MR. YODER'S SOUND ADVICE

"A paper that ought to be a welcome visitor in every family."
This is what "Amicus", writing in another column, says of the Democrat.

CHARLOTTE NEWS COMING ON

The Charlotte News has equipped itself with the full associated Press service of 17,000 words a day, and with Mrs. J. P. Caldwell as society editor which means 17,000 more words of chatty snappy local news a day.

A CONCEALED DEFECT IN THE RAIL

The Corporation Commission has found the Southern Railway wreck at Brown Summit, where 12 persons were killed, to be due to a defect in the rail for which the railroad was in no way responsible.

"The Commission is of opinion that the latent defect, known as the 'pipe' in the rail, was the cause of this derailment. This defect was in the manufacture of the rail and could not have been discovered by the railroad company."

"The Commission is of opinion that the rail broke first at the point 195 feet north from the trestle about 16 1-2 inches from the joint and immediately over a small weather beaten but sound oak tie. From an inspection of this tie and the pieces of broken rail, we are of the opinion that the defect in the rail was the cause to which the wreck is attributed."

GENERAL LEE

A braying ass by the name of Heyburn, who has strayed into the United States from the northwestern prairies somewhere, has been attacking the memory of Robert E. Lee. There are few of his stripes left in the country.

week. We are glad the writer brought out the fact that Lee was gentle and magnanimous. The illustration she gives of this quality of the man is a well chosen one. It was Lee who picked up a bird's nest during a battle and replaced it, with its feathered babies, in the cradling limb from which it had been shot.

In the mad modern rush for money, let not the boys of the South forget that the highest pinnacle of greatness can never be achieved apart from the tender heart and the forgiving spirit. In the valuable paper of Mrs. Williams, of Newton, published in the Democrat last week, it was shown that Catawba, in the 60s, sent ten full companies to follow Lee, one of them made up of 17 year old boys.

2-CENT AND 1-CENT PAPERS

The Philadelphia Record, on the staff of which the editor of the Democrat was privileged once to serve, is the pioneer penny newspaper in America. While it had a circulation up towards or above 100,000 it reduced its price to a penny. The Charlotte Observer has now reduced its price (except Sunday) to 2 cents and the Charlotte Chronicle to 1 cent.

A Tar Heel's Great Track Record

Chapel Hall, Jan. 26.—Nathaniel J. Cartmell, the University of North Carolina Track Team Coach has just broken the world's record in the 220 yard dash at Liverpool, England. Cartmell was reared in Asheville. Cartmell won the amateur furlong championship of America and the world. Postle held the world's professional title; Cartmell challenged Postle and unheralded by the press and with odds against him he defeated the mighty Postle.

Have you a weak throat? If so you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by W. S. Martin & Co.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

There is nothing so annoying or so disagreeable as piles. We know of nothing so effective in case of blind, bleeding, itching piles as ManZan. You apply ManZan very conveniently by means of the nozzle attached to the tube in which ManZan is put up.

INCREASE 185.5 PER CENT. Postoffice Receipts Show How Hickory Has Grown

The Democrat is indebted to Postmaster Hamrick for the following figures, which show how Hickory has gone forward by leaps and bounds during the past decade, and during the past year. The postoffice receipts are a splendid gauge for a town's growth and they tell a wonderful story for Hickory:
