

COMPLICATION OF WOMAN'S ILLS

Yields to Lydia E. Pinkham's Vegetable Compound.

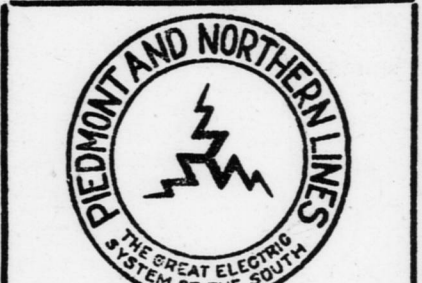

Athens, Texas.—"I had a complication of diseases, some of them of long standing. I wrote to you for advice and took Lydia E. Pinkham's Vegetable Compound, and some other things that you suggested. I must confess that I am much better in every way and have been relieved of some of the worst troubles. My neighbors say I look younger now than I did fifteen years ago."—Mrs. SARAH R. WHITLEY, Athens, Texas, R. F. D. No. 3, Box 92.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of them state that it has saved them from surgical operations.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The Methodist Sunday School, representing by approximately fifty children, gave a delightful Children's Day entertainment Sunday night, June 29th, in the main auditorium of the First M. E. Church South. The time of preparation for these exercises was limited but the results proved very gratifying to the faithful teachers who had the training of the children in hand; viz: Mrs. Lloyd Miller, Miss Clara Bowles, Mrs. J. T. Setzer and Miss Mamie Sue Johnson.

Rev. D. M. Litaker, the pastor in a few well chosen remarks set forth the aim of the service after which the program was rendered which was both edifying and entertaining. The large number of tiny tots was an inspiration to those who have the future of the church and nation at heart.

All who took part in the service were entertained on the Methodist church lawn Monday evening from 6 to 7 by Mrs. D. M. Litaker and Miss Clara Bowles. The children spent a delightful hour with their hostesses after which refreshments were served.

A. Murdock, a prosperous farmer of Cool Spring, which was destroyed by fire Tuesday night.

Sand Clay Roads.

The Charlotte Chronicle advises the Mecklenburg road officials to come to Catawba and Iredell and take a lesson in model road-building. Mecklenburg was the pioneer in road-building and the Mecklenburg roads have for twenty years been held up as object lessons to other counties and other states. But the Chronicle says the Mecklenburg macadam roads are antiquated compared with the sand-clay roads we are building in Catawba, notwithstanding that they cost three times as much. The Enterprise makes no claim to superior wisdom and foresight and had no premonition in regard to the approach of the sand-clay era in roadbuilding, but we take pride in the fact that we always opposed the undertaking of macadam roads, on the ground that they cost too much money. By waiting till a cheaper and better process was devised, we have not only saved two-thirds of the first cost but almost, if not quite, the other third in the cost of repairs. The yearly cost of keeping the macadam road in repair is as much as the first cost of the sand-clay road, while the latter outlasts the macadam by many years and costs very little for repair. In Buncombe and Guilford where the Mecklenburg macadam plan of road was first adopted, they have been abandoned altogether. The next roads built are being torn up or covered with sand-clay. Mecklenburg is still clinging to the old system because so much money has been spent on it that the road officials hate to throw them away and begin over again. And they cannot stop repairing them, for the rains and vehicles would soon destroy them.—The Newton Enterprise.

Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stenge, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by Moser & Lutz and Grimes Drug Store.
