

Rings Round Eyes

J-19

The ills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the **BLOOD CANNOT BE CUT AWAY.** The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. When the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or advice.

A Narrow Escape.

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at C. M. Shuford, Menzies Drug Co., and W. S. Martin's, Druggist.

Here are True Guides to Success

In justice to yourself and to your family write for these folders. They are full of the wonderful opportunities these states now offer. Wealth and happiness await you in the Southwest. No section of the United States has ever offered greater possibilities, in no other section are there so many conditions favorable for success.

Guide With the Current in Arkansas and Texas.
The climate is mild and healthful. You can work out of doors the year round. There are good schools and churches. Live stock has good range nearly all year. No costly barns are needed for winter housing.
There is a long growing season—this means bigger and more profitable crops. You can raise and market some crop nearly every month in the year.
There is an abundant supply of good, pure water.
The rainfall is plentiful and evenly distributed.
The soil is rich—it's not worked out. You can buy a farm NOW for about one-third its actual value and pay for it in a few years, from the crops, and live comfortably while you are doing it.
Doesn't the Southwest appeal to you? Just consider whether it's better to take advantage of the wonderful opportunities this territory now offers, or continue where you are, struggling along under adverse conditions, wasting your time and energy trying to make a high-priced farm which is all worked out? pay. Act at once before land values take another jump. You can't make a mistake. Delay may mean disappointment. Secure a believing. Make a trip of investigation NOW. It will pay you. Low rate Home Seeker's Excursions Nov. 15, Dec. 5 and 17, 1907. Thirty-day return limit—stopovers allowed both ways. Fill out and mail this coupon at once. It will be one of the best things you ever did.

A (Supposed) Mad Dog

There was some of the liveliest hustling for a while on the Parker corner Thursday afternoon that has ever been done in Hickory. Everything was quiet, and nothing doing, when of a sudden, the cry of "Mad dog, mad dog!" went up, and several folks went up too, up telegraph and telephone poles, awning rods and any other old thing that came sort of handy. Unfortunately, a number of the school children were on the streets and the poor things were as badly scared as their elders. Before the alarm was raised, almost, the dog bit Mr. Walter Martin and Mr. Allen. A bystander gathered up a rock and "hit him a clip," with a rock scarcely taking aim in the excitement of the moment. But it happened to strike the dog on

the back of the head, and killed him at once. There is much doubt whether the poor creature was really mad. It is thought that some cruel person had poisoned it. The Democrat man interviewed Mr. Allen who didn't scare worth a cent over his bite. Says the madstone and the Pasteur treatment are not things that would attract a busy man's attention, and seems to think that if the dog could stand it, he can.

Mr. R. H. Milton has resigned the position of superintendent and chief electrician of the Thornton Light and Power Co., and has accepted a position with the Salisbury and Spencer Electrical Co. We are sorry to lose Mr. Milton, but glad he will have his family remain in Hickory and he will visit the city once a week

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs. In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham's Vegetable Compound, in her study of roots and herbs and their powers over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

LYDIA E. PINKHAM

Lydia E. Pinkham's Vegetable Compound is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman. When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound. No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them. Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

Brookford Items

Not having seen anything in your popular paper from our little town, we decided to dot you a few and especially inform you that, neither the panic nor the burglars have visited us as yet, but that Uncle Sam's flag is gracefully floating unmolested over a hundred feet high in the center of our town. The mill is running on full time, hauling in cotton and shipping manufactured goods every day. The operatives are a much better class of people than is usually found at cotton mills. They are well provided for and seem to be well contented and busy, especially on every other Thursday, when they receive the pure cash and not script for their services. But what else could be expected from christian business man, Mr. Holbrook, who holds the highest esteem of all the people, especially the children, for whom he always has the kindest greetings. The new store, under the management of that efficient business man, Mr. Belton Shuford, and his polite clerks, is doing a good business. Many new goods are coming in every day. But the busiest little man in town is Mr. Wade Shuford, who seldom gets time for a social chat. It was up to him several days last week, to digress from his routine business to pay his respects to Miss Worthington, the lady representative from the Department of Commerce and Labor at Washington, gathering time statistics as to child labor in Southern factories. However, friend Shuford, was equal to the emergency and gallantly escorted the young lady over town, taking in the mill, school, etc. Our school is progressing nicely with eighty pupils enrolled, and nearly this number in average monthly attendance—the largest in its history. Mr. Holbrook, the big hearted superintendent of the mill, visited the school last week and in a short talk, gave the children wholesome advice and told them that the mill authorities were their friends and would aid them more in the future in their educational needs. Such a practical talk was highly appreciated by both teacher and pupils.

Convalescents need a large amount of nourishment in easily digested form. **Scott's Emulsion** is powerful nourishment—highly concentrated. It makes bone, blood and muscle without putting any tax on the digestion. ALL DRUGGISTS: 50c. AND \$1.00.
