

The circulation of The Review is 5,000 each and every week; several times larger than the combined newspapers of High Point, being READ in practically every home in the city and the suburbs. Advertisers take notice.

# THE REVIEW

"High Point for High Point," that's the slogan. Keep your money in High Point; trade with High Point merchants; buy everything you can in High Point at all times; that's the foundation for a Greater High Point.

No. 8

High Point, N. C., Friday, January 19th, 1912

No. 6

The Review is read and appreciated by that large body of people who buy four-fifths of the goods sold in High Point--the laboring people

### CONSIDERING THE TREATY

Washington, Jan. 16.—Consideration of the pending arbitration treaties with Great Britain and France was fairly begun in the senate today with a speech by Senator Rayner, of Maryland, and the subject will be on in the senate regularly for some time.

The Kilties, Canada's great band, appears in the auditorium here Tuesday afternoon and evening.

Great muslin underwear sale at Leonard-Beavans-Stamey Co. beginning Tuesday, January 23rd. See ad.

W. G. Parks, representing the Gerlach-Barklow Co., manufacturers of art calendars, was in the city Wednesday calling on the trade. Mr. Parks sells nothing but the best in calendars and has been 20 years on the road in the same business.

### COL. HENRY SAYS IT WILL BE TAFT AND HARMON

In the opinion of Col. Walter R. Henry of Charlotte, who is just back from an extended trip into the northwestern states, including a stay of some days in Chicago. Taft is sure to be the nominee of the Republicans for a second term as president. He believes, too, that his opponent on the Democratic ticket will be Harmon. He says he found little Wilson sentiment.

### 30,000 RENDERED HOMELESS BY FIRE

Osaka, Japan, Jan. 18.—A series of fires which broke out at 1 o'clock this morning swept unchecked across the southern half of this city, fanned by a strong wind. The conflagration was not under control until late in the afternoon when, according to official figures, 5,268 buildings had been destroyed and thirty thousand persons rendered homeless. During the first hours the flames consumed more than 1,300 houses.

### Southern Convention to Be Held at Elon

Elon College, Jan. 18.—The executive committee of the Southern Christian convention, which is composed of Dr. W. W. Staley, of Suffolk, Va.; Hen. E. E. Holland of Washington, and Rev. N. G. Newman, of Holland, Va., has accepted the invitation of the Christian church at this place to hold its next biennial session here this spring. The convention assembles on April 30, and will be in session for four days.

### Abdication Edict Prepared

Paris, Jan. 18.—A secret cabinet council at Peking yesterday prepared an abdication edict which probably will be promulgated today, according to a dispatch to the European edition of the New York Herald. The attempt against Yuan Shi Kai has forced the hands of the obdurate princes who, fearing attempts against themselves, have decided to ring down the curtain on the Manchu dynasty. Yuan himself is authorized for stating that he again tendered his resignation, but it was not accepted.

### Mrs. Sapp Dead

Mrs. N. W. Sapp, aged 60 years, died at her home in Kernersville, Wednesday, of paralysis. Deceased was the mother of Mr. A. V. Sapp, formerly of this city, but now of Greensboro. Several other children survive. Mrs. Sapp was well and favorable known in her section as a christian woman and a useful citizen.

### Interesting Services at South Main Street Church Sunday

Rev. B. Margeson, the new pastor of South Main Street M. E. Church will preach next Sunday morning, January 21st, at 11 o'clock. Subject: "The Bright Side of Dark Things."

Dr. Ware, presiding elder of the district, will preach at night. Services to begin at 7 o'clock. Everybody cordially invited to attend.

### A Growing Institution

The past year's history of the Home Banking Company was one of much success, the volume of business done was far greater than the year previous. At a meeting of the stockholders recently a six per cent dividend was declared and the old officers re-elected. The bank has greatly increased its number of depositors. Col. D. H. Milton is cashier and Mr. T. F. Wrenn president.

### Noted Army Leader Coming to Greensboro

Beginning with January 25, Mr. Herbert Booth, son of the founder and head of the Salvation Army, will spend a few days in Greensboro, conducting a mission in West Market Street Methodist church. The meeting will last through February 6, and its intent is to deepen the spiritual life of the church and city by a series of inspiring addresses. Mr. Booth is reputed to be one of the most effective religious evangelists of modern times.

Mr. T. F. Wrenn who has been here several days looking after his business interests returned to his home in Marion this week.

At last the backbone of the blizzard has been broken.

Send The Review the neighborhood news.

