

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

### Blind and Dumb Accuse.

On the joint testimony of two old cronies, a blind man and a deaf mute, a warrant has been sworn out in the West Side Court for the arrest of William Scanlon, a roofer, of 536 West Forty-fifth street, charging him with breaking up the blind man's home in the same house by making love to his wife.

Emile Sulna, who is a blind newsdealer living at the Forty-fifth street address and having a stand at Tenth avenue and Forty-second street, for a long number of years has been led around by Albert Seigler, 550 Forth-third street, a deaf and dumb man. Sulna in return interprets for Seigler. They both appeared in court.

"I want an arrest for Scanlon," Sulna said, tapping the floor with his cane. "Scanlon kissed my wife and I recognized his voice."

Then Seigler started playing a tune with his fingers on Sulna's wrist.

"If it please your honor, Seigler wishes to say to you that he saw Scanlon embrace Mrs. Sulna and saw him kiss her," said Sulna. After Seigler had finished tapping out his evidence a warrant was issued.—Evening Sun.

### Not Paint.

With linseed oil at 50c to \$1, what sort of oil do you think they use in "paint" at \$1.50 and \$1.25?

That stuff is counterfeit paint. You can cheat yourself; you can't cheat time or weather.

Paint is a rubbery coat over wood and iron to keep out water.

Counterfeit paint may look like it; counterfeit money looks like money.

What are all counterfeits for? They are all alike.

### Health and Happiness Depend Upon Your Liver.

That sluggish liver with its sluggish flow of bile is what makes the world look so dark at times. Dr. King's New Life Pills go straight to the root of the difficulty by working up the action of the liver and increasing the flow of bile. Dr. King's New Life Pills cause the bowels to act more freely and drive away those "moody days." 25c, a bottle.

"Why do they call 'em fountain pens? I should say reservoir pens would be a better name. A reservoir contains liquids; a fountain throws 'em around."

"I think fountain pen is the proper name," said the party of the second part.—Louisville Courier-Journal.

### The Next Best Thing to the Pine Forest for Colds is—

Dr. Bell's Pine-Tar-Honey which goes to the very root of cold troubles. It clears the throat and gives relief from that clogged and stuffed feeling. The pines have been the friend of man in driving away colds. Moreover, the pine-honey qualities are peculiarly effective in fighting children's colds. Remember that a cold broken at the start greatly removes the possibility of complications. 25c.

"I see that John L. Sullivan is out lecturing on the awful effect of booze," remarked the Old Fogey.

"Well," replied the Grouch, "he certainly selected a subject with which he is familiar."—Cincinnati Enquirer.

To Drive Out Malaria And Build Up The System Take The Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50c.

"That sensational novel of his is selling like hot cakes."

"It's a burning shame."

—Judge.

### Every Home Needs a Faithful Cough and Cold Remedy.

When seasons change and colds appear—when you first detect a cold after sitting next to a person who has sneezed, then it is that a tried and tested remedy should be faithfully used. "I never wrote a testimonial before, but I know positively that for myself and family, Dr. King's New Discovery is the best cough remedy we ever used and we have tried them all." 50c, and \$1.00.

The United States in 1913 sold \$12,955,610 worth of goods to Sweden.

### The Railroad Men.

The Southern Railway Company, under the guidance of President Fairfax Harrison, has two winning policies coupled together. One is publicity of its affairs in the development of a spirit of co-operation on part of the people. The other is the family gathering of officers and employes for the exchange of views and the establishment of intimacies of a social and business character. Such was the nature of the meeting held in Charlotte last night, when the president of the company, his officers and privates, met in social conference and matters relating to the various departments of the railroad management were discussed. It is in this way that the men of a great corporation get into intimate touch with each other and gain ideas of mutual advantage. It is thoroughly representative of the new policy of the corporations. Each man is made to feel that he has a direct interest in the affairs of the company with which he works. He is made to feel that he is "in the family," holding the confidence and respect of those who in former times would have been referred to as his "superiors," but who are now regarded, as fellow-workers. The modern corporation has evolved into a body of co-workers and while there is a distinction in the grades of employment there is no distinction in the purpose that animates the men, themselves. Holding different offices and performing different duties the dominating sentiment is that they are all stockholders in a common interest.—Charlotte Observer.

### to the Public.

"I feel that I owe the manufacturers Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Witherall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and felt terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief for it benefited me almost immediately." For sale by Grimes drug Co. & Lutz's Drug Co.

### As Ruth Saw It.

Of course little Ruth should have been able to answer more precisely when the teacher asked her to describe a frog, says the Public Ledger. But she gave a description that at least is picturesque when she replied:

"A frog, teacher, is a big green bug with warts all over it. And it keeps its mouth open all the time, and—and its always sitting down behind and standing up in front."

"Strange," said the first tramp, meditatively, "how few of our youthful dreams ever come true."

"Oh, I dunno," said his companion. "I remember when I used to dream about wearing long pants, and now I guess I wear 'em longer than anyone else in the country."—Kansas City Star.

## ANNOUNCEMENT

The following prices f. o. b. Detroit, effective August 2, 1915:

Ford Runabout.....\$390.00  
Ford Touring Car.....440.00  
Ford Town Car.....640.00

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to Aug. 1, 1916.

### PROFIT SHARING WITH RETAIL BUYERS

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.
