A Most Valuable Agent. The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these accents are recommended by stand these agents are recommended by stand-

throat and lung affections, for all of which these agents are recommended by stand-ard medical authorities. In all cases where there is a wasting away of flesh, loss of appetite, with weak stomech, as in the early stages of con-sumption, there can be no doubt that gly-cerine/acts as a valuable nutritive and alds the Golden Seal root, Stone root, Queed's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure yonsumption except in its earlier stages. It will cura very severe, obsti-nate, hang on, chronic couchs, bronchial and myngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Prof. Finley Ellingwood, M. D., of Ben-nett Med. College, Chicago, says of gly-cerine: "In dispepsia it serves an excellent purpose.

nett Med. College, Chicago, says of gly-cerine: "In dyspepsia it serves an excellent purpose, Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stom-achs, especially if there is ulceration or ca-tarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity." "Golden Medical Discovery" enriches and purfies the blood curing blotches, pimples, eruptions, scrotulous swellings and old sores, or nicers.
