LOST - ONE 34 BY FOUR WEED chain between Hickory and Granite. Return to J. M. Allred. 1 31 2t

TOO MUCH WATER USED IN WAR TIME

(By Associated Press.) London, Feb. 1.—The question, "Is the nation washing too much in war time?" is emphasized over one of the booths of the National Economic Exhibition here under the patronage of the Duke of Connaught. The booth aims to impress on the British housewife that every possible saving in laundry work is a step towards winning the war. "Men should wear soft collars," it is urged, "and women might wear warmer and more serviceable clothes in place of the delicate crepe de chine blouses which only retain their freshness for a day or two."

The reasons for economy in laundry work are two-fold, according to the promoters of the exhibition. First, laundry work calls for valuable labor which might be more usefully employed. Second, washing involves the expenditure of money, fuel, time and soap—all of the highest importance in war time. "The society woman is the worst offender in the matter of laundry bills," says the Exhibition's appeal. "Her maids wear unnecessary aprons and caps in the afternoon, and starched frocks in the mornings. A good overall in a dark color is the proper thing. Thousands of women waste the nation's time, money, fuel and labor in starched frilly clothes for their children."

MEXICANS PURCHASE SUPPLIES IN JAPAN

(By Associated Press) Tokyo, Feb. 1.—Considerable interest has been caused in Japan by the arrival and activities of three Mexicans, who represent the government of General Carranza, and who are said to be making extensive purchases in behalf of their country. According to the information at Tokio the prospective purchases include munitions of war—ammunition, rifles, and artillery—and a steamship, in addition to machinery for agriculture and industrial purposes. The Mexican agents, who are in charge of Colonel Caripo, are reported to have succeeded in their quest by the entente allies. The legation it had been understood that they were negotiating for the freight steamer Kotohira Maru, a vessel of some 3,000 tons, and the announcement that this steamer cleared from Yokohama January 2, with its declared destination as Salina Cruz, Mexico, was accepted in some quarters as proof that the negotiations were successful. The manifest gave the cargo as general merchandise and machinery, but the report was current at Tokio that the vessel had on board a number of rifles, estimated at 25,000 consigned to the Carranza government. This report could not be confirmed here. In response to inquiries by the Associated Press the Mexican legation at Tokio denied that the Kotohira Maru carried any rifles. The legation admitted that the steamer had sailed from Mexico but said her cargo was confined to general merchandise and machinery, consigned to a company in Mexico. The legation added that Mexico had been seeking rifles but had been unsuccessful, as all the available weapons had been purchased by the entente allies. The legation confirmed the departure of the Kotohira Maru, saying it was under charter to a Japanese firm. It is believed here that the Mexican government recently opened a credit in Japan of \$1,000,000 for the transportation of general supplies. During the presidency of General Huerta the government of Mexico opened negotiations with Japanese firms for the purchase of rifles and ammunition, depositing some 3,000,000 yen for that purpose in the country. About 12,000 rifles, modeled after the Spanish infantry weapon, were actually delivered to the Huerta government, but before other consignments were possible the European war broke out. This interfered with the delivery of further orders to Mexico. Some 60,000 rifles originally intended for that country were sold to Russia and France and the weapons that went to Russia are now being used by the Russian troops on duty in northern Manchuria.

STRIKE LEGISLATION IS URGED BY COMMITTEE Washington, Feb. 1.—Immediate passage by congress of legislation to prevent railroad strikes and lock-outs was urged in a report by the railroad committee of the chamber of commerce of the United States. The report and an announcement of endorsement by the chambers members of anti-strike measures and of public representation in settlement of labor disputes were features of the first day's session of the chamber's fifth annual convention. President Wilson's suggestion for legislation postponing interruption to railroad service until after investigation, the committee declared should be supplemented by measures provided that on any board of investigation or arbitration the public should have a majority representation and creating an interstate commerce commission bureau to compile railroad labor statistics. Need of such a bureau, the report said, was demonstrated by an eighty million dollar difference in estimates of the amount of money required to grant increased wages last year. Two sets of revolving rings instead of one features a new double egg beater of twice the ordinary capacity. Plates have been invented that can be chained to automobile wheels to give them purchase in sand or mud.

