CHAUTAQUA PLATFORM MANAGER ANNOUNCED

The success of a Chautauqua is, to a great degree, dependant upon the Platform Manager, and the local committee was gratified upon learning that Prof. Charles M. Newcomb, has been assigned to take charge of the Chautauqua in Hickory.

Charles M. Newcomb, B. L., for seven years Professor of Oratory in the University of Chattanooga, is a young man well-known in his profession, and a lyceum entertainer of repute. He is a member of the Official Board of the National Speech Arts Association, a member of the International Lyceum Association, is on the Advisory Board of the Intercollegiate Peace Association, and is President of the Tennessee Oratorical League. He has appeared during the past few years on some of the best courses in the South.

Prof. Newcomb will have entire charge of all the programs, and will figure particularly in the morning entertainments. In the morning programs he will present carefully constructed programs—built, not thrown together. Mark Twain, Eugene Field, Kipling, Longfellow, Hugo, O. Henry, George Fitch, Wallace Irwin, Edmund Vance Cook, Shakespeare and Riley all join in to help Newcomb out in these programs.

The sale of season tickets is now well under way, and the ladies report good progress. We want to impress upon all the wisdom of purchasing tickets at an early date. As has been stated before, the price of season tickets, up to and including June 24, will be \$2.50 for adults and \$1.25 for children under 15 years of age. From June 25 to July 8, inclusive, the price of season tickets will be advanced to \$3.00 for adults and \$1.50 for children under 15. After July 8, all season tickets will be withdrawn, and the cost of single admission will be at the pleasure of Mr. J. Lee Stone, who assures us that the cost of single admission to three of the leading evening entertainments will equal, if not exceed, the cost of a season ticket.

Inasmuch as the tickets are interchangeable, it is apparent that it will be good economy for you to secure a season ticket. The programs are now in the hands of the printer (they are being printed by the Alkalest Lyceum System in Atlanta) and are expected here any day. In the meantime, we print the program below:

STATE CAPITOL NEWS OF THE PAST WEEK

The state board of agriculture completed the work of the semi-annual session and adjourned, having adopted a budget aggregating \$125,000 for the expenses of the department in its several divisions during the next six months. There is included an appropriation of \$15,000 toward the representation of this state in the Panama-Pacific Exposition next year, this being conditioned on the state commissioner's being able to carry through the plans now being formulated to install an exhibit with a special building the whole representation to cost around \$50,000.

These plans were laid before the board by Governor Craig and J. A. Brown of Chadbourn, member of the state commission.
Governor Craig went into detail as to the plans, stating that the purpose is to induce manufacturers and other business men to take part in the representation through exhibits and through moving picture representations for advertising purposes. The railroad companies are also expected to take part and contribute considerably in finances for the representation of the state. The legislature will be asked at its next session to make an appropriation and Governor Craig assured the board of agriculture that the legislature would make a substantial appropriation for the purpose.

Camp of Instruction Is Changed.
Adjutant-General Laurence W. Young recently received a telegram from the commanding general of the Eastern department stating that the joint camps of instruction at Augusta, Ga., will not be held as was announced earlier in the week. The plans of the war department have been changed, and the joint camps of instruction will be held in North and South Carolina, Georgia and Florida, the four states comprising the 14th division.

Regular army troops will be sent to each of the camps. The joint camp for North Carolina will be held at Camp Glenn at Morehead City, beginning in July. All of the troops in the state will be sent there for a period of ten days, several companies comprising the divisions that will be there at various times.
The change with reference to the joint maneuver camps will necessitate a change in the dates for the camps of the other regiments as heretofore announced, but the dates will be given as soon as possible.

The second Regiment, Troops A and B of the cavalry, Field Hospital No. 1 and Ambulance Company No. 1 will probably attend the camp at some time during the summer.

Postpone Seaboard Air Line Case.
A postponement to the July term has been ordered in Wake Superior Court in the noted case of State vs. Seaboard Air Line in which the railroad company is under indictment for refusing to submit for the inspection by any citizen the books of the agent here showing the receipts and consignees for intoxicating liquors, the railroad company contending that the interstate commerce act prevents the company from submitting books for inspection except as to specific shipments and then only to officers.

