Our knowledge of diamonds, our experience in buying and selling them, makes us thoroughly well qualified to judge them correctly. HIGH POINT ROUTE 4 NEWS

(By Mary A. Clodfelter.)
Forsyth is again, trying to dislocate a portion of our county. We are opposed to it—don't want any part of Forsyth county and don't want to lose any of ours. It is a political scheme. They say it will take in Teaguetown and the eastern part of Davidson, the richest part of our county.

Rev. and Mrs. McCuiston, of Winston-Salem, spent the day Tuesday of last week with Mr. and Mrs. R. M. Clodfelter and family. Glad to have them.

The ground Friday was covered with sleet and ice and cold sure enough.

Mr. and Mrs. Bert Weavil is all smiles—it's a girl.

L. D. Wyr, a brother of the writer, has been seriously ill the past few days with heart trouble and high blood pressure, but is some better now, glad to say.

Tax paying time at Wallburg Friday and those who paid expressed themselves as "almost ruined."

Sugar has taken a tumble and you can now get six pounds at Winston for 50c. Wages have also dropped considerably, which is all to the good.

Miss Lou Hines doesn't seem to improve very much, sorry to state.

Leonard Tufts had a 41-year-old razor back hog at the fair at Pinehurst. It came from one of the western counties. The hog only weighed 38 pounds—some hog story.

C. C. Smith killed two hogs the other day that weighed 763 lbs. John Motsinger has killed 40 hogs and has 40 more to kill.

William Pool bought a horse lately and has quit pulling the reins over the old mule.

Jerry Clodfelter called at the writer's home Friday evening.

Wilmer Clodfelter is with her uncle and aunt, Mr. and Mrs. Weavil, near Midway, and will stay several weeks.

The mail carrier on Route 4 is having a very rough time, also Alfred Clinard on Wallburg Route 1.

SOME TURNIPS.

J. W. Fouts, of Route 5, brought the editor three huge turnips Saturday, the largest weighing 4 1-2 lbs, while the other two were close to this weight. They were certainly some turnips. Anyway our friend from Route 5 is a raiser of big things. At one time he took the lead on big hogs, later on sweet potatoes and now on turnips.

GERMANS GIVE UP MANY GUNS

Marshal Foch's report on German's disarmament says that the Germans have surrendered 41,000 cannon, 23,000 unmounted cannon barrels, 163,000 machine guns and barrels, 2,800,000 rifles, 15,000 airplanes and 23,000 airplane motors.

The German delinquencies in executing the disarmament clauses of the treaty and the Spa agreement are said to be principally the maintenance of garrisons in Bavaria and eastern Prussia the organization of security police and failure to destroy the required amount of artillery in the eastern and southern frontier fortresses.

The report recites the details of the German's request that they be allowed to retain 341 cannon in the fortresses, but but the allies have approved the retention of only 20 guns at Koenigsberg, 35 at Pillou and 32 at Swinemuende.

WATCH FOUND AFTER FIVE YEARS RUNS

Thought to have been lost five or six years ago, a 98 cent watch was found a few days ago by Charles Everhart, and M. M. Swing, of near Holly Grove, with its case unharmed and its works still capable of going right ahead clickink off the seconds, minutes and hours. Messrs. Swing and Everhart were working a road near their homes when they espied the watch lying in a clump of broom sedge near the road. It looked almost as new as when bought. The finders opened up the time piece and found that some of the tiny screws had worked loose, tightened these with a pocket knife, wound up the watch and it began to click merrily along. When last heard from it was still in running condition.

At the time of its purchase the watch is said to have sold for 98 cents, although since that time the same kind of watch has advanced in price considerably.

Five or six years ago a watch of the description of the one found is reported to have been lost in that vicinity. Since no other watch had been reported as lost around there, the finders presume that this was the time-piece now in their possession. They say if the owner can describe the watch with full and

minute details and can otherwise satisfy them that he can get back his unusual time piece.
