Liquor and the Drug Stores.

Although the recent prohibition campaign, and all day yesterday at the polls prohibitionists were faced by the liquor advocate with the sale of liquor in the drug stores, and everywhere I have gone outside of Charlotte persons have said, "I learn you can get all the liquor you want in Charlotte in the drug stores," and some would say you can get it without a prescription.

Now, Mr. Editor, I write to suggest that in the nomination of candidates to the next legislature they be demanded to pledge themselves that a bill shall be introduced in the legislature to prohibit the handling of liquor at all by the drug stores and that if it must be used for medical purposes that it be kept in a repository and given out exclusively for medical uses, and that a man be employed to keep a record of all prescriptions and to whom given, and that any physician giving a prescription falsely shall not only be debarred the privilege of practicing medicine in the State, but also fined \$500 or be put on the public roads in the discretion of the courts.

We have had drug stores rung in our ears until I feel that the time has come to stop this everlasting gossip and slurs and flings that "prohibition does not prohibit" and that you might as well have saloons as drug stores. In fact I feel like I would not vote for a man unless he was pledged to see that this thing shall stop.

NO NEED OF SUFFERING FROM RHEUMATISM.

It is a mistake to allow any one to suffer from rheumatism as the pain can always be relieved and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. For sale by W. S. Martin & Co.

Mr. Thomas M. Hufham a leading attorney of Hickory, was here Wednesday appearing in an important law suit.—Shelby Aurora

Being a farmer himself, Ashley Horne is thoroughly in sympathy with the needs of the farmers. He has proved himself to be the farmers friend, and if elected to that high office he will prove himself to be the farmers governor. We believe the farmers are for Ashley Horne, and had not the date of the primaries been changed he would have beaten his opponents to a stand still in Catawba county. We believe the farmer will yet see to it that Horne is properly represented at Charlotte on the 24th of June.

BORN IN IOWA.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des. Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Ennis Bros. This remedy is for sale by W. S. Martin & Co.
