Stomache troubles are very common in the summer time and you should not only be very careful about what you eat just now but more than that you should be careful not to allow your stomach to become disordered and when the stomach goes wrong take Kodol. This is the best known preparation that is offered to the people to day for dyspepsia or indigestion or any stomach trouble. Kodol digests all foods. It is sold by W. S. Martin & C. M. Shuford.

Scientists say that kissing must go, but in spite of that it doesn't go with some girls.

Nature has provided the Stomache with certain natural fluids know as the digestive juices and it is through these juices that the food we eat is acted upon in such a way as to produce the rich red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health and yet it is so easy for any one to put the stomach out of order. When you need to take something take it promptly but take something you know is reliable—something like Kodol For Dyspepsia and Indigestion. Kodol is pleasant to take it is reliable and is guaranteed to give relief. It is sold by C. M. Shuford & W. S. Martin.

"Gailey seems happy tonight. He must have money."

"Why do you think that?"

"From the way he is cracking jokes."

## Diarrhoea

When you want a quick cure without any loss of time, and one that is followed by no bad results, use

### Chamberlain's Colic, Cholera and Diarrhoea Remedy

It never fails and is pleasant to take. It is equally valuable for children. It is famous for its cures over a large part of the civilized world.

### The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, given on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forest. All these ingredients have received the strongest endorsement from the leading medical experts, chemists and writers on *Natural Remedies for the Diseases for which "Golden Medical Discovery" is advised.*

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will, until it cures the affections that lead up to consumption, if taken in time.

### Rich Strike of Gold.

The Peach Tree Mining Co., under the management of B. V. Hedrick, a former merchant in Spencer, has opened a rich vein of gold in Catawba county, ten miles south of Catawba station, which is yielding 125 tons of raw ore per day, panning 75 cents to the ton. The vein is 1,500 wide, several miles long and with an unknown depth. The company, which owns several thousand acres adjacent to the new mine, has just installed a new Erdman gold-washing machine with a capacity of 100 tons per day. The mine gives promise of being one of the richest in the South.

Abraham Lincoln was a rail-splitter. John Wanamaker began life at \$1.25 a week. Thos. Edison began life as a telegraph operator. Ashley Horne began life cutting cord wood and by thrift and industry has accumulated something for himself and at the same time assisted in the development of his State. Mr. Horne has therefore demonstrated that he is a builder, not an agitator and a destructionist. We need more builders in this old State and fewer agitators.

W. R. Ward of Dyersburg Tenn. writes: "This is to certify that I have used Foley's Urine Laxative for chronic constipation and it has proven without a doubt to be a thorough practical remedy for this trouble and it with pleasure I offer my conscientious reference." Sold by W. S. Martin & Co.

Towne—I believe it's a fact that a man must get to be at least 30 before he really knows anything. Brown—Yes; and he must be at least 40 before he quits telling what he knows.
