DAUGHTERS ARE ENJOYING A SQUABBLE

(By Associated Press.)
Dallas, Texas, Nov. 8.—Factional differences in two state divisions—Maryland and Florida—are reflected in decisions rendered by the president general, Mrs. Cordelia Powell Odenheimer, and made public today in her report to the United Daughters of the Confederacy.

Members of the Baltimore chapter have refused to recognize as Maryland state president a candidate who was given the office by virtue of a decision by the president general. An appeal has been taken from the decision and is expected to come before the convention later in the week.

The Gainesville, Florida, chapter has appealed from a decision of the president general revoking its chapter because it had refused to pay dues to the state organization with which it was at odds.

Among the president general's recommendations were the following: "That a chapter or division cannot have as a member of its advisory council or advisory board any one who is not a member of the United Daughters of the Confederacy."

"That honorary officers or honorary members cannot hold executive office or vote."

At the New Orleans convention a resolution was adopted calling on each division to appoint a committee to bring before their Congressman the matter of the cotton tax collected from 1862 to 1868 and request them to cooperate in passing a bill to return this money, approximately \$68,000,000, to southern states, these states to return the taxes to their legal owners or heirs. The president general reported that a number of bills had been introduced in the house making different disposal of the money but that only that offered by Senator Simmons in the senate accorded with the resolution.

"So far as I am personally able to judge," says Mrs. Odenheimer's report, "there seems little present probability of any portion of the sixty-eight millions being distributed in any shape whatever had only through concerted and persistent effort on the part of the daughters, the veterans and their sons can any results be expected. It is imperative necessary that agreement be arrived at covering the exact form of manner in which this distribution is desired by them."

Most of the bills introduced provide for distributing the money among Confederate veterans of their families.

The president general called attention to a bill introduced by Senator [redacted] appropriating \$5,000 for re-reading an old volume discovered in the archives of the war department containing the names and records of 27,000 Confederate soldiers who died in prison.

An appeal was made for cooperation in raising \$10,000 remaining to be collected for Arlington and Shiloh monuments and the window which the Daughters of the Confederacy are to place in the new Red Cross building in Washington to the women of the south.

DEMOCRATIC MAJORITY IS SECOND RECORDED

Believed That It Will Be 1,000 More Than Ever Before—Amendments It Seems, Will Carry

Rocky Mount, Nov. 8.—The second congressional district is safely Democratic with a handsome majority, the extent of which may not be determined until the census, though it is agreed that it is in excess of all previous majorities by at least 1,000 votes, and it is generally believed that Halifax, Edgecomb, Warren, Northampton and once may poll a 7,000 majority. The vote on the constitutional amendments lags much behind this, though it is believed that they will carry by a small majority.

In Nash county, in the fourth congressional district, there has been heavy balloting and approximately 2,800 votes have been cast with a Democratic majority safely in excess of 1,500. The amendments are in doubt in this county, though Democratic leaders declare a belief that they will carry by a small majority.

A. AND M. PLEASED WITH DEPARTURE OF PATTERSON
West Raleigh, Nov. 8.—The departure of former coach Patterson has instilled new life into the lowly Techs. The tactics of the former Washington and Jefferson star was all wrong. At Monday's practice every member of the squad was on hand, and judging from the spirit exhibited, A. and M. will put up a brave fight for the remainder of the season.

John Bray, a former Tech captain and star center, has assumed charge of the hopefuls, and he will be assisted by "Tal" Stafford and C. J. Hayden. A. and M. will battle Wake Forest for the second time this season on the 24th and 25th. The game will be played on Riddick field, where the accommodations for the seating of the spectators are excellent.
