Eat What

You want of the food you need Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor

can you strengthen your stomach if it is weak. You must eat in order to live and

maintain strength. You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it. you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Dr. Warren Vines Hall, of Charlotte: "I was one of the Republican campaign managers last election, I heard Ed Bell, acting Republican chairman, say he thought the lists of those who had paid their poll tax in the various collection districts were needless, as there would be no challenge. We expressed surprise. I understood that he had an agreement with the Democratic chairman that there would be no challenges. I expressed a good deal of pleasure at this as in my precinct I would lose 34 and the Democrats only 17 if the challenges were made. I went to my polling place, however on challenge day with my hallenge list and staid until hallenges time expired, and no hallenges were made there on either side, Smith contestant, did not like this agreement.

The list that the Republican chairman had was only for Charotte township district. I am postmaster at North Charlotte, and was at the last election and was a supporter of Smith.
