What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It is a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bleed from overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me wonderful good," writes Eliza Pool, Depew, Okla., "and I thank you for making such a good medicine." Only 50c. Guaranteed by C. M. Shuford, Moser & Lutz and Grimes Drug Store.

The Catawba County Farmer's Union met Saturday in Newton and considered plans for building a cotton warehouse in Newton. Messrs. R. L. Shuford, M. M. Smyre and James Probst were made a committee to confer with Newton business men in the matter. They will report next Saturday what can be done. A man in each local will canvass to see how much cotton his community will store. The Union will meet hereafter the first Saturday in each month.

HIS SISTER NOT DEAD.

But Dr. Murphy Rushed to see Her Summoned by Erroneous Wire!

Monday morning Dr. J. L. Murphy received a wire saying that his sister, Mrs. Dora Darr, who lives near Thomasville, and who has been very ill was dead. Dr. Murphy caught No. 36 on his way to the home of his sister. She had been quite ill and he was prepared to hear bad news. When he reached Thomasville the railroad agent met him, and asked him if he had received a second telegram before leaving Hickory. He said he had not and learned that a second message had been sent informing him that Mrs. Darr was still alive.

The unfortunate error occurred this way. Mrs. Darr became worse and her brother went to see her. While away he was called up by his son over the phone and was asked: "How is aunt?" "Your aunt is bad," was the reply, and the young man understood it: "Your aunt is dead", and at once telephoned other relatives. One of these had promised to keep Dr. Murphy posted about his sister's condition and at once sent him the hasty message. Mrs. Darr was surprised to see Dr. Murphy but he had a delightful day with her, and found her rejoicing in the Christian hope as her end approached.

Are Holy Rollers a Religious Demonstration.

Newton correspondence Observer, 8th. The July term of Catawba superior court for the trial of criminal and civil cases opened this morning with Judge Lyon presiding. The dockets are not very heavy. One of the state cases promises to be interesting. Several men stand indicating for raising a disturbance at a "Holy Roller" service out in the country and it is said that the defense will raise the question as to whether this sort of service is really a religious service.

The Holy Roller sect has been operating at several points in the country for months, and a company is now in Newton. Wonderful stories are told of their "unknown tongue," "holy dance" and "holy rolling" ceremonies. The service here last night was characterized by astounding doings, and whatever the courts may decide the majority of the people have already passed judgment and in their minds it is neither religious nor a "service".

Seized with the spirit, men and women dance, roll about on the ground, and babble meaningless words. Sick people are prayed over, doctors being forbidden. The Lord is asked to remove the grass from the crops, it is said, and those who have had occasion to observe the goings on, have many a story to tell of this truly remarkable people.

Resolutions of Sympathy.

Resolutions of sympathy passed by the Chamber of Commerce in session assembled for our friend and co-worker, Mr. A. K. Joy, in the death of his beloved wife. Resolved: First, That we extend to him our tender sympathy in his great loss, and do assure him of the earnest solicitude of his many friends in this community. Second, That we bow in reverence and humility to Him who has called her from her earthly cares to the bliss of the heavenly home, and that we thank our Heavenly Father for the gift of this noble Christian life in our midst. Third: That a copy of these resolutions be sent to the family, and one be printed in the town papers.

Granite as a County Seat.

Granite Falls correspondence Greensboro News.

A movement is on foot to form the new county of Granite by taking a part of Caldwell and Burke counties. The county seat would be Granite Falls, which will be the centre of the new county. It is understood that a large number of people in the boundary that the new county would take in are in favor of it as no part of the county would be over ten miles from Granite Falls the county seat, while it is 20 miles to Lenoir and Morganton, the present county seats. Both political parties have agreed not to support any candidate for representative that was not in favor of forming the new county.

Leonard May Run Against Sherrill.

Newton News. Ex-Sheriff Leonard of Hickory has been here this week, mingling with the court crowds. "What are you doing down here?" he was asked, "on business or just electioneering?" "Both," he replied, paused, and then said, "No, just 'lectioneering.'" The former sheriff is very likely to be the republican candidate for treasurer. His democratic opponent is Mr. Walter L. Sherrill, of Catawba. Both are nice men but this being democratic year, of course Mr. Sherrill will have to put one over on Mr. Leonard. Mr. Alley Gabriel and Mr. Arthur Drum are spoken of for register of deeds on the republican ticket.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. HAVE YOU A HIGH TEMPER?

Answer Before Reading This.

Some people have worms and often don't know it. The doctor is too polite to tell them. Here are some of the symptoms: A sick feeling in chest, choking cough with tendency to gag, sudden uneasiness and pains in stomach, itching around corners of nose. All these, and more, indicate worms. An irritable temper is one of the surest signs of worms in adults and children. King's Vermifuge is the cure, and it is sure. For very young children give King's worm candy, which is pleasant—tastes good. Children like it. The price for each is 25 cents.