Take Plenty of Time to Eat.
There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble or constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by Grimes Drug Co. & Moser & Lutz.

Cattle Tick Eradication in Lenoir.
Probably 275 farms in Lenoir county are quarantined by the Bureau of Animal Industry of the National Department of Agriculture, under the plan of eradicating the cattle tick, according to Doctor Foss, who is in charge of the work in several states. Dr. Foss, who was at Kinston recently, stated that the quarantine will be lifted late in the fall, when Lenoir county farmers will be free to ship cattle to any part of the country. J. E. Gennings, an agent of the bureau will remain there indefinitely.

H. A. Haynes Will Be Brought Back.
A requisition on the governor of Illinois was issued by Governor Craig for H. A. Haynes, former superintendent of the Methodist Children's Home of the Western Carolina Conference at Winston-Salem, he being wanted there for the embezzlement of \$1,887 from that institution in 1912 while superintendent. Haynes was arrested in Chicago a few days ago and Officer J. A. Thomas of Winston-Salem is to make the trip to the Windy City for the fugitive.

BIG CAPTURE OF WHISKEY MADE SUNDAY

Sunday night Deputy Sheriffs, J. Porter Burns and P. P. Jones captured a wagon load of whiskey—measuring about 90 gallons—near Allan Bomgarner's residence on the Catawba Springs road.

Sheriff Burns was notified Sunday afternoon of the whiskey being at this place and getting Sheriff Jones to accompany him the two went out there about dark and found the outfit about 200 yards from the public road standing in an old abandoned roadway.

Elmore Lippard was found at the wagon and arrested. A team was hired and the man and whiskey brought here Sunday night. Lippard at first refused to give his name and did not until Monday morning. He first said his home was in Wilkes county and later told another party that he was from Gaston, but at the trial said he was from Alexander.

The whiskey was contained in two barrels and when captured one barrel was full and the other a little over half full. A siphon and a smaller keg completed the outfit. It was evident from the appearance of the outfit at the time it was found by the officers that whiskey was being retailed to the consumer from its stand in the old road.

Lippard was tried here Monday afternoon before United States Commissioner L. R. Whitener and bound over to the next term of Federal Court at Statesville in the sum of \$500 which he gave. At the trial he denied his guilt and said he was only at the wagon for the purpose of getting some whiskey and did not know who the owners were.

The confiscated stuff was turned over to Deputy Revenue Collector J. H. Aiken.
It was placed in the basement of the Palace Barber Shop Monday, and Monday night a quantity was stolen by some persons whose appetite for the "overjoyful" got the better of their sense of honor. About two gallons, however, were recovered Tuesday morning and the whole outfit was shipped to Collector Watts at Statesville, thereby removing from Hickory what seemed to be a very strong and irresistible temptation to some of the lovers of the liquid.

Mrs. Mary J. Browder.
Mrs. Mary J. Browder died at her home in Hickory May 28, 1914, and was buried May 29, the funeral being conducted from the First Baptist Church. Rev. J. G. Garth read the scripture selections. Mrs. J. H. Shuford sang "Sometime We'll Understand," with great tenderness. Rev. J. D. Harte's talk was a beautiful tribute to her as a good neighbor a loving, tender mother and faithful christian in whose life most beautiful traits of character were exemplified.

We feel sure that death to her was an entrance into a more radiant and more abundant life, but there remains a place in our hearts which is tender to every touch.
She leaves two daughters and a devoted son, a sister and a brother to mourn their loss.
Mrs. Browder was a loyal member of our Womans Missionary Society and as a society we wish to record a tribute to her as a co-worker.

Resolved, first, that we bow in trustful recognition to His will who doeth all things well;
Second, that we recognize in our sister a quiet but efficient member whose virtues are worthy of emulation;
Third, that we cherish the memory of our sister and endeavor to live lives of greater usefulness in the Master's vineyard;
Fourth, that we tender the grief stricken family our heart felt sympathy and pray God's strong arm may sustain them in this deep sorrow.
