WHY NEWSPAPER MEN MAKE ABLE PUBLIC OFFICIALS.

Frequent comments are heard regarding the unusually largnumber of newspaper men who have come into public office dur ing the last year or two. Fron Josephus Daniels, secretary o the navy, on down through th greater and lesser legislative bod ies and executive offices we finnewspaper owners, publishers editors and reporters surprisingly numerous as representatives of the public. In the United States Senate and the house of representatives there are many journa ists. In the executive departments at Washington are found many men who won note with pen and pencil, such as James A. Edgerton, chief purchasing agent of the postoffice department, who spends millions of Uncle Sam's dollars every year. Edgerton has smashed the time honored theory that a poet and writer could not be intrusted successfully with weighty, intricate bus iness affairs:

Several governors are knights of the quill, and one of them recently demonstrated that newspaper training is an admirable preparation for public service. Gov. James M. Cox, of Ohio, who when death dealing floods swept mercilessly over Ohio, Indiana, etc, rose to the occasion in mas terful manner and led the wor of saving life and property and in restoring order.

There seems no doubt that the increasing number of newspaper men in politics and the success with which they work for the people are due to the fact that their training brings them in constant contact with the multitude and teaches them to know hour. the people's wants. Their brains are naturally adapted to meet and grasp varying conditions, and thus they are enabled to leart the intricacies of legislative prac tice more quickly than the aver-

SAND CLAY ROADS.

We made our first trip over the sand clay road from Hickory to Brookford last week, and we were very much struck with the im provement over the old road.

The people beyond Brookfor are greatly enthused over the prospects of extending this road to the county line. This is a much traveled highway, and no road is the county needs improving more than this one. The survey has been made and from what we car learn the new road will be run just as the survey was made.

It will be of interest to those who have worked so enthusiastically for this road to know that every man along the line will join in to help get this work over before the heavy hauling begins in

Our people are proud of the good roads that are being built in Catawba County, and well they may be for good roads are one of the most valuable assets to the upbuilding of a county as well as of a state. People of other counties are beginning to take notice of the good roads being built in our county. We hope the good work will continue till every road in Catawba County will be equally as good as the ones between Hickory and Brookford, and between Hickory and Newton.

The Police force and the Sheriff of the City of Hickory will always make any arrest that they are called on to make, but it is impossible to do this without a desciption of the party wanted. For the information of the Officers of our City we will ask that you al ways give a description of the man you want arrested. I would ask the Editors to give notice to this effect in their papers.

Shake off Your Rheumatism.

Now is the time to get rid of your rheumatism. Try a twenty-five cent bottle of Chamberlain's Liniment and see how quickly your rheumatism pains disappear. Sold by Moser & Lutz and Grimes Drug Co. adv.

Are You Blue and Worried?

Nervous? Some of the time really ill? Catch cond easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of clinkers. The waste does to us exactly what the clinkers do to the stove; make the fires burn low until enough clinkers have accumulated and then prevent its burning at all. Your liver is sluggish—you are dust and heavy—sleep does not rest, not is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glyceric alterative extract made from bloodroot, golden seal and mandrake root, stone and queen's root, without the use of alcohol. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

MRR. BENJ. BLANE, of Port Dover, Ont., Box 36, writes: "I have been a great sufferer for years from throat trouble, catarrh, indigestion, female troubles, bloating, constipation and nervousness—at times I would be in bed, them able to be up again. Was under many different doctors care, and abould get better for a little while, then I would go down with chreite inflammation all through me. For nineteen years I had this poison in my blood. After trying nearly everything I got worse. I read in The People's Common Sense Medical Adviser of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. I have taken the 'Golden Medical Discovery and 'Pleasant Pellets,' and have used five bottles of Dr. Sage's Catarrh Remedy. I am now able to do my work and walk with pleasure. I feel like a new woman. I enjoy everything around me and thank God for letting me live long enough to find something that made me well again."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

Stops Backache

Sloan's Liniment is a splendid remedy for backache, stiff joints, rheumatism, neuralgia and sciatica. You don't need to rub it in-just laid on lightly it gives comfort and ease at once.

Best for Pain and Stiffness MR. GEO. BUCHANAN, of Welch, Okla., writes:—"I have used your Liniment for the past ten years for pain in back and stiffness and find it the best Liniment I ever tried. I recommend it to anyone for pains of any kind."

good for sprains, strains, bruises, cramp or soreness of the muscles, and all affections of the throat and chest.

Got Entire Relief R. D. BURGOYNE, of Maysville, Ky., RR. 1, Box 5, writes:—"I had severe pains between my shoulders; I got a bottle of your Liniment and had entire relief at the fifth application." Relieved Severe Pain in Shoulders

MR. J. UNDERWOOD, of 2000 Warren Ave., Chicago, Ill., writes:—"I am a piano polisher by occupation, and since last September have suffered with severe pain in both shoulders.

I could not rest night or day. One of my friends told me about your Liniment.

Three applications completely cured me and I will never be without it."

Price 25c., 50c., and \$1.00

You want your car to reflect in its name the judgment? exercise in choosing it. You want to mention the name with prid not apology. You ask no odds of anybody, or of any car-no matte what its price—if yours is an Overland.

To manufacture an automobile that will give fairly good service with exp. apervision is not a very difficult matter. But to produce a first-rate automobile ar that gives uniform and unfailing satisfaction in the hands of the average user, w eft to The Willys-Overland Company.

The Overland has been, and is, a splendid proof of its makers' conviction that notor co of sterling qualities can be sold to the public at a price lower than the emanded by other manufacturers of similar cars.

Automobile values must be looked at from few different angles. You must consider not only the price, what that price buys you. You must take into consistion the power, the strength, the beauty, the constructhe size, the appearance and the equipment of the cyou must judge a car by the material in it, the workanaship on it, the methods employed to produce it, and last b not least, the facilities behind the production methods.

Take the equipment item alone. The car has a Wa ner speedometer—the best made; a fine mohair top an? to covering; a clear-vision windshield; a self-starter and P. e. lite tank—every practical accessory made for an autom bi. And all for the one price. There are no "extras."

Only enormous capital and gigantic preparation can accomplis is. The Overland has both, and in this regard is in a cla-
