**Up to Roosevelt.**  
 The Receivers and shippers Association of Cincinnati has sent a communication to President Roosevelt asking him to enforce the law against the raising of freight rates. The Association denies that politics has anything to do with the action.

**OVER THIRY FIVE YEARS.**  
 In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic Cholera and Diarrhoea Remedy was first brought into use. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their oppenion is asked altho they have other medicin that pay them a greater profit. **The Political Outlook.**

Experts in the hire of the Evening Post, of New York, have sized up the political situation thus:

"The two parties stand for the same thing. It will be a campaign of personalities.

The candidates will not court. It will be a campaign of principles.

Bryan will be the next president of the United States.

Taft will be the next president Bryan was the choice of the party, but the Republican convention was steam-rolled.

Taft was the free choice of his party, but the Democratic convention was in the hands of a dictator.

Bryan has no show. Taft cannot be elected."

We have no hesitancy in endorsing this as a conservative appraisal of the situation.

To such women as are not seriously out of health but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The Favorite Prescription has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.
