An Egg as the Earth. It will be a long while before the world of science will forget some of the late Lord Kelvin's reasonings. He was, for instance, a firm enemy to those who held the the interior of the earth must be fluid because of its intense heat. To prove his contention that the interior of the earth must be solid he took two eggs, one hard boiled and the other raw, and suspending them by cords, spun them in imitation of the earth's rotation. In a very short while the raw egg lost its momentum and came to rest, while the boiled one went on spinning merrily for quite a long while. From this he argued that if the earth had a liquid core it would have come to an end long ago.—London Black and White.

CAN'T BE SEPARATED.

Some Hickory People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

A. C. Taylor, freeman, living on Cotton Mill Hill, Lenoir, N. C. says: "I can recommend Doan's Kidney Pills as a reliable backache and kidney remedy. For some time prior to using them I had been troubled with severe pains through the small of my back and across my loins, and my kidneys were very irregular in action. I procured a box of Doan's Kidney Pills, and began using them in strict accordance with the directions. They entirely banished the attack and my kidneys have given me no trouble whatever since. I am pleased to recommend Doan's Kidney Pills to other sufferers of kidney complaint."

Libel Suit Against Editor.

Sherriff D. M. Boyd arrived here yesterday with the papers in the suit of B. F. Aycock against J. F. Click, Editor of the Times-Mercury. It is a civil suit for damages and this being one of the cases where the law allows the party suing to have the defendant arrested, an order of arrest from the clerk of the Superior Court of Wayne county requiring the Sheriff to hold the Defendant in a bond of \$5,000 was served on Mr. Click who promptly gave the bond, with quite a number prominent citizens as sureties.

The bond requires that the Editor of the Mercury shall appear at the trial and that he shall "hold himself amenable to all the orders of the Court in this case. The Defendant will answer before or during, the November term of Wayne County Superior Court, which begins November 30th. This will simply be a written answer filed by his attorneys. The case will then stand for trial before a jury at the court following November term. The complaint charges that the Mercury published a statement that Aycock was drunk in Hickory and had to be taken from the bank steps by his friends when he was attempting to make a Democratic speech. The amount of damages asked is five thousand dollars. Aycock's Counsel as appears by the complaint are I. T. Dortch, Aycock and Daniel W. S. O'B Robinson and Meredith Nicholson, all of the Wayne County bar. Judge Robinson is a Republican, Ex-Gov. Aycock and the other attorneys are Democrats.

Mr Click has employed Hufham and Whitener, A. A. Whitener and W. A. Self to represent his interests. Of these all except Whitener are Democrats. Click received letters today from two legal firms offering their services to him.

This is a highly sensational case and its progress will be watched with much interest.

Buddhism.

The substance of Buddhism as given by its founder is as follows: "To serve wise men and not to serve fools; to give honor to whom honor is due; much insight and much education; a complete training and pleasant speech; to succor father and mother; to cherish wife and child; to follow a peaceful calling; to give alms and live righteously; to help men and do blameless deeds; reverence and lowliness; contentment and gratitude; temperance and chastity; a mind unshaken by the things of the world; without aguish or passion. They that live like this are invincible on every side. On every side they walk in safety, and theirs is the greatest blessing."

Fire Insurance.

There are traces in earlier times of enforced or voluntary contributions toward the relief of sufferers by fire, but it is only about the beginning of the seventeenth century that we hear of proposals being made for a more systematic provision, and it was not till after the great fire in London in 1696 that these proposals took practical shape. This seems at first to have been in the form of underwriting by individuals or by clubs, and some attempts were made to engage the corporation of London in a scheme of fire insurance, but in 1681 the first regular office for insuring against losses by fire was opened near the Royal Exchange, and it was followed shortly afterward by others.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms are leading teachers and practitioners of all the several schools of medical practice. They have skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. E. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Did Away With Passes. In one of his messages Governor Johnson said: "If the public officers are not adequately compensated now for their services, fix the compensation to such an extent as to make it reasonable compensation and do away with the possibility of any officer becoming a beneficiary of the favor of corporations and by reason of gratuities being placed under some obligation to the corporation which extends the courtesy. ... And urge most earnestly the early enactment of a law which will forever abolish the system in Minnesota." And it was done.
