Hotel Proprietor Given Up By Doctors.

"In a conversation with a representative of your company today, I could not help expressing my feeling of gratitude at the good your medicine had done for me. For three long years I suffered untold agony which whay they said was a severe case of Rheumatism. After the best doctors had exhausted their knowledge in regard to my case, I consulted an Osteopath and after an examination he said the hip joint had become irritated and it would take a long time to cure it, if it could be cured at all. I felt so discouraged over my condition, for I had spent hundreds of dollars in the vain pursuit of ease for my suffering was terrible. Hearing of the good effects that Mrs. Joe Person's Remedy had on others, I decided to try it. I bought a dozen bottles, thinking that if I took it at all, I would go at it right. And wonderful, yes it is wonderful, the cure it made of me, as my friends can testify. I began to improve on the first bottle and by the time I had finished the course I was a well, strong man and have had no symptoms of the disease since.

I would feel that I had neglected my duty to my fellowmen, if I did not tell them of my wonderful cure and I advise any sufferer to give Mrs. Joe Person's Remedy a trial.
