ASSOCIATED PRESS REPORTS HICKORY, N. C. Tuesday Evening

GOOD ROADS COMING

There is no longer any doubt that a large number of the intelligent citizens of Icard township, Burke county, are interested in securing a sand-clay road through their section.

Icard township will not be experimenting in voting for roads. They will be following along a highway tried out by thousands of other communities in the United States.

Business men of Hickory are doing all in their power to assist their neighbors in obtaining adequate roads.

And this means, if we are able to judge human nature, that the people of Icard township are going to set the pace for that part of Burke county that has lagged.

A. AND M. PRESIDENCY

It is said that Dr. William Louis Potat, president of Wake Forest College, is under consideration for president of A. and M. College.

Other educators we have heard mentioned are Dr. Vrooman of the United States department of agriculture, who several days ago was said to have the lead; Prof. Marvin Hendrix Staly, dean of the University of North Carolina.

From what we know of Dr. Potat and Professor Stacy and what we have heard of Drs. Vrooman and Morgan, the trustees of A. and M. College could not err in electing any one of the four.

We don't care how a man thinks or feels about politics, law, or war, but we do care when he twists the facts to suit the occasion.

We observed the other day that the Winston-Salem Journal, which is supporting J. A. Hartness for secretary of state on the rotation platform.

The United States has got ready to enter a vigorous protest against Great Britain for interference with neutral mails, and we hope it will result in good.

THE NATIONAL GUARD

It is generally known that the national guard as a part of the military force of the United States is on trial now.

Congress therefore has made more favorable conditions for enlisted men. After July 1 better pay and attention will be given the rank and file.

Captain Lyerly is anxious to secure twenty-five or more young men to enlarge and strengthen his company.

This doesn't apply to all the lawyers of course, but we have known for many years that the legal profession did not like that simple charter form which Bryan Grimes prepared for the benefit of the man who didn't want to spend ten or twenty-five dollars in having incorporation papers drawn up.

If the British government felt compelled to make examples out of any of the Irish rebels it should not become soft-hearted before it puts the arch-traitor up in front of a firing squad.

If Mr. C. W. Mitchell of Aulander will permit an interruption we will admit that his candidacy against Majority Leader Kitchin already has made for him a better Democrat.

Thomas A. Edison is not afraid of his opinions. He believes that Theodore Roosevelt is the only man fit to be president of the United States now.

We ran across the Hon. Dave Boyd of Haywood county on the train the other day and the suspicion flittered through our innocent mind that perhaps Tom Lee had hired our friend Dave to make the race for corporation commissioner.

These fellows who know better and yet who make the United States out the villain in dealing with Germany—happily the tribe is not large in North Carolina—will get a good call-down one of these days, even if that is not all they will get.

None of the politicians have ever offered us a job, and we never expect 'em to, for that matter, but we'll have to admit that Governor Craig offered us a decoration provided we would pay for it, and by it, we mean uniform, of course.

When one reads of that Waco, Texas, mob burning a young negro in the public square at noon in the presence of 15,000 spectators, he is compelled to think more kindly of Villa and his bunch.

We don't mind saying that Justice Hughes' whiskers don't appeal to us. Whether that is because we can't sprout a variety like his or otherwise, we can't tell.

The Confederate veterans are having their reunion in Birmingham this week, and may it be the best they have ever known.

Mrs. Clarence Pemberton of Black Mountain, formerly a resident of Hickory, will pass through the city this afternoon and be the guest of Mrs. A. A. Shuford, jr.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.
