Miss Ravonia Miller of Waynesville is spending a few days in the city, the guest of Mrs. A. A. Shuford, Jr.

With Miss Allen. The Do-As-You-Please Club met yesterday afternoon with Miss Mary Allen. Ten members answered to roll call. Miss Sammie Way of Jacksonville, Fla., was a welcomed visitor. After a most pleasant social hour the hostess served a salad course. Miss Constance Best will have the next meeting.

Embroidery Club. Mrs. G. F. Ivey was hostess to the Embroidery Club yesterday afternoon when fourteen members responded to roll call. Mrs. W. B. Ramsay and Mrs. R. J. Foster were visitors. All were glad to meet again at this the first meeting of the new year. During the work hour, Mrs. T. F. Stevenson gave a reading from "Martha by the Day." Misses Stanly Hall and Dorothy Ivey served delicious refreshments in two courses. The next meeting will be with Mrs. L. L. Hatfield, January 27.

Senior Class Meets. The senior class of the Hickory high school met last night with Miss Edith Clement at her home on Tenth avenue. Business was discussed after which games were played. Music was furnished by Misses Long, Campbell and Deal. Misses Miller, Frazier and Clement gave recitations which were greatly enjoyed by those present. The members present were Misses Lucile Deal, Hattie Fox, Pearl Campbell, Onetta Miller, Mabel Long, Mary Bernethy, Aurora Rhodes, Pearl Frazier, Jesse Rhodes and Hilton Bowles. Dainty refreshments were served by Misses Clement and Miller after which the meeting adjourned.

With Judge and Mrs. Cline. One of the most delightful club meetings of the winter was last night when Judge and Mrs. E. B. Cline entertained the Tuesday Afternoon Bridge Club. Four tables were arranged for cards. Soon after the guests arrived supper was served. Mrs. M. H. Yount made the highest score among the ladies; Mr. E. B. Menzies among the gentlemen. Judge and Mrs. Cline's guests were Mr. and Mrs. M. H. Yount, Mr. and Mrs. E. B. Menzies, Mr. and Mrs. A. A. Shuford, Jr., and the house guests, Miss Miller of Waynesville, Dr. and Mrs. H. C. Menzies, Mr. and Mrs. W. X. Reid, Mr. and Mrs. W. J. Shuford, Mr. and Mrs. J. H. P. Gilley and Mrs. E. Bryan Jones.

Mrs. Clark Entertains. Yesterday afternoon the Travelers' Club met with Mrs. N. W. Clark at Kenworth. All deeply regretted the absence of the president, Miss Mary Geitner, who is absent on a prolonged visit to Philadelphia and vicinity. The first vice-president, Mrs. W. B. Menzies, presided. Responses were made with quotations from Dandlet in response to roll call. Mrs. S. Smith of Kenworth was a guest. Mrs. J. H. Shuford gave the first topic "Monte Martre" in a very interesting manner. Mrs. J. A. Martin then described "Pere la Chaise" and other cemeteries. Considerable interest was added by remarks from Miss Amelia McComb who had visited these places. Mrs. E. Chadwick read Reynolds-Ball's account of "The Catacombs." After current events the Marseilles Hymn was sung with spirit. Delightful refreshments preceded adjournment to meet next, on January 20, with Mrs. E. B. Cline.

### PERJURY ALLEGED AGAINST ROY CORRELL OF MAIDEN

Roy Correll, a young man of 21, was arrested in Maiden Wednesday night and brought to jail here, on request of Gaston officials who wanted him on a charge of swearing falsely to a marriage license. Yesterday Chief Carroll of Gastonia came here for him and took him back to Gastonia. The officer said Correll swore that he was a brother of Mollie Poole, and that she was 18 years old, so Jason Eades could get license to marry her, and Eades also swore she was 18, when as a matter of fact Correll was neither her brother nor was she 18. The Gaston register has been imposed on until he determined to stop the practice and so had Correll indicted.

