## MANY PEOPLE ATTENDED FAIR DESPITE THE RAIN

First Two Days Accompanied by Downpour of Rain. Last Day was Fair and Crowds Thronged the City—List of Premiums Awarded.

The Sixth Annual Street Fair held here last week was a success notwithstanding the rain which fell unceasingly the first two days. Friday, the last day was the best as far as the crowd was concerned and many people from far and near were here. The exhibits, while not so large as in former years, were however of a most interesting and varied kind and also showed up well.

The educational and children's departments were splendid and the work of the school children is especially to be commended as there were no prizes offered in this class.

Below we give the premiums awarded in the different departments:

## SUFFERED TWENTY-ONE YEARS—FINALLY FOUND RELIEF

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. Injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,  
MRS. JOSEPH CONSTANCE, Rapides Par. Echo, La.  
Personally appeared before me, this 15th day of July, 1914, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.  
WM. MORROW, Notary Public.

Prove What Swamp-Root Will Do For You Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, please mention the Hickory Democrat. Regular fifty-cent and one-dollar size bottles for sale at all drug stores. (adv)

## D. A. TOMPKINS DIES AFTER LONG ILLNESS

With Joseph P. Caldwell He Re-established the Charlotte Observer in 1892.

Charlotte, Oct. 18.—Daniel Augustus Tompkins who with the late Joseph P. Caldwell, reestablished the Charlotte Observer in 1892, and who for 30 years was one of the leading men in the south and was known from Maine to Texas, died today at 12:45 o'clock at his summer home at Montreat. Death was due to paralysis from which he had suffered for four years, he having suffered a slight stroke on a train journey to Greensboro four years ago. Since the beginning of his illness he devoted his time in an effort to regain his health but without avail. Up to the last few months his mental vigor was undimmed. He left Charlotte in June for Montreat accompanied by trained nurses and relatives. For a month past it was realized that his strength was going fast. Three weeks ago he suffered a second stroke which deprived him of speech and for the past fortnight he was unconscious for the greater part of the time. He rallied several days ago, saying to those in the room that he knew the end was near and that he was ready to go.

## Extension Series Bulletin No. 8.

The story of what Catawba county farmers have done with their Co-operative Creamery, their Sweet Potato Growers' Association, their Farmers' Union Warehouse, and Co-operative Rural Credit Association, told by Richard H. Shuford, of Hickory, a member of the Graduate School of the University last year, makes up the contents of Extension Series Bulletin No. 8, which was issued in a 5,000 edition in early July.

Three points of interest appear in this publication. The bulletin is typical of a new style of graduating or master's thesis required of University students, in some departments. Possibly more than 100 men last year made special investigations of local North Carolina industries and conditions. This story is especially interesting because it is the record of the first attempt on the part of the farmers of a North Carolina county to carry out simple co-operative principles on a large, far reaching scale. The most significant feature—the third—is that the University is beginning in this way to reach the people back home with information which is fundamental to the correct economic and social development of the State.

Since the bulletin has been issued three very gratifying requests have been received concerning its employment. The first was that 50 copies should be placed in the hands of the leading farmers of Craven county to serve as the incentive and guide for similar activities in that county. This request came through a trustee of the University. The second was a similar request from Hertford. The third was different. Recently a county conference was held in Watauga. A definite organization was perfected for the economic and social development of the county. A half dozen Carolina men are on the steering committee and are attempting to bring things to pass. They want this particular bulletin in the hands of the farmers of the county for the double purpose of giving specific information and of showing the people that the University can be a direct power for good in every community in the county.

Another fact worthy of conspicuous mention is that an alumnus trustee furnished the check which enabled the Bureau of Extension to print the 5,000 copies.

## Rally Day.

Next Sunday, October, 25, will be observed as Rally Day in the First Methodist Sunday School. In addition to the members of the church and Sunday School, we cordially invite every one who would like to visit or join any of the classes. Come at 9:45 o'clock and bring a friend with you!