MISS JEANNETTE KLING WELL KNOWN READER

Miss Jeannette Kling, who comes to the Hub Friday night under the auspices of the Hickory high school seniors, is not without fame in the United States, as the following will show: The most notable fact about Miss Kling's play recitals, is that her manner of reciting and entire play is unique and differs entirely from that of any other reader of the day. Each scene, such exit and entrance, is given so accurately, each character is portrayed so vividly, that the persons become living, moving realities, and the entire production a vivid bit of life which invariably creates the impression that one is actually seeing the play. Jeannette Kling is recognized as one of America's most brilliant and successful readers. Her success is due no less to her popularity than to her ability. Critics and press unite in conceding her all the qualities requisite for the artist—talent, grace, beauty, an originality that is refreshing and a versatility that is remarkable. Thus, nature, training and experience make her capable of swaying an audience. Miss Kling's engagements have taken her repeatedly from coast to coast, and from lakes to gulf, and no greater proofs of her artistic worth can be had than her record of being engaged to appear again, and again, giving as many as twelve recitals in one city. The following are a few of the many cities in which she has appeared from two to twelve times: San Francisco, Philadelphia, Pittsburg, Cincinnati, Chicago, St. Louis, Detroit, St. Petersburg, Florida, Lexington, Ky., Valdosta, Ga., Montgomery, Ala., Memphis, Tenn. This list might be extended almost indefinitely. Miss Kling has given five entire programs at the greatest chautauqua in the country—Chautauqua, N. Y. Mr. A. E. Bestor, one of the directors, wrote to her: "It is a rule of the institute that its officers shall not write endorsements for persons who appear on their platform, but I am glad to say that on every hand I heard expressions of approval and appreciation of the programs which you gave." Miss Kling is an official representative of the Drama League of America, and gives a talk gratis on the league and its work, wherever time and opportunity permit.

SOLOMON HOYLE

Solomon Hoyle was a son of John Hoyland wife. John Hoyle married Margaret Costner. She was a daughter of pioneer Adam Costner. He first came to America and to the south from Germany. Solomon Hoyle was born in 1788, in Lincoln county, and married Annie Summey, who was a daughter of Frederick Summey and wife. The children of Solomon Hoyle and wife were: Eliza, married Aaron Robinson; Emeline, married Henry Whitener; Elizabeth, married Lawson Hill; Philip, married Ellen Smith; Jacob, Daniel Rhyne, Sarah Catharine, married Daniel Rhyne. The children of Henry Whitener and Emeline Hoyle Whitener were: Sue, married EJ Rhyne; Leroy, married Mattie Shuford; Peter Wilfong, married Kate Shuford. Peter Wilfong Whitener lived in Catawba county where he raised a family. Shuford Whitener, the present Mayor of Hickory is a son of Peter W. Whitener and wife. Shuford Whitener, wife and children all ways have old time hospitality for the writer when he comes to Hickory. The writer wishes to inform them that he expects to be in Hickory some time in March. He knows they will be ready for him. Mr. Leroy Whitener and wife are buried at Hickory. The writer boarded with them for some time when he was pastor of the Reformed church at Grace in the summer of 1874 and was pastor of the church four years. As far as the writer remembers he never paid them his board bill. As they are both dead and gone to a better world this board bill will never come up again. J. H. SHUFORD.

