### Vinol

For Weak, Run-Down People.

"I was run down and weak from indigestion and general debility, also suffered from vertigo. I saw a cod liver preparation called Vinol advertised and decided to give it a trial, and the results were most gratifying. After taking two bottles I regained my strength, and am now feeling unusually well." — HENRY CUNNINGHAM, Elder Baptist Church, Kinston, N.C.

Vinol contains the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron. Vinol contains no oil, and is by far the Best Strengthening Tonic obtainable. We return your money without question if Vinol does not accomplish all we claim for it.

### Western North Carolina Fair

The recent fair held in this city was a grand success. Every body was interested in it. Our people of all classes are progressive and work harmoniously together for the upbuilding of our common country. Our farmers are, as a whole, the most progressive and prosperous of any in the State. In fact, Western North Carolina is getting to be one of the garden spots of the South. And its possibilities are unlimited. All it needs is a chance to show what it is and what it can be. There is no better way to show this than in one general fair, where they can bring together its stock and its people, so that the world even. Can behold it at one glance, you might say. The State Fair, held at Raleigh, is more specially for the benefit of the middle and eastern parts of the State; for their people are close enough to patronize it. It is not so with our Western section. Our people live too far from Raleigh to derive the benefits they deserve in every way.

The time has come when justice to our part of the State demands more of the State's public benefits. Hence, it has been suggested that all that section West of Statesville come together and organize what is known as the Western North Carolina Fair. As our people have begun it, and as we have the ideal location for it, having the necessary railroad facilities, as well as lights, water, sewerage and power advantages—for cheapness—are unsurpassed anywhere.

We ask the people of this city and immediate section to consider a Western Fair for Hickory, and for the Western part of the State. All that will be needed is the grounds, and improvements necessary to begin with. After then, with proper management, it will be more than self-supporting. Besides, it would be a great financial benefit to our part of the State. We need it, merit it, and it is due the outside sections that we have it. Let us have a Western North Carolina Fair Association, and begin right now.

### Build Mill at Lawton, Okla.

Lawton, Okla., Oct. 23.—A deal was closed and the contracts signed Saturday which organizes and fully finances the \$500,000 cotton mill at this place, work to commence within thirty days. The mill will have 10,000 spindles and 340 looms, with building and cottages to correspond. The corporation will be known as the E. L. Shuford Manufacturing Company.

This is the culmination of the efforts of Mr. Brown Cornelison of Oklahoma City, who has been working with L. P. Arnold, secretary of the chamber of commerce of this city. Mr. Cornelison having returned this week from Hickory and Charlotte, N. C., bringing with him E. L. and A. L. Shuford of Hickory. The result of this trip was the making good of this enterprise and Lawton ranks first in bringing to the Southwest the first great cotton mill in the king of industries. The citizens of Lawton, through their proficient chamber of commerce, are determined that this great mill is only the beginning of the cotton mill industry of the Southwest.

Mr. E. L. Shuford announced that he would return to Hickory for thirty days, after which he will return to Lawton and push the mill to completion.—Charlotte Observer.

Some Facts About Census.

Mr. J. Yates Killian, of Star-town, was in the city Saturday on business. He has sent in his resignation to the Governor as Catawba's member of the legislature, in order to take the position of census supervisor for this congressional district. He will open his office in Newton soon. He will be allowed a private secretary or clerk, and a stenographer and typewriter. Mr. Donald Witherspoon will be his clerk. The census takers will have to do their work in next April and he must finish his work by May 15th. It all begins and ends sooner than he or anyone thought it would.

### Newton Stable Burned.

Newton, Oct. 23.—Last night shortly after midnight the sale stable belonging to Yount & Wilson on Pine street was found to be on fire. The fire was discovered by the man who sleeps on the premises, but when found the flames had gained such headway that nothing could be done to save the building or its contents. Twenty-four horses and mules lost their lives.

Immediately after discovering the fire the man opened the front door and two horses rushed out. One escaped unhurt, but the other was so badly burned that it was killed shortly afterwards. Mr. Zeb Yount, one of the owners, rushed into the burning building and tried heroically to save some of the horses, but could not get them to come out. When discovered the fire had gained such headway that the fire companies had to give all their attention to saving the buildings nearby.

Besides the stable burned, the old office of the firm as well as the new one just completed, and into which Mr. Yount had only recently moved, were destroyed. The small barn across the street, belonging to Misses Relia and Sue Jarrett was also burned. This barn was filled with fodder and hay belonging to Mr. Bud Poovy. In it also was stored an automobile belonging to Mr. A. H. Williams, of Maiden which was saved.

The gentlemen forming the firm of Yount-Wilson are Zeb Yount and A. M. Wilson of Newton, the former residing in town, the latter several miles in the country. They carried upon buildings and stock insurance of \$3,500, which will only cover the loss of the horses. These gentlemen calculate their loss over and above the insurance to be about \$2,000.

There is no clue whatever as to how the fire originated and no one has been heard to advance a suggestion as to the cause.—Charlotte Observer.

### Price of Cotton.

Cotton is now bringing 14 cents This is the highest price it has brought for 20 years while the cotton was in the hands of the farmers. Before, when it ran up, the great bulk of cotton was in the hands of the speculators.

The Enterprise has been telling the amount that has been paid for one bale of cotton in Newton. The highest it gives so far is something over \$75. Mr. Shuford of this city has exceeded that. He paid the other day for one bale \$82.42. The same bale at the price now would bring \$88.76.

While the price of raw cotton goes up, yarns remain at the same price, or does not increase in proportion to the raw material. The mill men are at a loss what to do. They do not want to run at a loss. Some are shutting down. Six mills in Spartanburg, S. C., have shut down indefinitely, thus throwing thousands of hands out of employment.

### Eggs Selling at \$2 Per Dozen in Cuba.

Two solid carloads of eggs sent from Tampa to Cuba to take advantage of the almost prohibitive price charged for the product there, were stopped at Knights Key at the time of the big blow and being blocked from shipment were confiscated by the railroad authorities and turned over to the several thousand workman who had lost all their supplies. Eggs are now selling at \$2 per dozen in Cuba, according to local commission men.

## THE HARDEST WAY

To get along in the world is to do things the wrong way. It might be considered wise by some to pay as much for inferior bread, rolls and cake as for the superior kinds. When the price is the same, why load the stomach with starchy heavy bake-stuff? Pay us what you pay "the other fellow" and taste the difference. Our bakers are artistic and know every little detail of the art.
