Value of Commercial Organizations

There's no place like home: but the environment which goes to make a town homelike is secured only by intelligent effort along the line of Community Development. In the past, towns grew and prospered without nelp from organized effort; but the times have changed along with the evolution of industrial and commercial enterprises. until now the town that forges ahead is the one that maintains a well organized and energetic commercial organization. The large cities have discovered this and the smaller ones are coming o recognize it more and more. All that is necessary to prove the value of commercial organizations is to examine a town that has one and a town that hasn't. The comparison will speak for

says:

"Almost all my life I have been troubled with constipation, and have tried-many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures. Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money.