The Baraca and Philathea classes will have charge of the eleven o'clock service and the following program will be rendered:

## FIRST-PRESBYTERIAN CHURCH WHERE NORTH CAROLINA SYNOD WILL MEET NEXT TUESDAY

## "IS TO BE COMMENDED"

The editorial in last week's Democrat in reference to the Hickory write up in the Greensboro News and the omission of the schools and churches is to be commended. The schools of Hickory have become her most valuable asset and from a financial standpoint bring more money into the town for the amount the town invests in them than any other institution. The churches contribute more than can be estimated to enhancing property and making the place in which it is worth while to live.

I have just read with some degree of care the proposed amendments to the Constitution which are to be voted upon next month and with your permission I desire to say that the adoption, or rejection of these amendments in part or as a whole is a most important matter to our people and I fear that we are not giving them the consideration which their importance demands.

J. L. Murphy.

## WAR TAX PASSES AMIDST STURM O SENATE ORATORY

Several Southern Senators in Desperate Fight for Cotton Join Republicans

Washington, D. C., Oct. 17.—The administration war revenue bill, levying approximately \$100,000,000 additional taxes to meet the emergency caused by the war in Europe, was passed by Senate tonight 31 to 22 after Southern Democrats in coalition with Republicans of the senate, fought to indefinitely postpone consideration of the measure because cotton relief legislation had been decisively defeated.

Democratic leaders by a supreme effort in the climax of the cotton fight, gathered their forces, and spurring them on with eloquent appeals for party solidarity, defeated 32 to 25 the coalition in its move to indefinitely postpone action. Senators Clark, of Arkansas, Smith of South Carolina, Vardaman and White were the Democratic Senators who fought to the end, voting with the Republicans to postpone action. This would have killed the bill for the present session of Congress.

Despite urgent pleas of Senators Williams, Stone, Shively and James, who demanded united Democratic support for a Democratic measure fostered by the administration, these five Southern Senators under a storm of oratorical denunciation, persisted to the last in their determination that the bill should contain some cotton relief provision.

The enlivening contest that marked the passage of the bill foreshadowed the end of the long drawn out session of Congress, which has kept flags flying over the capitol almost continuously for the past two years. The tax bill will go to the House on Monday and will be sent to conference. An agreement on the measure between the two Houses probably will be reached by the middle of next week.

The vote on the revenue bill followed party lines with one exception, Senator Lane, of Oregon, Democrat, voting against it. Immediately after its passage, the Senate, on motion of Senator Simmons, insisted upon its amendments and asked a conference with the House. Conference named were: Senators Simmons, Williams, Stone, McCumber and Clark of Wyoming.

## Newspaper Best Investment.

The address of former United States Senator Davis, of Illinois, contained quite a complimentary reference to the work of newspapers. Among other things he said:

"Every year every local paper gives from 500 to 5000 free lines for the benefit of the community in which it is located. No other agency can, or will do this. The editor, in proportion to his means does more for his town than any other man. He ought to be supported, not because you like him or admire his writings, but because a local paper is the best investment a community can make. It may not be crowded with great thought, but financially it is of more benefit than both teacher and preacher. Today editors do more for less pay than any men on earth. Patronize your home paper, not as charity, but as an investment."

## Death of Child.

Donald May, son of Wilburn and Stella Starr, was born May, 20, 1913, and departed this life Oct. 16, 1914, aged one year, four months and twenty-six days. The child was buried at St. Timothy Lutheran church, Rev. M. L. Stirewalt officiating in the absence of the pastor.

## But They are Useful.

"So you are married, Sam?"  
"Oh, yes, sah."  
"Did you get any wedding gifts, Sam?"  
"Oh, yes, sah."  
"Any duplicates, Sam?"  
"Oh, yes, sah. I got eight razors, sah."—Yonkers Statesman.

## Hospitality.

It is nice to know in these days of lost reputations that Oriental hospitality, at any rate, shows no signs of decadence. A correspondent has come across the following announcement in a tailor's shop in Tokio: "Respectable ladies and gentlemen may come here to have fits."—Punch.