### LADY SERIOUSLY INJURED

#### Mrs. Ken Grimes Has Narrow Escape From Death

Sunday morning early while engaged in cooking breakfast Mrs. Ken Grimes was fearfully bruised by flying pieces of iron, due to the bursting of a water back and which literally tore the stove to pieces. She was wounded on the face, head and several places on the body and it is remarkable that she came out alive. A large hole was made in the walls of the kitchen by the explosion. Drs. Stanton and Turner were called to attend the unfortunate woman, who was at first thought to be fatally injured. However, the crisis has apparently passed and Mrs. Grimes is getting along as well as could be expected for one wounded so badly.

There were several other cases in the city where the water backs to stoves burst but without serious trouble.

In Greensboro and other places accidents were reported from the same cause and in a few towns death exacted its toll from the freezing of water backs in stoves. They are dangerous in cold weather and people should be slow to build a fire in the stove without they know everything is all right.

### Judge Cook Grants Habeas Corpus For Wineskie

When court convened in Greensboro Monday morning, Mr. A. L. Brooks, attorney for Frank Wineskie, called up the habeas corpus case sued out Saturday night. Wineskie had been bound over to court on a charge of embezzling funds of the Standard Mirror Company of High Point, of which he was manager. Mr. Brooks claimed that Justice of the Peace Collins had no jurisdiction to hear the case, since it belonged before the High Point recorder.

Judge Cook heard all the evidence and reserved his decision until Tuesday morning at 9 o'clock when he granted the habeas corpus and Mr. Wineskie was released. The case will be tried in High Point now or the plaintiffs may wait until court meets and bring the matter before the grand jury, it is learned. In Magistrate Collins' court Wineskie was held for the grand jury but it seems that Collins' court was not legal in this case, hence the habeas corpus proceedings.

It is a case in which High Point and the surrounding country has been much interested and the outcome will be awaited with much concern.

In rendering the judgment, his honor stated that he has never declared an act of the general assembly unconstitutional in all the period of his service as judge and he considered the power to do so one that should be used sparingly and with caution. He further stated that had he been a member of the appellate division of the judiciary system, he might not be able to make the previous statement, and his hearers were led to infer that his judgment in the case today was not necessarily his opinion as to the constitutionality of the statute removing the authority of the justice of the peace and establishing the recorder's court.

There was some talk of a bench warrant, but the judge did not issue one, and it is not likely that any further action will be taken until the next term of criminal court, when, it is thought, the grand jury will take action. It is said that Mr. Wineskie will demand a trial.

### REFLECTIONS OF A BACHELOR

A poor cook is able to make a much better living than a good poet. Some men have lots of relations; some get off with only business troubles.

Falling off the water wagon became an international institution with Noah.

When father doesn't grumble about the gas bills from daughter's callers, he's feeling anxious himself about her future.

A man who wouldn't think of treading on a rattlesnake if he knew it will deliberately plunge right into a religious argument.—New York Press.

### She Had Reason.

"Johnny, what is the meaning sought to be conveyed in the assertion. 'Freedom shrieked when Kosciusko fell?'"

"Freedom was probly what he fell on, ma'am."

### GUILFORD'S SCHOOL FUNDS

#### Annual Apportionment Made by County Board of Education.

The Guilford county board of education has completed the apportionment of the county school funds for the ensuing year, the total amount apportioned being about \$83,000. The regular apportionment in round figures, is \$58,900 and the apportionment of special taxes is approximately \$24,000. The per capita apportionment is increased this year from \$2.50 to \$2.75, this being the largest increase in any one year under the present system of public education. For several years the board of education has been increasing the per capita apportionment at the rate of 10 cents a year, and the larger increase this year is made possible by the extra tax levy authorized by the last legislature. The schools named below received the following:

Jamestown. Jamestown, \$850 and \$1,920 special; Oak Shade, \$300 and \$238 special; Union Hill, \$290; Hill Top, \$110 and \$354 special. Colored—\$170.

Oak Ridge Appropriation for the entire township, for both white and colored schools, \$1,468, with \$1,341 special.

Deep River Sandy Ridge, \$170; Colfax, \$500 and \$340 special; Millwood, \$130; Davis, \$75; County Line, \$75. Colored—\$110.

High Point Deep River, \$170 and \$61 special; DeLane, \$200 and \$177 special; Mechanicsville, \$630 and \$413 special; Welch, \$400 and \$616 special; Oak Hill, \$446 and \$679 special; Springfield, \$772 and \$800 special. Colored—Ganaway children, \$64. There was apportioned to the Greensboro graded schools \$11,429 and to the High Point graded schools \$7,967.

The apportionment to the county high schools is as follows: Jamestown, \$500; Pleasant Garden, \$500; Monticello, \$400; Summerfield, \$250.

The sum of \$2,500 was appropriated to the agricultural department of the county high schools.

