Thompson-West Company.

ROCK HILL-the Built for Service Buggy

Almost every one knows what a Rock Hill Buggy is, but very few know of its merits-the merits that have sold hundreds of these Buggies. One of the chief merits is the Anderson Long Distance Axle, one of the simplest yet made, but the best; these axles have been known to run 2,035 miles with one oiling covering a period of a whole year. The end of the boxing is partly closed, thereby letting no oil leak or drop out. If you do not own a "Rock Hill" ask your neighbor who does, how he likes his and what he thinks of it. We have handled three car loads of "Rock Hill's" since February 15th this year, which is proof enough that they give satisfaction.

We have one of the prettiest assortments of Summer Lap Robes ever brought to Hickory. See our line before you buy.

music. Later the phonograph and organ was the center of attraction. If the young men want their girls entertained just ask Mrs. Clonninger to give another party. A member of the party.

Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular-he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the diges-
