Letter from Uncle Rusticus

Hello, Democrat: How are things in your country? I suppose you are having rain in abundance, and muddy roads into the bargain.

Rusticus predicted a money panic during Teddy's administration and behold, it has come in the distance. It may soon roll over the entire United States, as no one is able to see and realize its approach, but, as the old Scotch people used to say, there is something in the wind and it may soon come and sweep over the land like a mighty cyclone. It may engulf many a one in all of its horror and work-great harm in the end.

There is always a calm after a storm, and so it may be after his time of prosperity, there may be a calm in all commercial transactions. It has been so and can be so again. History tells us that there was a panic in the year 1817 whose effects continued until 1824, probably caused by the war of 1812. The severest money panic the writer ever passed through was the one of 1837. This was caused by the State Banks passing out of existence. In those days good milk cows could be bought for five dollars, good horses from \$60 to \$75. Everything else had sunk in proportion. Many persons were ruined financially. Then, unless the signs of the times change from the present appearance, continue to look out for hard times for the next six months or longer.

Hello, Republican Party, you have got the President, the senate and the lower house, in fact, the whole shebang, and had run the prosperity to the highest pitch. Then what's the matter with the financial condition of the country? Is it sick that you had to give it the big dose of one hundred and fifty millions of bonds issued in time of peace? If the Democratic party were in power now what a howling there would be all over the country by the Republican party. It would make old Grover bark and old Tabby mew and with all their noise it would not reconcile the matter any. We could say an abundance on this matter, but will forbear, and give some general news, though that seems all rained out.

There is a great deal of moving going on. Robert Mullen has bought a roller mill, sold out his personal effects and moved to Lincolnton.

Rufus Smith moved into the place he left. It is said that John Scroce will leave his present home and move into John Fullbright's place. It is reported that Mr. Wilder will leave the Summey Wilfong place and go elsewhere. Charles Hubbard has moved to Bandy's township.

There are still some land sales. N. L. Shuford bought forty acres from Tom Shuford for fifty dollars per acre. Rob Speagle bought the old David Warlick mill. Mr. Sides sold 18 acres to N. A. Leatherman. He paid twenty dollars per acre. It seems that this so-called money panic does not affect the price of land.

Doras Killian was to be married to a Miss Adams near Hildebran last Sunday. There is some prospect that there will be some more marriages between now and Christmas.

R. N. Yoder took a load of turkeys to Hickory to be confiscated on Thanksgiving.

The Nimrods seem to be plenty nowadays and they make the rabbits get. Many of them are deposited in the pot to be fixed for family use.

We wish The Democrat a grand success, and we also wish the editor of the same a good turkey dinner. Rusticus.

BAD BLOOD THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and uninterrupted health; because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

GROWING CHILDREN

Advice to Mother of Hickory. Perhaps the most important principle involved in the care of a child is proper nourishment.

How many delicate children do we meet on our streets with colorless cheeks and thin little legs and arms. It is very plain to be seen that rapid growth takes all their strength and their little bodies are not receiving sufficient nourishment to make them well, strong and robust.

We want to say to the parents of all such children in Hickory that our delicious cod liver and iron preparation, Vinol, will build up delicate children, fill out hollow cheeks and make them strong, robust and rosy. Vinol makes new vitality, sound flesh, muscle tissue and pure, rich red blood, and children love it. This is because Vinol is a delicious tasting cod liver preparation without oil, made by a scientific, extractive and

concentrated process from fresh cods' livers, thus combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis, and all throat and lung troubles, Vinol is unexcelled. Try Vinol on our offer to return money if it fails to give satisfaction. E. B. Menzies, Hickory, N. C.

You know as well as any one when you need something to regulate your system. If your bowels are sluggish, your food distresses you, your kidneys pain, take Hollister's Rocky Mountain Tea. It always relieves. 35 cents, Tea or Tablets. E. B. Menzies.

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

Horse Sense for People Who Think

That prolific writer and really great moral philosopher, Opie Read, has one of his characters say, in substance: "It is not what a man refuses to do in this life that makes him strong. It is what he QUILTS DOING."

Turn this over in your mind a few times, think on the amount of truth it contains. A man may refuse to do a wrong thing because it does not tempt him—another man may be tempted by the same thing, and yield. He may contract the habit of doing this wrong thing. The man who refused, because it did not tempt him, showed no strength—none was necessary. But the man to whom it was a temptation, and who yielded, but who afterward realized the wrong, and QUIT, showed strength and was made stronger by the act. Whenever a man fights a battle and wins a victory he is made stronger.

QUIT DOING WRONG—BE STRONG.
Many men persist in the wrong of refusing adequate protection to their families, such as a good life insurance policy would afford—quit refusing—be strong—see us, or write to us.—
WE WILL HELP YOU.
