HICKORY, N. C., MAY 22, 1913

It is with pleasure we publish the articles of Mr. W. J. Shuford in this issue of The Democrat Catawba county should aid Mr. Shuford in his undertaking to build up the rural school districts of the county in the way of education, and the building of better school houses for the children. A school room should be an attractive place, pleasant and homelike, so the children will be encouraged to go to school. Teachers of the school should first get the love and respect of the child and when they have done this they have accomplished more than some do in a life time. Of course you can force a child to behave in your sight at the time you have your eye on him, but you turn your head or let him get out of your sight and see what effect your force has had on the boy. First get the confidence of the children, then the love and affection and you have the child. It will be only a short time before the little boys and girls who are now in school will have to shoulder the responsibilities that their fathers and mothers have had. Let's do our part to prepare these boys and girls for this position in life. Some one will say it is the duty of the teacher to do that. It is, and it is our duty to aid the teacher so far as possible. Let's not put it all on the other fellow, but each of us do his part in bringing educational advantages to the children of Catawba county.

An interesting meeting was held in Raleigh last week by the Just Freight Rate Association, in which there were more than 350 delegates, representing 40 counties. At this meeting, a permanent organization was effected and officers elected as follows: President, Mr. Fred N. Tate of High Point; 1st. vice president, Mr. W. R. Foreman of Charlotte; 2nd vice president, Mr. W. P. Gibson of Statesville, representing Farmers' Union; 3rd vice president, Gen. Julian S. Carr of Durham; 4th vice president, Mr. Noel Barefoot of Elizabeth City. Captain Alf. A. Thompson of Raleigh was made treasurer.

A resolution was introduced asking that a special session of the Legislature be called to meet in Raleigh as soon as it is wise to do so, for the purpose of receiving a report from the special committee. Gov. Craig made a very eloquent and forceful address advocating strong and determined action by the State for the maintenance of sovereignty of the people.

Mr. Charles Daniels of Wilson introduced a resolution urging the Governor, Attorney General and Freight Rate Association to examine into the facts of the case, with the view to annulling the charters of every railroad in the State that exacted tribute of the State by means of excessive or discriminatory freight charges, but this resolution was ordered by the Resolutions Committee to be filed with the secretary of the association for future consideration.

We want to see the farmers interested in this movement. The adjustment of freight rates is as much to the farmers' interest as it is to the manufacturer or merchant, as he pays freight on farming implements and in shipping his produce to market. This excess freight is quite an item, as this amount must be deducted from the total received for his goods. So let us all work together, farmer and merchant, to secure a just freight rate. The people of N. C. are asking no favors in this matter. They have for years been seeking an adjustment of freight rates which would relieve them from the unjust and discriminatory freight rates from which they have suffered and which have greatly retarded the growth and prosperity of the State. They have now made up their minds that this discrimination must cease. The time is now at hand when it shall be determined

whether the railroads shall control the people of North Carolina, or whether the people of North Carolina shall secure the rights and privileges to which they are entitled. North Carolinians are a patient and long-suffering people. They were the last to leave the Union when other states were seceding and forming the Confederacy, but they did their full share of fighting when they got into action. Our people have suffered irreparable loss in growth and development and business, besides the millions of dollars taken from our pockets. Patience has ceased to be a virtue. The railroads may as well understand that the limit has been reached, the unjust discrimination against North Carolina must end.

Asheville Will Pay Her Share.

Asheville, May 15. — That Asheville will donate her share of the fund which is necessary for the completion of the Asheville-Charlotte Highway is practically assured. Dr. M. H. Fletcher of this city is greatly interested in the improvement of the improved link of the road, the Hickory Nut Gap road, and through a canvass of the business and professional men of the city has secured the sum of \$900 and the use of an engine and a drill in the work of completing the highway.

The Good Roads Association of Asheville and Buncombe County, through its secretary, has written to Governor Craig, asking that a portion of the \$40,000 recently contributed by the Federal government for good roads in his State, be used on the Charlotte Asheville road and the Central Highway of North Carolina.

HOW BLOOD IS MADE.

