphy concluded the literary part of an unusually pleasant meeting by singing "Killarney" from Balfe's operetta "Innisfallen." Refreshments with true Celtic snap and flavor brought the social side to a close.

Mrs. W. X. Reid entertained twelve of the Bridge Friday afternoon, the 15th. Mrs. E. Menzies gained the prize. Dainty refreshments were served at the close.

The Lincoln News says that a representative of the Department of Commerce and Labor is in that county looking into the treatment of women and children in cotton mills. He will doubtless come on to Catawba.

Mrs. John Marshall went to Newton Sunday to attend the death-bed of her cousin, Captain Robert Rheinhardt.

## Horse Sense for People Who Think

That prolific writer and really great moral philosopher, Opie Read, has one of his characters say, in substance: "It is not what a man refuses to do in this life that makes him strong. It is what he QUILTS DOING."

Turn this over in your mind a few times, think on the amount of truth it contains. A man may refuse to do a wrong thing because it does not tempt him—another man may be tempted by the same thing, and yield. He may contract the habit of doing this wrong thing. The man who refused, because it did not tempt him, showed no strength—none was necessary. But the man to whom it was a temptation, and who yielded, but who afterward realized the wrong, and QUIT, showed strength and was made stronger by the act. Whenever a man fights a battle and wins a victory he is made stronger.

QUIT DOING WRONG—BE STRONG.

Many men persist in the wrong of refusing adequate protection to their families, such as a good life insurance policy would afford—quit refusing—be strong—see us, or write to us.—WE WILL HELP YOU.