CASTING STONES AT ABSENT VENIZELOS

(By Associated Press) Athens, Feb. 1.—A crowd of about 20,000 persons recently witnessed the ancient ceremony of "Casting the stone of anathema" at the absent Venizelos. The ceremony was organized and conducted by the famous Pan-Hellenic Reservists League, which under the brief title "Reverists" has won much notice since the king and Venizelos have been wrangling over the internal and external affairs of Greece. The cabinet is said to have been strongly opposed to the revival of the obsolete custom of "anathema" in the case of Venizelos, and the opponents of the rite asserted in the newspapers that "only harm can result to the King's cause from this uncouth piece of political savagery owing to the painful impression which it will produce upon the civilized world." But the Reservists would not hear of the abandonment of the idea, and insisted not only on the civil and military, but also on the ecclesiastical authorities attending the ceremony. It is stated that the Metropolitan, who is the Archbishop of Athens, was reluctant to participate, but he finally yielded, and in the end the whole Synod of the Church of Greece not only attended, but actually participated in the stone-throwing. The Reservists also sent notices to all the shops and offices in Athens requiring the proprietors to close them and attend the anathema with their families and employes, each person being required also to bring his stone. The Metropolitan cast the first stone, accompanying it with the statement: "This stone of anathema is cast against M. Venizelos for having plotted against the king and imprisoned bishops of the church." The latter phrase was a reference to the Archbishop of Drama, who was arrested by the Saloniki revolutionists and sent to Mount Athos.

NEW YORK PORT SEALED FOR MYSTERIOUS REASON

New York, Feb. 1.—Orders were issued last night to the torpedo boat stationed at Quarantine to preserve neutrality, not to permit any vessel, either neutral or flying the flag of one of the belligerents, to pass out last night. Commander Upham, aide to Admiral Usher, commandant of the New York Navy Yard, declined last night to comment in any way upon the order. The order applied not only to steamships but to tugboats. Several early in the evening before the order was issued were compelled to return to port. The purpose of the order was not disclosed. It was learned late last night that the order closing the port of New York was issued by Dudley Field Malone, collector of the port, in whom is vested absolute authority and sole responsibility for the maintenance of the neutrality of this port. Even Naval officers are under orders to take instructions from Mr. Malone in all matters affecting the neutrality of New York. Under his orders, the port was sealed tight during the night. Every exit was closed. What caused the collector to take this action could not be learned. Apparently there was no basis for the supposition that one of the German liners laid at Hoboken might be prepared to dash to sea. It was learned, however, that the deputy collector of the port, Mr. Lamb, had a conference on the Hamburg-American dock with Chief of Police Hay of Hoboken, and representatives of the German Steamship Company. There were no signs of unusual activity on any of the interned vessels.

Lax-Fos, A Mild, Effective Laxative & Liver Tonic Does Not Grip or Disturb the Stomach. In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not grip nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

IF WE ONLY COULD RESIST. by F. R. Paul

FRENCH SOLDIERS BUSY WITH GARDENS

(By Associated Press.) French Front, Feb. 1.—Like the stage-driver who spent his monthly day off in riding on an omnibus, the French soldier when released for a short repose from digging and guarding trenches passes most of his time digging and hoeing truck gardens. All along the French front, around the depots and the cantonments and even about the dugouts, the Associated Press correspondent has seen admirably laid out truck-gardens. At the beginning of the new year there were 6,622 of these plots under cultivation by French soldiers, and the

produce of these plots for the past year is valued by the army authorities at 13,000,000 francs at wholesale prices.

Nearly everywhere good results have been obtained and passing through the country parallel with the trenches the correspondent saw on all sides well-tended and flourishing beds of cabbages, Brussels sprouts, lettuce, leeks and other green stuff. Not only, however, are vegetables of all kinds grown by the men, but in some cases the soldiers have initiated small breeding establishments for the raising of domestic animals, and often while shells are whistling overhead the chorus is joined by squealing hogs and cackling hens, geese and ducks in the styres and runs erected by the soldiers.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 50c.

HELPFUL HAIR HINTS.

Worthy the Attention of Everyone Who Would Avoid Dandruff, Itching Scalp, Gray Hairs and Baldness. "What will stop my hair coming out?" Reply: Parisian Sage is the best remedy for hair and scalp trouble; said to prevent baldness, grayness and dandruff. "Before going to bed, I always rub a little Parisian Sage into my scalp," says a woman whose luxurious, soft and fluffy hair is greatly admired. This stops itching scalp, keeps the hair from falling out and makes it easy to dress attractively. Beautiful soft, glossy, healthy hair for those who use Parisian Sage. You can get a bottle of this inexpensive French hair dressing from all druggists everywhere, with a guaranteed satisfaction or money refunded. adv