The liquids and the digested foods in the alimentary canal pass through the wall of the canal into the blood. This process is called absorption and takes place chiefly from the small intestine. After absorption the blood carries the food through the body, and each cell takes from the blood the food it needs. A pure glyceric extract made from bloodroot, mandrake, stone, queen's root and golden seal root, and sold by druggists for the past forty years under the name of

Doctor Pierce's Golden Medical Discovery,

gives uniformly excellent results as a tonic to help in the assimilation of the food and in the absorption of the blood of the food it requires. Eradicate the poisons from the blood with this alternative extract which does not shrink the white blood corpuscles, because containing no alcohol or other injurious ingredients. Thus the body can be built up—strong to resist disease. This is a tonic taken from Nature's garden that builds up those weakened by disease. Sold by druggists everywhere. Address World's Dispensary Medical Association, Buffalo, N. Y.

DR. PIERCE, JR.

Mr. CHAS. FARRER, Jr., of 222 Woodlawn Ave., Philadelphia, Pa., writes: "I was troubled with my stomach for almost three years. Tried several doctors and most everything anybody recommended to me, but kept getting worse and honestly did not care to live as I was never well even though, at times, I had no pain. My symptoms were as follows: Always tired, my whole body in a tremble, belching of gas, pain and soreness in the stomach, vomiting, constipation, could not tell what to eat or what would agree with me, and was melancholy. But after taking Dr. Pierce's Golden Medical Discovery with the Pleasant Tablets it has made me a well man which is something to live for."

Relieves Neuralgia

Sloan's Liniment gives instant relief from neuralgia or sciatica. It goes straight to the painful part—soothes the nerves and stops the pain. Don't rub—it penetrates.

PROOF
 Mrs. RUDOLPH NISCKER, Oconto, Wis., writes:—"I have used Sloan's Liniment for toothache and neuralgia in the head where nothing else would help me and I would not be without the Liniment in the house."

SLOAN'S LINIMENT

is also good for rheumatism, sore throat, chest pains and sprains.

Pains All Gone
 Mrs. C. M. DOWKER, of Johannesburg, Mich., writes:—"I wish to say your Liniment is the best medicine in the world. It has cured me of neuralgia; those pains have all gone and I can truly say your Liniment did cure me."

Pain All Gone
 Mr. J. R. SWINGER, of 547 So. 12th St., Louisville, Ky., writes:—"I suffered with quite a severe neuralgic headache for four months without any relief. I used your Liniment for two or three nights and I haven't suffered with my head since. I have found many quick-reliefs from pain by the use of Sloan's Liniment and believe it to be the best Liniment on the market to-day. I can recommend it for what it did for me."

Lake Junaluska on Southern Railway

(Special to Hickory Democrat.)
 Waynesville, N. C., May 19.—Lake Junaluska is the name by which the Southern Railway station, three miles east of Waynesville, formerly called Tuscola, the station for the Southern Assembly grounds, will hereafter be known and at this point a commodious passenger station is being erected by the Southern Railway. It will be completed by June 1st.

The Southern Assembly, a churchwide movement of the Methodist Episcopal Church, South, and affiliated organizations, has purchased a tract of 1,200 acres and has constructed a lake which will have an area of 252 acres, an auditorium with a seating capacity of 4,500, a hotel with 125 rooms and nine miles of graded driveways. It is expected that many private residences will also be built on the property. The purpose of the development is to provide a meeting place for Methodist conventions and kindred bodies, and a large number of people will doubtless visit this point each season.

The new passenger station which the Southern Railway is erecting will provide ample facilities and will have all modern conveniences, an arrangement having been made to secure water from the Assembly's plant. A paved driveway, a track for storing equipment used in excursions, and a small freight depot are also included in the improvement. Contract for the construction of the passenger station has been let to Melton Construction Co., of Greensboro, N. C. The other work will be done by Southern Railway forces.

Your House Is Larger

at certain times than at others. You don't notice it, but it is. The surface of your house contracts with the cold and expands with the heat. If the paint on your house does not contract and expand with the surface it will crack. One should therefore be careful about the paint used.

Lewis White Lead and Pure Linseed Oil

make ideal paint. White lead is made from metallic lead, one of the most pliable of metals. It will contract and expand with the surface painted. Be sure the white lead is pure.

We sell Collier White Lead and Dutch Boy Linseed Oil.

The Dutch Boy trade-mark is a guaranty of absolute purity and highest quality. We also sell varnishes and other paint supplies. Ask us for our "Painting Helps."
