NO GUESS WORK In Our Horse Shoeing.

The shoe put on by guess is never satisfactory--Your horse stumbles, or he calks himself, or he is lamed, or the foot is misshaped. Correct horse shoeing calls for a thorough knowledge of the foot and how to treat it. We have the knowledge. When we shoe your horse his feet are comfortable and he's always ready for service. Your custom is solicited with a guarantee to please--Three experienced shoers.

THEN AND NOW
When the Greensboro News was agitated over the British blockade, and when no German merchant ships were leaving home ports or neutral ports, the News advised the United States government to convoy American ships to German ports; but when Germany declares a paper blockade of British and French ports, and when British and French ships by the thousands run that "blockade," the News advises the American government to keep its ships in port. Had the American government followed the advice of the Greensboro paper in the first instance, it would have meant war without a doubt; at the same time depriving Americans of lawful markets. Germany cannot wage cruiser warfare, cannot blockade any ports, and yet the News believes we ought to recognize murder as right and proper. Very much depends sometimes on whose ox is gored.

Mrs. A. A. Shuford, Sr., left Sunday for Henderson where she will spend some time with her daughter, Mrs. R. G. S. Davis.
The Woman's Club will meet at the Chamber of Commerce Friday afternoon at 3 o'clock.
