Free delivery of Express is being agitated by a number of citizens. It does seem that Hickory is a little behind the times in this, as almost every town of any size except Hickory has established the delivery of express with great satisfaction. We do hope it will not be much longer before our city will fall in line and all express packages will be delivered.

Society News.

Mrs. Royster entertained The Traveller's Club, Thursday Oct. 22, and in spite of the pouring rain there was a large attendance. Responses to roll call were upon Hero or Juno. These myths renowned in poetry and art unite the beauty of the past with that of today, and so a review of them is of literary and artistic value. Mrs. J. H. Patrick read an article on "The age of Tyrants" giving a brief resume of the rulers and law-givers previous to as well as during that time. Mrs. J. L. Ciley followed with a paper on "The growth of various Greek States" bringing into prominence Sparta and Athens. Both papers gave a true picture of those times and showed study and judgement in arranging historical facts in an interesting manner.

Mrs. E. B. Cline then spoke of Hesiod, the father of Didactic poetry, the inspirer of Milton who bathed himself in Hesiod. This is especially true of "The Theogony," a mine to dig for relics of heathen mythology. The polished Georgics of Virgil owe their inspiration to the works and days of Hesiod.

A treat was given to the club by Mrs. Cline's literary taste in selection of marked characteristics and noted passages. Mrs. Chadwick closed the program with a reading from Lucian's witty Dialogues of the Gods. This one was "Juno and Latoua." Dr. Eben Alexander of the State University is expected Nov. 20th to give a talk to the Club on Modern Greece.

Current events and dainty refreshments preceded adjournment to meet next with Mrs. J. L. Murphy.

Politics are warming up in this neck of the woods. The County candidates were around Sunday. "Our Mose Harshaw" was among the chief orators he is candidate for the legislature on the Republican ticket, he said he got the Bulahland when he arrived in our little village, for the reason that is about 2 to 1 Republican but from the present indications I don't know whether he will go to Raleigh as our next

representative or not. It seems from the best your correspondent can gather Caldwell county will be found in the Democratic column after November 3rd.

WHY COLDS ARE DANGEROUS.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by W. S. Martin & Co.

Hearing at Taylorsville.

The preliminary hearing of the case against Frank Propst and Junius Bowman charged with the killing of John Hafer whose death occurred last Saturday was heard at Taylorsville on Tuesday, last. The Attys. appearing in the case were: A. A. Whitener, R. Z. Linney, J. H. Bark and W. C. Feimster for the defense and Frank Linney, L. C. Caldwell and J. L. Gwaltney for the prosecution.

It developed at the trial that on the afternoon of the cutting of Hafer there had been a chicken fight and that after this there was a general quarrel in which several took part. But later a quarrel arose between Hafer and Propst; that Hafer was advancing on Propst and the latter appealed to the crowd not to allow Hafer to cut him; Hafer knocked Propst down and was on him and Junius Bowman is alleged to have stepped up and cut Hafer.

Hafer stated before he died that the man who pulled him off Propst was the man who cut him and witnesses testified that it was Bowman who pulled him off. The case is right much complicated. The preliminary hearing ended before the magistrates court by Propst coming clear and Bowman giving a bond of \$5,000.

Doctors
say take Cod Liver Oil—they undoubtedly mean Scott's Emulsion.
It would be just as sensible for them to prescribe Quinine in its crude form as to prescribe Cod Liver Oil in its natural state. In
Scott's Emulsion
the oil is emulsified and made easy to take—easy to digest and easy to be absorbed in to the body—and is the most natural and useful fatty food to feed and nourish the wasted body that is known in medicine today.
Nothing can be found to take its place. If you are run-down you should take it.

The penitentiary has been wisely managed under Democratic administration so that it has become self sustaining and saved over \$200,000. The Democrats have always been able to manage the Radicals when they got full control of them. Be it said to the credit of those who are in the penitentiary that they have been behaving themselves better than a large number of their former political associates on the outside.

"I want people to know that I believe the most valuable cod liver oil preparation, the best body-builder, health-restorer and strength-creator known to medicine today is Vinol."
"I advise Vinol in my practice, and find it has no equal for healing coughs, colds, bronchial troubles and sore lungs."
"I have used Vinol in many cases of indigestion, mal-assimilation, and for patients who have no appetite, were anaemic and run down, with splendid results. I have also found Vinol to be a boon to the aged."
"I believe Vinol to be well worthy of any honest physician's endorsement."
—J. E. Ennis, M. D.
For old people, delicate children, weak, rundown persons, after sickness, and for chronic coughs, colds, bronchitis and all throat and lung troubles Vinol is unexcelled. Those who try Vinol and receive no benefit may have their money back. Moser & Lutz Drug Co., Hickory, N. C.
