### The Woman Makes the Home

She makes it best who, looking after the culinary department, turns her back resolutely upon unhealthful, or even suspicious, food accessories. She is economical; she knows that true economy does not consist in the use of inferior meat, flour, or baking powder. She is an earnest advocate of home made, home baked food, and has proved the truth of the statements of the experts that the best cooking in the world today is done with Royal Baking Powder.

#### Caldwell an do it, Too

Lenoir News  
 Mr. John W. Robinson, of Catawba county, furnishes the Hickory Democrat a statement how he made 467 bushels of corn on five acres of ordinary land at a cost of only 18 cents per bushel. His yield was little over 93 bushels to the acre, some plots of the land going as high as 108 bushels to the acre. If this can be done in Catawba it can be done in Caldwell. Mr. Robinson broke some of his land by dynamiting it and the other was broken with good plows. He simply applied the best up-to-date methods in preparing his land and in cultivation, methods that any farmer can put into practice if he desires to do so. No doubt Mr. Robinson will be glad to furnish any one interested with the information as to how he did the work.

#### Greatest Democratic Victory Ever Won

Raleigh Dispatch.  
 Before closing State Democratic headquarters and leaving for his home in Asheville, State Chairman Webb said:  
 "We have won the greatest victory in the history of the Democratic party in the State. We have given Woodrow Wilson a majority of 60,000 over both his opponents, which is the greatest majority ever given a Democratic candidate for the presidency. Locke Craig has been elected Governor, according to the best information which we are able to receive, by a majority of 62,500. He has received a plurality over Iredell Meares of 102,000 and a plurality over Thomas Settle of 123,000. We have elected 10 Democratic Congressmen by overwhelming majorities, the smallest majority being that of Congressman Gudger, from the tenth, where has majority was not less than 2,500.

#### STATE GAINS

"We have elected 47 Democratic State Senators, including the extreme western district that was at first in doubt. We have elected 106 members of the lower house of the Legislature. We have elected for the first time in its history a Democratic Representative from Henderson County. We have also elected a Democratic Representative from Brunswick County, and carried the county for the entire Democratic ticket, which is the first time this county has gone Democratic in 15 years. Only one county in the eastern part of the State has elected Republican candidates, and that is the county of Sampson.
