IN SOCIAL CIRCLES

Oct. 9 at 8 o'clock the Travelers' Club met with Mrs. Patrick. Mrs. Heald, Mrs. Mosteller, Miss Wood of Kentucky and Mrs. Frampton of West Virginia were invited guests. After "quotations on Learning and Art" Miss McComb gave an interesting "Outline history of Florence in the 13th and 14th centuries". Miss Ramsay then played the beautiful "Intermezzo" from Cavalleria Rusticana increasing interest in the "Outline history of the 15th and 16th centuries". Mrs. G. N. Hutton read Ouida's "The City of Lilies". Miss Wood at the close sang with impressive beauty "Desdemona's Prayer" from Verdi's "Otello". Refreshments were greatly enjoyed before adjourning to meet Oct. 16 at Miss Geitner's.

Miss Kathrine Allen entertained the "Busy Bees" Tuesday afternoon. All the members were present but two. They spent a most delightful hour, their merry voices keeping time with their needles, as they were busy with dainty fancy work. Delicious refreshments were served. The next meeting will be with Miss Miriam Whitener.

Continued in Office.

Asheville, Oct. 14.—An announcement that will be learned with no little interest in western North Carolina political circles is that of Collector A. D. Watts of the Internal Department who are now working under the direction of Agent R. B. Sams will be continued in office for a while. Mr. Sams received a message from Collector Watts to that effect yesterday.

Collector Watts has not advanced any reason for arriving at this decision and it is not known just how long the old employes will be kept in office. It is presumed, however, that it will be several weeks before any more appointments are made.

Mr. J. F. Allen informs us of the fact that the Fox Club of Hickory went up to Short Off Mountain for a fox hunt and was told by a number of people there that the fox in there could not be caught. The first chase only lasted about an hour and the fox was caught. The second lasted thirty minutes and the fox took a tree and the dogs were taken away and the fox was allowed time to come down and get a good start of the dogs and he was caught in thirty minutes. They had another race Monday night out from Hickory about four miles and made the catch in about forty minutes. If there is a fox that cannot be caught, please write the Democrat, as Mr. Allen thinks he can catch any of them.

County Fairs.

The number of county fairs in North Carolina is growing every year. It is a good thing for a county to hold a fair, it gives the people an opportunity to mingle with one another and it stimulates effort in all lines of activity. Any kind of worker is likely to get fresh incentive from seeing what his fellows in the same or even a different line are doing and have done.—Raleigh News and Observer.

Cotton Statistics.

The report of the county statistician shows that 182 bales were ginned in the county up to September 25th as against 38 last year. The report for all the counties of the State show that all the counties in the western part of the State have ginned more than for the same time last year, while the eastern counties fall far below last year's total.