Correll moved to Maiden from McAdenville, where both he and Eades worked in the cotton mills. It is said he formerly lived in Maiden. There have been several cases of this sort in Catawba county and officials said yesterday that an indictment might put an end to swearing anything to get marriage license.—Newton Enterprise.

Why Willie Didn't Get Anything. Willie, at a Christmas party given by his sister, was allowed to participate in the snapdragon game, and sat amid a band of beautiful girls of 19 or so.

The lights went out, the usual grabbing for favors began, and then, when the lights went up again, Willie was seen crying bitterly.

"What's the matter, Willie? Didn't you get anything?" a lady asked.

"No," sobbed Willie spitefully. "As soon as it got dark that man with the brown whiskers—boo-hoo!—he grabbed me hands and didn't stop—boo-hoo!—he didn't stop kissing them till the lights went up again!"—Tit-Bits.

The congress of Ecuador has granted a concession for a steamship line between Guayaquil, Ecuador, and Philadelphia. The vessels of the company are to navigation under the Ecuadorian flag, and at least one-half of the employees are to be natives of Ecuador. It is stipulated that the steamship must begin running within one and one-half years after the signing of the contract.

## SHRINERS' BANQUET ENJOYABLE AFFAIR

The most enjoyable banquet ever given by the Hickory Shriners was that served last night to the members and their lady friends in the Elliott building on Ninth avenue, the event being a tremendous success from both a social and fraternal standpoint. As the guests entered the well lighted and comfortably heated room, the ladies were received by Mrs. J. W. Elliott and Mrs. Geo. E. Bisanar and given a cordial welcome, and soon all were seated about the banquet tables.

Music was dispensed by a colored orchestra during the banquet, after which the Shriners and their guests indulged in an hour of social intercourse. Some of the Shriners utilized the large floor space in dancing, Mr. and Mrs. Geo. N. Tutton leading the old-fashioned square dance and Mr. and Mrs. H. J. Holbrook the Virginia reel.

Mr. J. D. Elliott was master of ceremonies and at once the diners were made to feel the glow and warmth of the occasion. The banquet was prepared by Mrs. R. A. Grimes and Shriners said today they had never enjoyed anything more. On the menu were Blue Points on half shell, pickles, olives, horradish, cocktail sauce, celery, salted roast turkey with dressing, cranberry sauce, creamed peas, rice and gravy, hot rolls, chicken salad on slice of cold ham, beaten biscuits and cheese straws, pineapple ice cream, angel food cake, coffee, cheese and after dinner mints.

### WELFARE OF THE CHILD

Chief Topic of Interest of Social Service Conference.

The welfare of the child is to be the chief topic of interest at the Social Service conference that is to be held in Charlotte, January 23-26, according to Rev. A. C. Upchurch, secretary-treasurer of the conference. Mr. Upchurch says that this subject was made the keynote of the conference for the reason that the enlightenment and progress of any community is measured by the welfare of the child in that community.

In keeping with this idea, an unusually large number of thinking and progressive women have been procured for addresses. Miss Julia LaHarp of the National Children's Bureau, Washington, D. C., and Miss Ella P. Crandall of the National Association for Public Health Nursing of New York are two of the women speakers. A special conference on Organization of Society and State for the Welfare of the Child will be held while nearly every conference will center its interest about the child. Some of the features concerning the child that will be taken up at length during the conference will be play and work at school, influence of moving pictures, relation of church, Sunday school, clubs and social organizations to the development of the child, the health and industrial conditions of the child, and his welfare in every phase of life.

A new fast passenger and freight steamship line may be established between New York and Vigo, Spain, according to reports from Madrid. It will be under American management, it is said.

Rotterdam, Holland's great seaport, which since the war began has become more active than ever before, is to improve the facilities for shipping by deepening the channel to the North sea to 38 feet and later on to 41 feet at high tide. The work will require a dredging of over 10,000,000 cubic yards and cost about \$1,000,000. Other contemplated improvements will bring the total to be expended to over \$2,000,000.