The Kernersville Light & Power Company was sold Tuesday by the receiver to the Greensboro Boiler & Supply Co.

The coldest weather in ten years says the close observer, in speaking of the "spell" of the past two weeks.

The plumbers have done a good business during the freezing weather. It's an ill wind that blows no one good.

High Point needs a man who knows how to inspect all the plumbing done, and then see that it is done according to law. If this was the case much money would be saved the individual and perhaps loss of life.

### MEASURING RIVER FLOWS

Eleven Hundred Gaging Stations Operated by United States Geological Survey.

In its work work of steam gaging—measuring the flow and volume of rivers by up to date methods—the United States Geological Survey co-operated during the past fiscal year with thirteen states, the states contributing over \$49,000, and the survey doing the work. The Geological Survey also cooperated in this work with the Reclamation Service, the Office of Indian Affairs, and the Forest Service. Ninety-six gaging stations were maintained in cooperation with the Reclamation service, thirteen in cooperation with the Indian Office, and 194 in cooperation with the Forest Service on streams draining National Forests. In all 1,105 gaging stations were in operation at the close of the last fiscal year.

It has been rumored that the President and Postmaster General Hitchcock are at outs because Hitchcock recommended that the government take hold of the telegraph lines and operate same. However there seems to be no foundation for such, and at last accounts the reporters have these two prominent persons as lovely as two sick kittens.

### HERE AND THERE

Miss Matilda Gerringer, of Gibsonville, was burned to death Monday. While standing in front of a fire place her clothes became ignited and she was burned to a crisp before help arrived. She was 70 years of age.

The cruiser Hai Chi, which recently visited America, has joined the Chinese revolutionists Hai Chi was one of China's best boats.

The butter trust has raised the price of the creamery stuff to 40c lb, saying that the market could easily stand it. We guess so, the market and especially the buyer generally have to stand what the trusts put upon them.

The reported massacre of 10,000 Manchus by the rebels in the Shen Si district has been confirmed. Kan Su with the Imperial army, after hard fighting, succeeded in pushing his way to within 60 miles of Sian Fu. The entire province of Shen Si is in turmoil, and many towns have been looted and deserted.

Dr. Cook, the explorer of the North pole, lectured to a large crowd in Greensboro Tuesday night. Wednesday night he spoke in Winston and was introduced by Hon. Cyrus B. Watson. You are all right, Cook, old boy. We do not doubt you in the least when you say you sat on the topmost part of the earth, notwithstanding Peary, et al.

The single story building on South Elm street, Greensboro, owned by W. F. Clegg, and heretofore occupied by the New Royal Cafe, a recently established shoe store, Clegg's shooting gallery and Saleeby's fruit stand, was gutted by an early morning fire Monday.

The revolutionists over in China have massacred 10,000 of the Imperialists, which is to say that number of the emperor's stickers. Already a republic has been established with Dr. Sun, a native Chinese and a Christian, strange to relate, as president. Things are quite lively in the kingdom of rice and rats.

Anyhow the decision of Judge Cook, until reversed, establishes the relative strength of recorder and a magistrate.

### Happiness

There is never rain enough in the world to drown all the roses. There is always one for Love to wear on his breast.

Should misfortune overtake you, retrench, work harder, but never retreat; confront difficulties with unflinching perseverance. Should you then fail, you will be honored; but shrink and you will be despised.

Trouble comes to some of us because we spend more time in hoping for the best than we do in working for it.

Taking the world as we find it is good philosophy, but trying to take it all is quite a different matter.

Queer about this thing happiness. The more of it you give to others the more you have.

A little expression of praise and appreciation to one who is trying to do right and be of some use in the world will often fill his heart with happiness of the kind which will make him, though discouraged, take heart again.

The habit of blaming others when when things go wrong is an insidious and dangerous one. Far more is it to the purpose to inquire within whether the fault, or much of it, may not lie at home.—Selected.

### Coal Law Needs Amending.

The present coal-land law has one serious defect, which would be remedied if a leasing law is not enacted. The restriction of area that may legally be acquired to a maximum of 160 acres for an individual and 640 acres for an association is not in accord with good mining practice. The fixed charges on the cost of a modern coal mine, provided with the up-to-date equipment necessary to conserve life and property and to assure maximum recovery, are too high to be assessed against the output of so small a tract, especially if the coal seam is of only moderate thickness. A law designed to promote the practical utilization of coal deposits, whether the system contemplates sale or lease, must provide for the holding of a large enough unit to permit the opening and equipment of a modern mine and to warrant its economical operation. Without such provision for commercial operation too great an advantage is given to the land-grant railroads and large coal companies already in possession of considerable areas of high-grade coal. (From 32d Annual Report, Director United States Geological Survey.)
