

It Builds Force

What is medicine for? To cure you, if sick, you say. But one medicine will not cure every kind of sickness, because different medicines act on different parts of the body. One medicine goes to the liver, another to the spine, Wine of Cardui to the womanly organs. So that is why

Wine of Cardui

has proven so efficacious in most cases of womanly disease. Try it. Mrs. Wm. Turner, of Bartonville, Ill., writes: "I suffered for years with female diseases, and doctored without relief. My back and head would hurt me, and I suffered agony with bearing-down pains. At last I took Wine of Cardui and now I am in good health." Sold everywhere, in \$1.00 bottles.

Oats More Profitable Than Corn.

The farmers who neglected to sow oats last fall missed an opportunity to obtain a crop of one of the best feeds for animals and one that pays more profit than corn. The Agriculturist assumes that two bushels of oats can be as easily grown as one of corn. Land that will grow one bushel of corn weighing 56 pounds will produce two bushels of oats weighing 64 pounds. After the oats crop has been harvested, a crop of cow peas can be cultivated and pea hay saved, enriching the land and making the best of winter hay. As all kinds of feeds are high, the farmers should make their best efforts to obtain a good crop of oats to be cut and baled as hay.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol for Dyspepsia: "E. C. DeWitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs.; in fact I made up my mind that I could not live but a short time. When a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years, Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." sold by C. M. Shuford, and W. S. Martin & Co.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Plain Talks on Fertilizers

How to Get the Greatest Possible Yield per Acre

It is a well-known scientific fact that in order to produce the very greatest possible yield from any soil it must contain an actual excess over and above all demands that can possibly be made on it by the plants.

Many farmers will feed their stock as much nourishing food as they can possibly assimilate, yet will starve their crops on the mistaken notion that they are "economizing" on fertilizer. The experiences of farmers, government experts, and agriculturalists everywhere confirm the fact that plants, like animals, need the fullest possible amount of nourishment that they can obtain if they are to be developed to the utmost.

The economy in fertilizers is not in the amount used but in the ratio of quality to cost. Virginia-Carolina Fertilizers are the best in the world for the least money. More than one million tons were sold to Southern farmers last year; and every year the demand becomes greater. The best results in producing corn, the good old stand-by crop of the South, follow the application of 200 to 300 pounds of the right fertilizer. Virginia-Carolina Fertilizers will greatly "increase your yields per acre" of corn or any other crop, even on poor land—and the most wonderful results are produced through its use on good land. Write today to the nearest office of the Virginia-Carolina Chemical Company for a copy of their latest Year Book or Almanac, a large 130-page book of the most valuable and unprejudiced information for planters and farmers.