France's production of wine has decreased greatly during 1915, having dropped from 56,134,000 hectoliters (1,482,938,000 gallons) in 1914 to 19,100,000 hectoliters, (478,181,870 gallons.) Figures for both years omit the production of wine in French territory occupied by the Germans. The greatest decrease was shown in the southern vineyards, the Herault region producing one-third of what it did the preceding year, and the Gironde region one-fifth.

## TOILET REQUISITES

### For House Work

No matter how careful you try to be when doing your house work you will soil your hands. And then the hands go into water and the stain and soil is worked into the pores of the skin and you look with despair upon the results. You need Rubber Gloves to wear about your house work. They will protect your hands perfectly and the perspiration they induce will keep your hands white.

A pair of soft, elastic gloves that keep your hands in perfect conditions and do not impede your work for 50 cents.

### SPEAS OF EAST BEND WINS IN CORN SHOW

West Raleigh, Jan. 14.—J. H. Speas of East Bend was winner of the sweepstakes prize, which was won over 40 other candidates in the annual A. and M. corn show held Wednesday night. The ear was of the single ear variety of corn, and was grown on the farm of his father last year.

A. L. Blue, of Moore county, won the first prize in the prolific variety, his ear took second place in the contest. The other winners in the show were: for single ear variety, P. W. Johnson, of Hoke county; J. H. Rogers, of Hurdle Mills; L. E. Pezzer, of Winston-Salem; and G. S. McArthur of Fayetteville.

In the prolific ear variety, T. L. Blue, of Moore county, took first prize; S. L. Homewood, of Alamance county, second; V. A. Johnston, of Weldon, third; D. H. Hall, of High Point, fourth; and C. W. Stanford, of Teer, fifth. Prof. C. L. Newman, of C. B. Williams and W. F. Pate acted as judges. In presenting the prize Professor Newman said that the show was indicative of the improvement made in corn varieties in the state within the past ten years.

The corn showed, said Professor Newman, that better seed corn was being used, which is essentially the secret of successful growing of corn.

The show is the second which has been held, and was a decided advance over that of last year, in that a better variety of corn was exhibited, and better developed ears in every respect. There were a few more entries also.

The Slacker Gets Back. Frederick Palmer, war correspondent, was talking in New York about England, whence he had just returned.

"Everything is war, war, war, over there," he said. "Dear help the young man who's not in khaki! He has a dreadful time."

"Now and then though one of these slackers—as they are called—gets a bit of his back."

"A slacker, for example, was passing a prison camp near London, when an interned German, showed at him from behind the barbed wire fence: 'Hey, Kitchener wants you!'"

The slacker frowned. "What?" he said.

"Kitchener wants you!" the German repeated.

"Well, by jove," said the slacker, "he's got you all right."—Washington Star.

Drawing For Fours. Alfred Boyd, the silk expert, on a recent trip in the Ozark region, says he saw a rather unusual advertisement in one of the village papers, as follows:

"Wanted—To trade two mules for two horses or two horses for two mules—makes no difference which. Apply John Rekep."

Breaking in the rear of the general store where the villagers were settling the European war with oratory and the dust of tobacco juice. Boyd asked one of his friends about the ad.

"Wal, you see, it's this way. Old Rekep is a consarned old shark when it comes to playing his name spelled backward, and he calculates he could do better either with four jacks or four of a kind in hosses."—St. Louis Globe-Democrat.

Just now it looks as if there would be no steel vessels employed in the Newfoundland sea fishery next spring. Five such vessels were recently sold to the Russian government, and it is said that others will soon be purchased for the transportation of freight to Europe.

Auckland, the capital of New Zealand, is soon to have a roof garden. It is to be built on the top of a six-story department store now in course of construction. Electric elevators will be installed to take guests up to it, and there will be tea rooms and other attractions.

Our consul at Amsterdam reports that the national wealth of Holland has increased a billion gulden (\$400,000,000) since the war began, a gain of something like \$60 per capita of the population.

Preparedness is rapidly coming to be regarded as suggesting "safety first" more than it suggests danger of conflict.—Washington Star.

What profiteth it that a man become emperor of the world if he hath a malignant boil on his neck?—Chicago News.
