MODERN FARMING.

Hardly a week passes that we do not see signs of substantial progress being made by the citizens of Hickory and Catawba county. The latest development in the line of progress was the meeting held in the Chamber of Commerce rooms some time ago by the farmers of the section to discuss sweet potato growing and a co-operative system of marketing same.

Another evidence of the progressiveness of Catawba county farmers is the fact that they are ready and willing to adopt new ideas which tend toward a betterment of farm life. They are realizing that "brains mix well with the soil" and that hard work alone can never make a success of the life.

MISSOURI AND GOOD ROADS.

The success which attends the good roads days as set apart by Governor Major of Missouri is both encouraging and inspiring to the good roads advocates all over the country. The spectacle of 250,000 business men and farmers giving up their work for two days and appropriating it to the cause of good roads must have been an inspiring one indeed.

WHY WOMEN SUFFER

Many Hickory Women are Learning the Cause. Women often suffer, not knowing the cause. Backache, headache, dizziness, nervousness, languor—Each a torture of itself. Together hint at weakened kidneys. Strike at the root—get to the cause. Quickly help the kidneys if they need it.

Dunn Gets 8 Years.

Gastonia, Aug. 22.—William L. Dunn, alias "Irish Jimmy," was today judged guilty of cracking the safe of the McAdensville Cotton Mills office some years ago and sentenced to eight years hard labor in the State pen. The prisoner's wife, who came here from New York City to be present at the trial, was in the court room. Dunn says he does not care so much on his own account, but feels the keenest sorrow for his wife in this trouble.

To Prevent Blood Poisoning apply at once the wonderful old reliable DR. FORTER'S ANTISEPTIC HEALING OIL, a surgical dressing that relieves pain and heals at the same time. Not a stimulant. 5c. 50c. \$1.00.

JUST FREIGHT RATE CONFERENCE COMMITTEE.

For the purpose of supplementing and strengthening the Just Freight Rate Association as an organization to secure freight rate relief, it was proposed at the last conference held in Raleigh to appoint ten business men of the state to be known as a conference committee. The purpose of this committee is to represent the business interests of the state at any conferences which may be held in the future, between representatives of the carriers and the councils of state, regarding an adjustment of freight rate differences.

WHO'S PROGRESSIVE NOW?

Mr. Varner, of the Lexington Dispatch, seems to find comfort in the fact that the million dollar road bond issue failed to carry in Wake county. From his editorial expression on the subject we take the following: "While the Dispatch regrets very much that the million dollar good roads bond issue in Wake county was defeated largely on account of the fact that good roads advocates had no organization and practically made no campaign, yet the good people of Davidson county feel very grateful to the county of Wake for lifting the reputation for non-progressiveness and taking the doubtful honor upon her shoulders."

We most heartily agree with Mr. Varner that the honor is "a doubtful one" and that we sincerely regret that Davidson's burden of carrying it should have been so appreciably lightened by Wake's generous offer to carry half the load. In this connection we recall a speech which Mr. Varner made a few years ago to the citizens of Hickory on the subject of good roads. In his speech Mr. Varner roostered the people of Catawba for their lack of progressiveness and apparent contentment with the impassive roads which it possessed.

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramp pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. Moser & Lutz or by mail, 25c. adv.

Exceptionally low rates—the lowest ever made for an exposition in the South—have been made by the railroads for the National Conservation Exposition in Knoxville, Tenn., during the months of September and October. These reduced rates are in force from start to finish of the exposition and will afford thousands of persons living within a radius of 300 miles opportunity to make the trip to Knoxville at comparatively little cost.

The Best Pain Killer. Bucklen's Arnica Salve when applied to a cut, bruise, sprain, burn, scald, or other injury of the skin will immediately remove all pain. E. E. Chamberlain of Clinton, Me., says: "It robs cuts and other injuries of their terrors. As a healing remedy its equal don't exist." Will do good for you. Only 25c. at Moser & Lutz, adv.

HO! FOR KNOXVILLE

National Conservation Exposition To Be Big Event of the Year

SOUTH'S GLORY ON DISPLAY

Exposition Will Be One of the "Different" Kind and Will Be Greater in All Ways Than Anything Ever Seen in This Section of United States Before. The National Conservation Exposition that will be held in the picturesque city of Knoxville from September 1 to November 1, of the present year, will be the one big event of the year in the South.

The exposition plan represents an outlay of over \$2,000,000. The site of the exposition is in the most beautiful park in the South—a park that nestles in the foothills of the great Smoky mountains, picturesque, rolling, green, highly improved.

The exposition grounds embrace with lakes and drives over one hundred acres. Never was a site for an exposition with more natural advantages chosen, never one better adapted to exposition purposes.

Eleven large exposition buildings, modern, stately, snowy white, as well as a number of smaller buildings, will house this exposition. Railroads realize the importance of the exposition and are co-operating in every way in the enterprise.

National leaders of conservation with Gifford Pinchot as chairman are directing the exposition. Sixteen Southern states have formed boards for exposition work and these boards are actively engaged in the collection of comprehensive exhibits and in arranging state days for the exposition.

South a Treasure House. The National Conservation Exposition at Knoxville during September and October will be "different." The displays in various lines will be the largest, the most diversified, the most interesting ever seen in any exposition in the South; they will compare favorably with any exposition ever held in the United States and they will all teach graphically, eloquently and pointedly the lesson of conservation, admittedly one of the greatest questions before the American people to-day.

And about all the South—the great South, the South that is a treasure house of the nation, the South busy with the hum and the whirl of countless manufacturing industries—will be on display in Knoxville during the exposition. The South with its tremendous resources and great industrial progress will be strikingly typified.

There will be much for every citizen of the country to see in Knoxville during the exposition months, there will be much for every one to learn.

EXPOSITION TO BE READY.

National Conservation Show To Make New Record in This Respect. The hundreds of thousands of visitors from all parts of the country, and particularly from the Southern States to the National Conservation Exposition can be assured of one fact even at this early date: That no matter how early they make their visit to the exposition after the gates are formally thrown open they will see the display complete.

Work is so far advanced now that everything will be ready on the opening day and the complete line of exhibits in all of the many big, white buildings, and in all of the various departments of these buildings, will like wise be ready.

Too many times in the history of expositions in other parts of the country it has happened that the first weeks saw only a portion of the exposition complete. This will not be the case at Knoxville.

LOW RATES FOR EXPOSITION.

Railroads Have Made Concessions For Big Knoxville Show. Exceptionally low rates—the lowest ever made for an exposition in the South—have been made by the railroads for the National Conservation Exposition in Knoxville, Tenn., during the months of September and October.

By virtue of an order of the superior court made in a special proceeding herein pending entitled J. Frank Jupton and others against Mrs. Sarah A. uffered Twenty-One Years-- Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. The physicians called it "Mother's Pain" and injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up all hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours, MRS. JOSEPH CONSTANCE, Avoyes Par. Marksville, La. Personally appeared before me, this 15th day of July, 1913, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact. Wm. Morrow, Notary Public.

Prove What Swamp-Root Will Do For You. Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Hickory Democrat. Regular fifty-cent and one-dollar size bottles for sale at all drugstores. (adv.)
